

In 1995, the year Superfund's polluter pays fees expired, taxpayers paid for only 18% of the Superfund program, or \$300 million. Next year, American taxpayers will pay between \$1.1 and \$1.265 billion for the program, an increase of between 263% and 317%. The following chart shows how much each state paid in 1995 compared to what they will pay next year.
