A&S First-Year Student IUT Checklist

_______ I verify that it is either my 1st or 2nd semester in college (at CU or at any previously attended college or university).

_______ I verify that it is before census (usually the third week of classes) of my 2nd college semester. Check with the Office of the Registrar for specific semester dates.

_______ I verify that I have a cumulative 2.0 or higher GPA in any completed CU coursework.

If you checked the above three boxes, then you are eligible to submit an application to transfer into A&S and be assigned an advisor in The Center for First-Year Students. YOU DO NOT NEED TO ATTEND A MAJOR MEETING.* Please print this form to submit with your IUT application.

If you cannot check the first two boxes, you will need to attend a major declaration meeting and turn in the major declaration form with your IUT application. To find available meeting times, log in to aac.colorado.edu. If you are not sure what to declare, you may contact an advisor in the Center for Students in Transition at SiTadvising@colorado.edu to discuss your options.

If you cannot check the third box, and you have completed any coursework at CU, you are not eligible to IUT to the college of A&S at this time. (If you have not yet completed any coursework at CU, you should automatically check the third box.) You may submit this form while waiting for grades to post, but if you are not accepted into A&S for this term you will no longer be eligible to complete the First-Year checklist and will need to attend a major meeting (see the paragraph above). Please work with the advisors in the Center for Students in Transition to explore your options and receive assistance in course selection. SiTadvising@colorado.edu.

*Note: Students who have more than 24 hours of AP/IB/transfer + completed hours are not eligible to IUT as Open Option/undeclared students. Please indicate a major on your IUT application.
