

WOMEN AND GENDER STUDIES AND STUDY ABROAD

Study Abroad Programs

University of Colorado at Boulder

The Women and Gender Studies Program (WGST) at CU-Boulder encourages students to learn about gender issues across the world by studying abroad. In an effort to promote study abroad for WGST majors and minors, the department has reviewed programs that are strong in women and gender studies to facilitate degree planning so that your time abroad will help you progress in your degree program.

Facts about study abroad:

- Program costs range from less expensive to more expensive than the cost of studying in Boulder. Financial aid applies to CU-Boulder study abroad programs and several study abroad scholarship are available.
- Credit earned on at UCB study abroad program is in-residence and can apply to major and core (college) requirements.
- Course descriptions, program costs, applications, and brochures are all available on the Study Abroad Programs website: studyabroad.colorado.edu

Programs for Women and Gender Studies

CU-Boulder offers more than 200 study abroad programs, more than 50 of which offer courses in women and gender studies. Below is a select group that has been identified as good choices for WGST majors and minors. Each program listing includes a sample of courses from previous semesters and their equivalencies at CU-Boulder. *Please note that course offerings change frequently. Before you apply or after you have been accepted, be sure to print current course descriptions for your program and meet with your Women and Gender Studies advisor to be sure you are clear on how your courses abroad will apply to your Women and Gender Studies major or minor.*
