LifeSkills Training Program
Teacher Feedback Survey

Dear LST facilitator,

Thank you for participating as an instructor in the LifeSkills Training project this year. You are a key player in an evaluation which looks at implementing a research-based program in the United States. Following is a feedback form to be submitted after the completion of the LST program with your students (after teaching the first round of students, if you are teaching LST in multiple sessions throughout the year).

This information is an important piece of our evaluation and will allow you to express your perception of the program and the successes and challenges you encountered during implementation. Please feel free to include as much information as you feel will be helpful in our assessment of the implementation process at your site.

It is very important to submit the form to us soon after implementation ends because our data are analyzed immediately after the school year has concluded for all sites. These reports are read by the technical assistance providers, to assess common problems that then may be addressed through technical assistance. The reports will provide feedback to your school district on how well LST has been implemented and may suggest areas of concern and methods for improvement.

You will receive a gift card in the amount of $20 as a small token of our appreciation for your time and effort in completing the LST Teacher Feedback form. This form should take about 10-15 minutes to complete. If you would like to submit the survey online, it may be found at: [URL not included]

Please be sure to include your name and address at the end of the survey. Your name needs to be listed only to ensure that your gift card is sent directly to you, and for purposes of following up with teachers who have not submitted feedback. No names will ever be associated with feedback data or used for any other purpose.

Thank you again for your participation and feedback.

Sincerely,

LST Staff
