UNIVERSITY OF COLORADO SERVICE

Until recently I served as Vice-Chair of the University Committee on Privilege and Tenure and Chair of Panel 1 on the Boulder campus. I was a member of Privilege and Tenure for 15/16 years. I have resumed as an external investigator. I served as hearing officer in two University dismissal cases. I am a faculty member for the Center for Research on Training. Previously I was faculty advisor to Kappa Delta Pi, the national honorary society for graduate students in Education. I served as Chair of the Educational Psychological Studies Program for several terms, as well as a member of numerous School of Education committees, including search groups.

A number of years ago I completed a six-year term as chair of the Faculty Senate Intercollegiate Athletic Committee, subsequently serving as ex-officio member for one year. This was the second time I served on and chaired this Committee. During this time I was also a member of the Steering Committee for the NCAA Certification of the University of Colorado Athletic Department, as well as a member of a University of Colorado committee investigating NCAA allegations. In addition, I have served on the University Institutional Research Review Board (Chair), the University Library Committee (twice, once as Chair), the University NCAA Compliance Committee, the University Space Management Committee, the Academic Program Committee for the Institute of Cognitive Science, and the University ROTC Advisory Committee.

Besides these committee assignments, I have conducted intensive training workshops for the Graduate Teacher Education Program on a regular basis, as well as providing written materials for their Handbook. My materials have been reprinted at a number of institutions for use in similar programs.

Professionally, I have served as Treasurer and President of the Board of the Boulder County Sheltered Workshop from 1977-1987, as well as member and Treasurer of the Board of Directors for Imagine! (formerly known as the Boulder County Developmental Disabilities Center) from 1993-2001, and 2002-2006.
