**General Report Notes:**

**BOLD % AND NUMBERS:** Based on Gross Square Feet; percentages rounded to nearest tenth.

**UNBOLDED % AND NUMBERS:** Based on Net Usable Square Feet; percentages rounded to nearest tenth.

**050 CATEGORY:** Normally non-contiguous and belonging to departments, this transitional placeholder category represents areas under remodel; spaces for new hires when rostered positions are filled; or cannot be assigned/occupied due to code restrictions (in the case of "Not Available").

**ROOM USE CATEGORIES:** Readers are encouraged to review "Official Historic Space Data" associated with FY06-07 as outlined in CASP's Historical documents, available on the CASP web site at <http://fm.colorado.edu/casp> for details of Room Types contained within each Code Series Category.

**BLANK:** Existing primarily in Auxiliaries and predominately within Housing, these room configurations have changed over time. Efforts now taken to update these spaces as resources allow; includes recent new construction on campus not yet updated in the Campus Space Inventory; spaces may be assignable or non-assignable in nature.

*There may or may not be instances where GSF figures reflect a building under construction or where updates have not yet occurred.*
