

The **Best** Should
TEACH

Undergraduate

Teacher Licensure Information Sessions

Have you thought about teaching?

The School of Education offers teacher licensure programs to undergraduate students in 12 content areas. Depending upon the major, it is possible to satisfy the requirements for a teaching license and a bachelor's degree in 4 years. Each information session will introduce the program, coursework requirements, and the admission process. Students will also have the opportunity to ask specific questions.

For more information, visit us at:
www.colorado.edu/education

All meetings will be held in the
University Memorial Center (UMC)

UMC 325
