### Section 1: Content Requirements

The coursework requirements below reflect the content knowledge all candidates will be accountable for as secondary English teachers. **These requirements may be fulfilled with previously completed college-level coursework. To receive credit based upon previous coursework, the course must be:**

- Completed at a regionally accredited institution of higher education and for college-level credit.
- Completed with a grade of "C-" or better on a 4.0 scale. Pass/Fail credits will not be accepted unless documented on the institution's transcript that a "pass" is equivalent to "C-" or higher.
- Advanced Placement (AP) and International Baccalaureate (IB) credit may be accepted towards the requirements if the scores meet CU Boulder testing standards (see the CU Boulder course catalog online for score requirements).

It is *not* required that all content requirements be fulfilled before applying for admission, but all requirements must be completed *prior* to the student teaching semester. Applicants with significant deficiencies in the content requirements may not be adequately prepared to enter the program and may be asked to reapply. The School of Education evaluates each applicant's transcript(s) to determine which content requirements have already been fulfilled, and those that the applicant must still complete. All applicants will receive a copy of their checklist upon admission. For students that have deficiencies in the content requirements, recommendations for completing these courses "at CU" have been provided below.

**GPA Requirement:** Have *and* maintain a 2.75 cumulative GPA (on 4.0 scale)

\_\_\_\_\_ Cumulative (all institutions)  
 \_\_\_\_\_ In Content Coursework  
 \_\_\_\_\_ In Education (if applicable)

**Basic Skills Requirement:** Complete an appropriate college-level Math and Composition course with a "B-" or better. Acceptable scores on the ACT, SAT, GRE or Praxis I PPST exam will also satisfy the requirement.

**IMPORTANT NOTE:** The CU Boulder School of Education has revised its teacher education programs to meet new statutory requirements. These changes will include, but not be limited to, the ability of an incoming freshman undergraduate student to complete the graduation requirements in four academic years and the inclusion of 800 hours of field experience within the teacher education program. This program has been reauthorized by the Colorado Commission of Higher Education. **However, course requirements are subject to change at any time.**
