CU Boulder - 2014 Official Building Master List

Updated July 1, 2014

Building Definition: The criteria used to add buildings to the Official Building Master List are based on the guidelines found in the Post Secondary Education Facilities Inventory and Classification Manual. The guidelines read as follows (all four must be met in order to be included in the inventory). 1. They are attached to a foundation. 2. They are roofed. 3. They are serviced by a utility, exclusive of lighting, and 4. They are a source of significant maintenance and repair activities.
