Research Interests and Expertise:

Fishing people, cultures, and communities; fishing industry; fisheries management; fisheries policy; climatic and environmental change; marine policy; environmental policy.

Education:

Postdoctoral Fellowship (1978-79)	Marine Policy and Ocean Management Program Woods Hole Oceanographic Institution Woods Hole, Massachusetts
PHD (1973)	Social and Cultural Anthropology The University of Texas, Austin, Texas
MBA (1965)	Operations Research The University of Texas, Austin, Texas
BBA (1964)	Industrial Engineering The University of Texas, Austin, Texas

Honors and Awards:

- 2001-02 Sewall Teaching Fellow, Sewall Residential Academic Program. University of Colorado, Boulder, Colorado.
- 1999 Excellence in Service Award, Boulder Faculty Assembly, University of Colorado, Boulder, Colorado.
- 1994, 1997 and 1999 Distinguished Visiting Scholar, Universidade do Algarve, Faro, Portugal.
- 1992 Dean's Writing Award in the Social Sciences, for book published in 1990, College of Arts and Sciences, University of Colorado, Boulder, Colorado.
- 1991 Excellence in Teaching Award, Boulder Faculty Assembly (The Burlington Northern Foundation Faculty Achievement Award, which is the University of Colorado Boulder campus's highest teaching-recognition award).

Publications:

Sponsored Research:

- 2003-04 “Yupik Eskimo fishers’ Adaptations to Climatic Variability, Climate Change, and other changing Environmental Conditions.” Principal Investigator, Faculty Fellowship, The Graduate School, University of Colorado-Boulder. Project funded for 07/01/03 through 06/30/04. Funding supports continuation of my regular salary through this year: approximately \$80,000.
- 2003-04 “Yupik Eskimo fishers’ Adaptations to Climatic Variability, Climate Change, and other changing Environmental Conditions.” Principal Investigator, Grant-in-Aid, The Graduate School, University of Colorado-Boulder. Project funded for 07/01/03 through 06/30/04. Total funding \$5,500.
- 2002 “Integrating Fishers’ Knowledge into Fisheries Science and Management: Possibilities, Prospects, and Problems” (co-principal investigator). Funded by Forest Renewal of British Columbia Research Project: Forest for the Future – Integrating Local Ecological Knowledge with Natural Resources (grant no. PAR02002-23), The University of British Columbia, Canada. Total funding \$1,135.98.
- 2001 "Linkages between Climatic and Environmental Variability and Adaptive Strategies of Fishing People in Arctic and Sub-arctic Interior Alaska." Principal Investigator. Small Grants (seed grants), The Graduate School, University of Colorado-Boulder. Total funding \$600.00.
- 2001-03 “Seascapes and Landscapes: Linkages between Marine and Terrestrial Environments and Human Populations in the North Atlantic (Iceland Sector): A Contribution to the HARC Initiative” (co-principal investigator). Funded by National Science Foundation (NSF). Total award: \$407,000.

- 2001 Linkages between Climatic and Environmental Variability and Adaptive Strategies of Fishing People in Arctic and Sub-arctic Interior Alaska.” Small Grants. Council on Research and Creative Work, The Graduate School, University of Colorado-Boulder. Total award \$600.00.
- 2000 “Ethnohistorical Investigation of Contact and Early-Colonial South Sinaloa and North Nayarit States, Mexico.” Big 12 Fellowship supported by Associate Vice Chancellor for Diversity and Equity, University of Colorado, Boulder, Colorado.
- 1999- 00 “Do Tourists and Business Travelers Compel Improvements in Disaster Planning, Mitigation, and Assistance After Experiencing Severe Tropical Storms?” Quick Response Grant supported by National Science Foundation.
- 1998-00 “Understanding the Cultures of Fishing Communities: A Key to Fisheries Management and Food Security.” Project Co-coordinator and Technical Report Editor. Supported by Food and Agriculture Organization of the United Nations (FAO/UN).
- 1998-00 “Prospects and Problems Entailed in Integrating Fishers’ Ecological Knowledge into Contemporary Fisheries Science and Management.” Supported by Social Sciences Research Council of Canada and Memorial University of Newfoundland, St. John’s, Newfoundland.
- 1996-97 “Maintaining Diverse Economic Alternatives in Communities of Small-Scale-Fishers” (addressing social and economic impacts of ongoing moratorium on small-scale, community-based, Japanese whaling), jointly supported by International Whaling Commission, and Institute of Cetacean Research, Tokyo, Japan.
- 1996-97 “Exploring Culturally Appropriate Futures for Newfoundland’s Fisheries,” supported by a Faculty Fellowship, with a concurrent Grant-in-Aid from The Graduate School, University of Colorado, Boulder, Colorado.
- 1996 (Same as above) selected for a Fulbright Fellowship, but subsequently not awarded because the U.S. Congress had not approved the federal budget at the time the award had to be funded.

