This course will deal with the main problems and issues in economic development. Some topics will be dealt with in more detail than others. Among them: banking and development, DC’s trade strategies and the international debt problem.

**MAIN TEXT:**

**RESERVE:**

I will be leaving some material on reserve. The class will be informed when that is done.

You are encouraged to read the New York Times and/or the Wall Street Journal regularly. **Required** readings will be available at Kinko’s as soon as the copyright authorization is cleared.

NOTE: This outline is tentative at this stage. In all likelihood we will be covering the following chapters: 1, 2, 3, 5, 6, 7, 11, 12, 13, 14, 15, 16, 17, 18, not necessarily in that order.

OUTLINE

Part I: Theory and Measurement in Economic Development

Part II: Population and Development

Part III: The Financial System

Part IV: Trade Strategies and International Debt
