ADVERTISEMENT FOR BIDS

This is a two step AFB with prequalification required.
State of Colorado
University of Colorado
Notice Number: 07-11

Project No: **PR 002187**

Project Title: **ECEE – Repair/Replace Building Electrical Services Phase 1 of 4 (M060-62)**

Estimated Construction Cost: **\$429,000.00**

Project Description

The project shall take place at the Electrical Engineering wing of the Engineering Center of the University of Colorado at Boulder. The project consists of removing an existing 200 kVA dry type transformer and its associated switchboard, the installation of two new 2000 kVA transformers and a new double-ended switchboard and re-connection of the existing loads. The outage time shall be kept to a minimum and the facility will be occupied during the project. It will be expected that the Electrical Contractor will act as the General Contractor for this project.

Project Information

To be considered for pre-qualification to bid on this project, please email Lori.Hoppe@colorado.edu to obtain a pre-qualification packet from the web site: <http://fm.colorado.edu/construction/index.html>

Requirements for bidding will include qualifying with Colorado State Buildings Programs for construction projects of \$150,000 or more at least two (2) working days prior to bid opening. If you are not yet qualified with State Buildings, request instructions to locate the online form SC9.1, Contractors' Registration form at the pre-submittal meeting or from the web site <http://www.colorado.gov/dpa/dfp/sbrep> (Click on the navigation button State Buildings, then Contractor's Qualification/Registration Form and then the hyper link below the second paragraph - Contractor Registration Form). Complete the form and submit electronically to the Office of the State Architect.

Qualifications Due

Date & Time: **02/28/07 02:00 PM**

Address: **Department of Facilities Management
Research Laboratory No. 2
1540 30th Street, Third Floor
Boulder, CO 80309-0453**

Comments: **Submittals through U.S. Postal Mail should use campus box number:
453 UCB, rather than street address.**

Publication Dates: 02/14/07 & 02/21/07

**ECEE – Repair/Replace Building Electrical Services Phase 1 of 4 (M060-62)
PR 002187**

Notice is hereby given to **Electrical** Contractors that the University of Colorado at Boulder will pre-qualify bidders to bid on this project.

Note carefully, this pre-qualification is unique to this project, any other previous pre-qualification with the University of Colorado at Boulder or State Buildings Programs is insufficient to pre-qualify to bid on this project.

To be considered for pre-qualification to bid on this project, Electrical Contractors must pick up the pre-qualification documents detailing submittal requirements from the website:

<http://fm.colorado.edu/construction/index.html>

Statements of interest will be accepted at the above office no later than 2:00 PM on Wednesday, February 28, 2007.

The pre-qualification documents detail specific submittal requirements. The documents further detail minimum experience and other requirements of Electrical Contractors to be considered for pre-qualification.

BRIEFLY, THE MINIMUM REQUIREMENTS ARE:

- a. Has continuously maintained a Colorado office for the last five years.
- b. Successful completion within in the last five years, in the capacity of Electrical/General Contractor, of at least three projects similar to the project described in Section A, Item II for public or quasi-public.
- c. The adjusted completed Construction Contract amount for these projects shall amount to at least \$430,000.00 per project and at least one of which shall have been completed by the Project Manager and Superintendent proposed for this project.
- d. Certified bonding capacity of \$430,000.00 each per labor and materials payment bond and for a performance bond, capability of obtaining general aggregate liability insurance of \$2,000,000.00 and automobile liability insurance at a value of \$1,000,000.00 naming the Regents of the University of Colorado, a body corporate, and the State of Colorado as additional insured.

SECTION A: Introduction

ITEM I: Intent:

The Regents of the University of Colorado at Boulder requests submittals for pre-qualification of Electrical Contractors for Capital Construction Project titled **ECEE – Repair/Replace Building Electrical Services Phase 1 of 4 (M060-62)**. It is the intent of the Department of Facilities Management to pre-qualify General Contractors for bidding this major construction project in accordance with Colorado Revised Statutes 24-92-107, 24-103-402, and 24-30-1303 (1) (Q) and in accordance with Section 3-402.01 of the Colorado Procurement Rules. Pre-qualification will be necessary for bidding this project. This pre-qualification process is unique to this project and not withstanding other pre-qualification by the State Buildings Division and the University of Colorado, all contractors wishing to bid on the project must be pre-qualified as defined in this document.

Please note carefully that the process herein defined requires that contractors to be considered for pre-qualification must have at a minimum:

- a. Has continuously maintained a Colorado office for the last five years.
- b. Successful completion within in the last five years, in the capacity of Electrical/General Contractor, of at least three projects similar to the project described in Section A, Item II for public or quasi-public.
- c. The adjusted completed Construction Contract amount for these projects shall amount to at least \$430,000.00 per project and at least one of which shall have been completed by the Project Manager and Superintendent proposed for this project.
- d. Certified bonding capacity of \$430,000.00 each per labor and materials payment bond and for a performance bond, capability of obtaining general aggregate liability insurance of \$2,000,000.00 and automobile liability insurance at a value of \$1,000,000.00 naming the Regents of the University of Colorado, a body corporate, and the State of Colorado as additional insured.

These minimum requirements to be considered for pre-qualification are further defined hereafter.

It is further the intent of the University of Colorado at Boulder that after pre-qualification of Electrical Contractors for this project, the pre-qualified contractors will be invited to bid on the project conventionally with the intent of awarding to the lowest responsible bidder based on the apparent low bid of the entire project.