- 1994-96 “Assessment of Research and Applications on Natural Hazards” (co-investigator), supported by a grant from the National Science Foundation (NSF), administered by the Natural Hazards Research and Applications Information Center.
- 1995 “Cultural and Socioeconomic Aspects of Fisheries,” and “Culturally-based Conflicts in the Use of Living Marine Resources, and Suggestions for Resolving or Mitigating Such Conflicts,” supported by Food and Agriculture Organization of the United Nations (FAO/UN).
- 1993-95 “An Artificial Intelligence Aid for Crew Assessment and Mission Management, Phase 2” (co-investigator), supported by National Aeronautics and Space Administration (NASA).
- 1992-93 “Assessing the Impact of Hurricane Andrew in South Florida’s Fisheries,” funded by the National Science foundation (NSF).
- 1991 “Implementation of Multicultural Perspectives and Approaches in Research and Teaching,” supported by Vice Chancellor for Academic Affairs, University of Colorado, Boulder.
- 1989-90 “Human Responses to the Periodic Decimation of Oyster Resources in a Pacific Mexican Fishery,” supported by National Center for Atmospheric Research (NCAR), with joint support from the Environmental Protection Agency (EPA), National Marine Fisheries Service (NMFS), and National Science Foundation (NSF).
- 1989 “Fisheries management: strategies and dilemmas,” supported by the Kernforschungsanlage (Nuclear Energy and Theoretical Physics Institute), Julich, West Germany.
- 1988 “Ethnosemantic analysis as a component of fishery project evaluation,” supported by International Center for Marine Resources Development, The University of Rhode Island, Kingston, Rhode Island.
- 1985 “Guidelines on the format, content, and methods for the preparation and/or analysis of comparative case studies of fishermen’s organizations,” supported by Food and Agriculture Organization of the United Nations (FAO/UN).
- 1984 “Study of the social, economic, and cultural aspects of the fishing industry in St. Lucia,” supported by Food and Agriculture Organization of the United Nations (FAO/UN).

- 1983 “Some Examples of Self-Regulatory Mechanisms in Unmanaged Fisheries,” supported by “Expert Consultation on the Regulation of Fishing Effort (Fishing Mortality,” part of The World Conference on Fisheries Management and Development, Food and Agriculture Organization of the United Nations (FAO/UN).
- 1982 “Guidelines on methods of participatory planning and operations for FAO small-scale fisheries field projects,” supported by “World Conference on Agrarian Reform and Rural Development,” Food and Agriculture Organization of the United Nations (FAO/UN).
- 1982 “Socio-cultural impact of petroleum development in coastal zones,” supported by Marine Policy and Ocean Management Program, Woods Hole Oceanographic Institution, Woods Hole, Massachusetts, with joint support from the Pew Memorial Trust, and the National Oceanographic and Atmospheric Administration (NOAA: Office of Sea Grant).
- 1981 “Social and Economic Impact Assessment of Petroleum Development in Mexico’s Gulf of Campeche Region,” supported by Grants-in-Aid Program, University of Colorado, Boulder.
- 1979 “Aquaculture Development for Lesser Developed Countries,” supported by Woods Hole Oceanographic Institution under a grant from the International Federation of Institutes for Advanced Studies (formerly part of the Nobel Foundation).
- 1978-79 Postdoctoral Fellowship, fisheries development and management policies in lesser developed countries, supported by Marine Policy and Ocean Management Program, Woods Hole Oceanographic Institution, Woods Hole, Massachusetts, with joint support from a Pew Memorial Trust, and the National Oceanographic and Atmospheric Administration (NOAA: Office of Sea Grant).
- 1974 “Fisheries Development and Rural Marginalization in Pacific Mexico,” supported by The Grants-in-Aid Program, University of Colorado, Boulder, Colorado.
- 1971-72 “Formal Optimization Models, Economic Development, and Fisheries,” supported by E D. Farmer International Fellowships, administered by Institute for Latin American Studies, the University of Texas, Austin, Texas.

- 1968-71 Fellowship in “Patterns of Adaptation to Development,” supported by National Institutes for Mental Health (NIMH).
- 1967 Research Assistant, “Mathematical Programming and Economic Anthropology,” supported by the “Comparative Econometrics Project,” Group Psychology Branch, Office of Naval Research (ONR). Professor Ira R. Buchler, Supervisor and Principal Investigator, Department of Anthropology, The University of Texas, Austin, Texas.

Administrative Experience, Service to University Administrations, and Other Service

(* denotes significant service)

- 2007 BFA Service Award Committee.
- 2007 Career Merit Committee, Department of Anthropology, University of Colorado, Boulder, Colorado.
- 2006-07 Salary Advisory Committee, Department of Anthropology, University of Colorado, Boulder Colorado.
- *2005-06 Dean’s Personnel Advisory Committee, Leeds School of Business.
- 2005-ongoing Core Faculty (by election), Department of Environmental Studies.
- *2005-06 Director and Coordinator, Faculty Workshop Series, Business and Society Program, Leeds School of Business.
- 2005-06 Member, Sewall Residence Academic Program Faculty Advisory Committee.
- 2003-ongoing Faculty Liaison, representing CU-Boulder, to Sea Education Association (SEA), Woods Hole, Massachusetts.
- 2003-ongoing Research Affiliate, Institute of Arctic and Alpine Research (INSTAAR), beginning May 1, 2003, appointed for a 5 year term.
- 2003-06 Participating Faculty Member, Center of the American West, University of Colorado at Boulder.
- 2003-06 Member, Human Ecology Group, Institute of Arctic and Alpine Research (INSTAAR).

- *2002-03 Associate Chair, Department of Anthropology
- *2001- Co-editor, Editorial Board, for the journal Maritime Studies (MAST). This journal is published at University of Amsterdam, The Netherlands. I was a Charter Member of the Editorial Board of the original journal, and am also a charter member of the Editorial Board of this renamed journal beginning 2001.
- 2001 Vice Chancellor for Student Affairs Honor Code Committee
