RECITATION: Recitations are an integral part of the course. You should have enrolled in one when you enrolled in the course. If you have not done so, you must make arrangements with the appropriate TA. Attendance in recitation is required and is one of the factors upon which your recitation grade will be based. Quizzes will be another factor as will any homework exercises that are given.

EXAMS: There will be two midterms and a comprehensive final. The tentative dates for the midterms are Thursday October 10 and Tuesday November 12. Any changes of these dates will be announced in lecture (at which time YOU become responsible for knowing the changes). There will be no early, late, or make-up exams given. Missed exams will receive a grade of zero.

GRADING: There will be a total of 800 points possible in this course, distributed as follows:

<table>
<thead>
<tr>
<th>Component</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Recitation</td>
<td>200 pts.</td>
</tr>
<tr>
<td>1st midterm</td>
<td>100 pts.</td>
</tr>
<tr>
<td>2nd midterm</td>
<td>100 pts.</td>
</tr>
<tr>
<td>Final</td>
<td>400 pts.</td>
</tr>
</tbody>
</table>

If your performance on the final is better than your performance on the midterms (taken as a pair), then your final exam grade will be multiplied by 1.5 (your final will then be worth 600 pts.) and your midterms will be disregarded. The minimum requirements for each grade range are:

- A: 90% or 720 pts.
- B: 80% or 640 pts.
- C: 70% or 560 pts.
- D: 60% or 480 pts.

Plusses and minusses will also be used for grades that are in the top 12 pts. and bottom 12 pts., respectively, of all grade ranges except A and F. I reserve the right to make small upward adjustments in the grade of anyone if I feel the numbers don't accurately represent his or her performance. The grades of F+ and F- will not be used. The grade of A- will only be used in the case of an upward adjustment from a B+.
