The textbook is an integral part of the course. It helps the student learn the material and it also provides an easy reference to help GPTIs teach at the appropriate level. At its meetings on 14 November 2012 and 13 May 2013, the undergraduate curriculum committee decided that GPTIs, being relatively inexperienced, would benefit from guidance on textbooks when teaching core economic courses. Therefore GPTIs teaching Econ 3070: Intermediate Microeconomic Theory are required to use a textbook shown in the list below.

Robert Pindyck, and Daniel Rubinfeld: *Microeconomics*. Prentice Hall.

David Besanko and Ronald Braeutigam: *Microeconomics*. Wiley

Because faculty are more experienced, this restriction on appropriate textbooks does not apply to instructors or tenure-track faculty.
