

Boulder Faculty Assembly
Motion on Grievance Procedures
BFA-M-040507

The BFA Faculty Affairs Committee presents the following motion for adoption by the Boulder Faculty Assembly:

Whereas each campus of the University of Colorado System has a unique mission as defined by the State of Colorado; and

Whereas the academic standards developed at each campus must reflect that unique mission to ensure its implementation; and

Whereas any faculty grievance (or Privilege and Tenure) process must reflect the mission and standards of the campus on which it is in effect to guarantee effective application; and

Whereas the Boulder Faculty Assembly has proposed an appropriate faculty grievance procedure that is consistent with the University System's efforts to streamline and better define the faculty grievance process in order to provide expeditious due process; and

Whereas the BFA would like to continue to better define the faculty grievance process;

Therefore be it resolved that the faculty grievances arising at the University of Colorado at Boulder shall be resolved through the procedures developed by the Boulder Faculty Assembly; and

Be it further resolved that the Boulder Faculty Assembly requests the UCB Chancellor take the necessary steps to bring this action about.
