9:15 Presentations by Provost Stein Sture and Deans  
10:00 How I<sup>3</sup> can Support You  
10:30 STEM Education Poster Session  
12:00 Lunch and Discussion

The University of Colorado at Boulder is building a signature that integrates nationally leading efforts in STEM education.

Funded by the National Science Foundation and the University of Colorado, we are developing a national-scale institute for STEM Education. The Colorado effort links education programs on campus by focusing on three key strands:

- Transformation of undergraduate STEM education;
- Research on undergraduate STEM education;
- Preparation of future STEM teachers (K-20).

**Kindly RSVP for Lunch to 303-735-0458 or  
Jordan.Brown@colorado.edu  
by August 25<sup>th</sup>**
