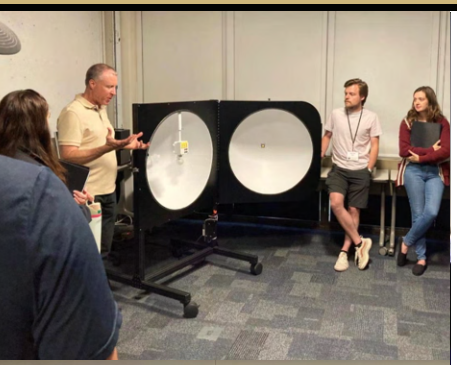
University of Colorado **Boulder**

ROCKY MOUNTAIN LIGHTING ACADEMY SHORT COURSE

BUILD YOUR SKILLS IN FOUR DAYS

Sharpen your skills in the fast-changing industry of lighting with a four-day intensive experience on campus at CU

CHOOSE FROM TWO SPECIALIZATIONS:



TECHNICAL TRACK

The technical track provides a solid theoretical background in vision, color, photometry, optics and lighting technology

DESIGN TRACK

The design track is tailored to provide background knowledge and hands-on experiences for solving practical lighting design problems.
