

TIMOTHY R. GARFIELD

EDUCATION:

1985, B.A Geology, University of Colorado, Boulder;
1990, M.S. Geology, University of Colorado, Boulder
Reservoir geology of the Upper Phosphoria Formation (Permian), Little Sand Draw Fields, Big Horn Basin, Wyoming.

EARLY PROFESSIONAL EXPERIENCE:

1981-1982, Well-site geologist; Continental Laboratories, Oklahoma City, Oklahoma
1983-1984, Staff Geologist; Gallagher R&D Co., Lakewood, Colorado
1984-1990, Research Geologist, Project Manager; RPI International Inc., Boulder, Co

EXXONMOBIL CAREER EXPERIENCE:

1990-1995, Exxon Production Research Company. Research focus on seismic stratigraphy and facies analysis of deep-water reservoirs. Led regional research collaborative projects focused on exploration for deep-water reservoirs in the North Sea, offshore Nigeria and Angola

1995-1998, Group Leader, Exxon Production Research Company, Deep-Water Reservoirs Group. Led research group and regional research collaborative projects focused on exploration for deep-water reservoirs in the North Sea, offshore Nigeria and Angola

1998-2000, Supervisor, Exxon Exploration Company, Critical Technology, Integrated Reservoir Interpretation Core Group. Managed Geologic Modeling and Stratigraphy service groups.

2000-2002, Stratigraphy Skill Area Advisor, ExxonMobil Exploration Company. Supported stratigraphy technical standards, training and career development

2002-2005, Project Technical Advisor, Africa ExxonMobil Exploration Company. Supported deep-water Exploration and Development Projects.

2005 to present, Geoscience Technical Coordinator, ExxonMobil Production Company North and South America. Technical support for fields in a wide variety of geologic and operational settings.
