Activity 4: “Heart Parts”  
Student Worksheet

Using the information in the handout, complete the pathway below showing the flow of blood through the heart. Write each of the following words in one of the squares below in the order that blood flows through the body. You can start in any square.

Right atrium  Vena cava  Tricuspid valve  Lungs  
Left atrium  Pulmonary artery  Pulmonary valve  Body  
Right ventricle  Pulmonary vein  Mitral valve  
Left ventricle  Aorta  Aortic valve
