Please be sure to let your current year education graduates and alumni know about the incredible teaching opportunities that await them in American K-12 schools around the globe. Over 800 teaching positions were posted at our last event. Teachers of all disciplines are needed.

New teachers continue to do very well at the UNI Overseas Fair. Last year, OVER 60% OF NEW TEACHERS SECURED EMPLOYMENT.

A poster and brochure were mailed to your campus in September. Please let me know if you would like additional posters or brochures.

We are here to answer any questions you or your students may have about our services or overseas teaching. Please feel free to contact us at anytime with any question.
