Part I INTRODUCTION TO ECONOMICS (1/23 - 2/27)
Chapters 1, 2, 3, 4, 5 (pp. 94-100), 11, 12 (pp. 259-273),
15 (pp.324-330), 18, and 19.

Part II MACROECONOMIC ANALYSIS (2/29 - 4/9)
Chapters 20, 21, 22, 26, 27, 28, 25, and 23.

Part III MACROECONOMIC POLICY AND INTERNATIONAL ECONOMICS (4/11 - 5/14)
Chapters 29, 30, 31, 32, 24, 33, 34, and 35.

Course requirements: Exam over Part I 2/27
Exam over Part II 4/9
Exam over Part III 5/14 (3:30 - 4:20)

The exams will be mostly multiple choice questions with some short answers and work
problems. The three exams, which are equally weighted, will determine your grade for the
course. However, your grade may be raised, though not lowered, by a positive evaluation
of your performance in class, especially in the tutorials.

If you miss the first and/ or second exam you must take a comprehensive final over the
material covered in the first two thirds of the course. It will be administered on Wed-
nesday, the 14th of May, from 4:30 to 6:10. Also, if you do poorly on either or both
of these exams you may choose to take the make-up. The higher grade will be counted.
Plan now for the third and final exam period on May 14th from 3:30 to 6:30. This is the
only time at which attendance is absolutely mandatory.

Tutorials: You will be assigned one extra hour per week (free of charge!) in which
one of the teaching assistants will review the lectures and text materials covered in
the previous week. Attendance is highly recommended. Materials reviewed in tutorials
obviously have a higher probability of showing up on an exam.
