
Xiaodong Liu, Assistant Professor

Ph.D., Ohio State University, 2007

FIELDS

Econometrics · Industrial Organization

CURRENT RESEARCH INTERESTS

Estimation of social and spatial interaction models; Structural estimation of games

SELECTED PUBLICATIONS AND WRITINGS

“Dynamic Discrete Choice Models with Lagged Social Interactions: with an Application to a Signaling Game Experiment” (with Lung-fei Lee and John H. Kagel), 2006.

“Nonparametric Estimation of Large Auctions with Risk Averse Bidders”, 2006.

“Improved Efficient Quasi Maximum Likelihood Estimator of Spatial Autoregressive Models” (with Lung-fei Lee and Christopher R. Bollinger), 2006.

“Efficient GMM Estimation of High Order Spatial Autoregressive Models” (with Lung-fei Lee), 2006.

“Efficient GMM Estimation of a Spatial Autoregressive Model with Autoregressive Disturbances” (with Lung-fei Lee), 2006.
