July 2012

Application
Either Volunteer or Intern Position

Community Health
A Division of Wardenburg Health Center

Our program's goal is to promote student wellness by providing education and support around the health issues that impact students here on our campus. We strive to create an understanding of the social determinants that impact public health.

Name: **Student ID:**

Phone: **E-Mail Address:**

Local Address:

Important dates:

- Application due: **Friday, September 14** to Kathryn Dailey in UMC 411
- Training is scheduled: **Friday, September 21, 5-8pm and Saturday, Sept 22 9-5pm**. This training is mandatory, so in applying you are stating that you are able to attend all of training.

Availability for essential commitments:

- Will you be on campus for the 2012-2013 school year?
- Will you be available for Monday evening (5-6:30) meetings?
- How many credits will you be taking in the fall and spring of next year?
- What is your expected date of graduation?
- What other activities will you be involved in during the school year?
- Student **volunteers** are expected to attend training, weekly meetings, and 10 hours of additional service to include 2 Havens and staffing an event. This will total about **25** hours of total volunteer time per semester.
- Student **interns** are expected to attend training, weekly meetings and complete an additional 5-7 hours per week for a total of **60** hours per semester.
- Are you applying to be an intern, volunteer, or are you unsure?

5. Please answer the following questions

- How would volunteering or interning with Community Health fit with your personal, academic, and career goals?

From your experience as a student:

- What do you think are the top 3 risk factors that influence health among your peers?

- What do you think are the top 3 factors that promote resilience regarding health among your peers?

Please discuss:

- What do you hope to get from working with Community Health?

- What qualities do you possess that will contribute to the program?

- Would this internship or volunteer position help you fulfill a degree-seeking requirement?

- Would this position with Community Health help you fulfill volunteer hours for another program?

Supporting materials:

- **Resume**. Please attach a resume. Include paid work experience, group activities, volunteer experience, hobbies, sports and other training or experience that would apply to your intern role with Community Health.

Information:

- **Background Check:** Because Community Health interns work in a health care setting and may have access to some patient information, awareness of the requirements of patient confidentiality and a high standard of integrity are required. Wardenburg Health Center reserves the right to require a background check at any time. A conviction does not automatically disqualify an applicant from work with our program.

- **Accommodations:** Pease inform us of any accommodations you would need in order to participate fully in the program.

4. **Related skills, expectations, competencies and content area knowledge:** Please indicate whether you already possess the knowledge or skills indicated below, or these are areas to develop:

Content areas our program covers:
