I request approval for ______ total hours as described below. Is the absence due to a work-related illness or injury?  No  Yes

I understand that leave must be requested and approved in advance except in emergencies. I understand that I must provide sufficient information so the proper type of leave can be determined. I understand that approval of this leave request is premised on the assumption that I will have sufficient leave hours accrued to cover the request at the time that the leave takes place, and that I am responsible for making sure that this condition is met. I understand that I am responsible for keeping my supervisor informed of any change in this request. If a medical condition is highly sensitive, immediately contact the agency Family/Medical Leave coordinator directly.
