ECON 1078-3

Mathematical Tools for Economists - I

Fall 1995

Prof. Mark Cronshaw
(303) 492-6310

MWF 1:00 - 1:50 p.m.
Classroom: ECON 13

Why take it?

Learn (or brush up on) algebra, graphs, functions, probability for use in economics classes.
Award winning professor
Many economic examples
Fun software
Explore your own project

Topics:

Algebra
Equations, functions, graphs
Math of finance
Probability

Satisfies:
Arts & Sciences Core Curriculum ORMS requirement
ECON 3070, 3080, 3808 (intermediate micro/macro, math econ) prerequisites

Who should take it?

Freshmen considering economics or other social science as a major.
