

Waterless Condensers for Higher Boiling Solvents:

Water condenser

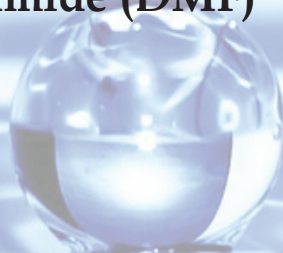

Waterless condenser

**No water
means
no floods!**

Great for most solvents,* such as:

- Acetone
- Tetrahydrofuran (THF)
- *N,N*-dimethylformamide (DMF)
- Water
- Acetonitrile

***Ineffective with
low boiling solvents**

**Contact CU Green Labs to be considered for
FREE waterless condensers!**
