IT and Governance Overview Feedback & Action Items

- Include a report about ITS' program review on a future Faculty IT Advisory Group agenda (**Deb**)
- Create a listserv for the group (**Becky**) (**Done 3/3/2011**)
- iTunes U is in soft launch mode: <https://itunesu.colorado.edu/>

D2L Feedback & Action Items

- Set up D2L Communication/Feedback page on the Faculty IT Advisory Group's wiki (**Deb**)
- Pass along group feedback to project team (**Deb**) (**Done 3/2/2011**)

~ensure archived courses are migrated (might not be taught during the next 15 months)

~be careful not to overload faculty who are up for tenure in the next year with demands of migration

~get faculty to host local brown bag lunch sessions to highlight features of D2L

~ consider a "classic" version for change-averse faculty

Streaming Services

- Need a sub-committee/focus group next week to help understand use cases and shape upcoming streaming service
