69	232	KTCH	KETCHUM ARTS & SCIENCES BLDG	35,651	51	0.1%	69
				2,255,394	990,606		

Notes to the report:

Assignable Square Feet. Definition: The sum of all areas on all floors of a building assigned to, or available for assignment to, an occupant or specific use.

Research Cost Pool. Definition: The Sponsored Research function includes all space used in conducting activities directly related to research and development contracts, grants and agreements funded from external sources or from internal sources when the activity is separately budgeted and accounted for. For purposes of this report, the "research" and "LASP" cost pools are used. Space used for departmental research, professional development and other faculty activities is not included.

LASP Cost Pool. Definition: The LASP (Laboratory for Atmospheric and Space Physics) is a research institute that has a separately negotiated F&A rate. All space associated with the LASP department is coded with the LASP cost pool designation.

Buildings with zero ASF are excluded from this report. Please reference **Total Active Buildings General Information Calendar Year 2011** for all buildings.
