

Undergraduate Creative Writing Application for Instructor Consent

Undergraduate Creative Writing Applications for Instructor Consent are no longer being accepted for Fall 2008.

If space is available in a section you are interested in, please attend the first class meeting with a fiction or poetry sample. The instructor can review your work at that time and elect either to accept or decline your enrollment, depending on space availability. It is to the instructor's discretion to allow your enrollment, regardless of the amount of space available.

If you are accepted into the class, please bring a signed authorization from the instructor stating your name, student ID, course and section, and instructor signature to Hellems 111. You will be enrolled, depending on space availability, at that time.

Please call Kat Scheible at 303-492-6434 with any questions.

Thank you!
