

A Recommendation is a letter from a former sorority member (alumna) written to introduce a Potential Member to the local chapter. **Letters of Recommendation are not required to go through recruitment at CU.** Each national sorority has its own guidelines and often its own recommendation forms that its alumna members must use. The CU Panhellenic Association does not provide these forms. If an alumna is not familiar with her own sorority's regulations, she should contact her inter/national sorority. The information will probably be available in her inter/national magazine or on the sorority's website.

All Recommendation forms or letters should be sent directly from the alumna to the chapter house:
