The Miramontes Scholarship Application will be available in the supplemental document section and must be uploaded to the application for review.

I have a question about the application – who do I contact?

We recommend starting with the Frequently Asked Questions section on the Graduate Admissions website, which offers assistance for each section of the application. For technical issues write to graduate.admissions@colorado.edu.

Transcripts

For review and decision purposes you are required to upload an unofficial copy of your transcript(s) in the online application. We require one copy of the scanned transcript from each undergraduate and graduate institution that you attended. This includes community colleges, summer sessions, and extension programs. While credits from one institution may appear on the transcript of a second institution, unofficial transcripts must be submitted from each institution, regardless of the length of attendance, and whether or not courses were completed. Failure to list and submit transcripts from all institutions previously attended is considered to be a violation of academic ethics and may result in the cancellation of your admission or dismissal from the university.
ONLY if you are recommended for admission will you need to provide official transcripts.

Instructions for Uploading Unofficial Transcripts to Your Application

Do I need to submit my University of Colorado Transcripts?
No. Your University of Colorado academic record can be accessed internally (from any campus attended). You will be contacted if there is an issue obtaining your CU record.

Personal Statement

The Personal Statement prompt will be provided in the online application. The statement must be uploaded into the online application prior to submission.

Three (3) Letters of Reference

Letters of reference should come from academic or professional sources.

Letters of reference may be submitted electronically. To do so, provide each recommender’s name and e-mail address in the Background Information section of the application. After submitting your application your recommenders will receive an automated e-mail asking them to submit their recommendation on your behalf.

IMPORTANT NOTE: Your recommenders will not receive an e-mail requesting their letter of reference until after you have submitted the application. You must submit the application before the deadline to allow your recommenders time to write their recommendation. We suggest submitting your application a minimum of two weeks in advance of the deadline for this reason.

My recommender did not receive the e-mail request – what can they do?
If a recommender does not receive the e-mail requesting their letter of reference, they may e-mail their letter as a Word (.doc) or PDF attachment to gradprocessing@colorado.edu.

Is there a form, or prompt, for the Letter of Reference?
No. Letters should speak in support of the applicant’s pursuit of a doctoral degree in education but there is no prescribed format.

Is it possible to submit a Letter of Reference by mail?
Yes. Although electronic submissions are preferred, paper letters may be mailed to the Graduate Admissions office. See Submitting Application Materials for address.

Application Fee $50

The nonrefundable application fee may be paid online by credit card, debit card, or electronic check when you submit your application. Do not select to submit your application unless you are absolutely ready to pay the application fee. If you select to submit the application but do not pay the application fee your application will go into an inactive status. Contact gradadm@colorado.edu to have this resolved. Application fees may also be paid by check.
Follow the instructions in the application for submitting check payments.

Can the Application Fee be waived?
The School of Education does not waive application fees except for McNair Scholars. Visit the McNair web site for instructions on completing the fee waiver.

GRE Scores
GRE Scores are required for all applicants to the doctoral program. The School of Education does not have a fixed minimum for GRE scores. Scores may not be more than five (5) years old.

The institutional code for submitting scores to CU-Boulder is 4841. A department code is not required.

I am registered to take the GRE after the application deadline – can I still apply?
Please apply at a future deadline. Due to reporting and processing timelines, the School of Education will not receive your scores until after the application cycle is completed.

Miramontes Doctoral Scholars Application
(If applicable)
Applicants to the doctoral program are automatically considered for various funding packages. However, you must apply to be considered for the Miramontes Doctoral Scholars Program. This is the only funding package that requires a supplemental application.

Complete the Miramontes Scholarship Application under “Supplemental Documents” in the online application form.