ITEM II: Project Description:

The project shall take place at the Electrical Engineering wing of the Engineering Center of the University of Colorado at Boulder. The project consists of removing an existing 200 kVA dry type transformer and its associated switchboard, the installation of two new 2000 kVA transformers and a new double-ended switchboard and re-connection of the existing loads. The outage time shall be kept to a minimum and the facility will be occupied during the project. It will be expected that the Electrical Contractor will act as the General Contractor for this project.

All medium voltage work shall be performed by Colorado licensed journeyman/wireman in good standing, trained in the handling, pulling, splicing and terminating of medium voltage cable. This will include splices, terminations, load break elbows, dead break elbows, and transformer bushings. The successful low bidder shall provide certificates for each employee for review and approval.

It is anticipated that the work will occur from May 15 – August 1, 2007, however the setting of the transformers and switch over will occur either between November 19 – 24, 2007 or December 26, 2007 – January 11, 2008.

ITEM III: Project Financing:

State of Colorado.

ITEM IV: The Pre-qualification Process:

In accordance with the schedule outlined hereafter, contractors are invited to submit their qualifications for consideration for pre-qualification to **Lori Hoppe, Department of Facilities Management of the University of Colorado at Boulder, Delivery address: 1540 30th Street, 3rd Floor Reception Desk, Boulder, CO 80303. Mailing address: Campus Box 453 UCB, Boulder, Colorado 80309-0453.** Submittal requirements are outlined in Section B of this request. General criteria used for judging the submittals are outlined in Section C. Certain minimum qualifications as described in Section C will be required of all contractors to be pre-qualified to bid on this project. CONTRACTORS SHOULD READ THESE CAREFULLY. The University of Colorado at Boulder assumes no responsibility or liability for any costs incurred by any contractor associated with this pre-qualification process. Contractors are advised to use the index of this document as a checklist; completeness is required. Contractors' submittals shall follow the format of Index, Section B.

The Department of Facilities Management of the University of Colorado at Boulder will assemble a panel of persons associated with the project and construction industry to score the submittals based upon the criteria outlined.

This document consists of all the information available. Questions about this document may be e-mailed to Lori Hoppe at Lori.Hoppe@colorado.edu

No telephone communication regarding the pre-qualification will be answered. Contact shall be made only in writing to the above individual. The University of Colorado at Boulder and the Principal Representative will not be responsible for the accuracy or validity of information received later than 2:00 PM local time February 23, 2007. All appropriate questions posed will be answered in an addendum no later than February 23, 2007. The addendum will be posted at website:

<http://fm.colorado.edu/construction/index.html>

Scoring will be performed on an assigned scale by item outlined in Section B. Pre-established weights (not available to contractors during the process) will be assigned to the score for each submittal item.

The scores of all panel members will be totaled for each submittal. A pre-established score total will automatically pre-qualify the contractor's submittal assuming that the contractor's submittal meets the minimums outlined in Section C.

There will be no pre-established maximum limit to the number of contractors to be pre-qualified to bid. In the event, however, that the scores result in a list of pre-qualified bidders of less than four bidders, the score required to pre-qualify will be lowered by a pre-established amount until a list of pre-qualified bidders greater than three is established.

ITEM V: Schedule:

The Schedule for Pre-qualification and Bidding is as follows:

<u>Activity</u>	<u>Date</u>
Public advertisement for Pre-Qualification.....	February 14 & 21, 2007
Pre-qualification Information available	February 14, 2007
Last Date for Written Questions	February 23, 2007 2:00 PM
Contractor Qualification Statements due	February 28, 2007 2:00 PM

To: Lori Hoppe
University of Colorado at Boulder
Department of Facilities Management
Delivery Address:
1540 30th Street, 3rd Floor, Reception Desk, 3rd Floor
Research Laboratory No. 2
Mailing Address:
Campus Box 453 UCB
Boulder, Colorado 80309-0453

Note: Actual receipt required.
Post-marks will not be accepted.

Pre-qualification Judgment Period..... March 1 thru March 5, 2007
List of Pre-qualified Contractors available..... March 6, 2007

Documents available for Bidding to
Pre-qualified Bidders..... Approximately March 20, 2007

Bids due:..... Approximately April 4, 2007

ITEM VI: Notes for Subcontractors Qualifications:

- a. Subcontractors will be required to meet certain minimum requirements to be contained in the supplementary general conditions and project specifications of the Contract Documents.
- b. The Contract Documents will require that the successful electrical contractor submit the qualifications of subcontractors listed in item VIa above within 72 hours of the opening and bids for approval by the Engineer and the Department of Facilities Management, University of Colorado at Boulder. A list of proposed subcontractors will need to be submitted with a bid proposal.

SECTION B: SUBMITTAL REQUIREMENTS

Listed below are the submittal items required for consideration to be pre-qualified to bid on the project. Most specific submittal requirements will be scored. Failure to provide any of the requested information will affect the score the contractor's submittal receives, and in the cases where minimums are required or in cases where a submittal item is required, failure to submit the required information may disqualify the submittal from further consideration. General criteria used to judge each submittal item are described in the following Section C - Evaluation Criteria. Contractors are requested to respond directly to each item separately.

ITEM I: General Introduction:

Provide a simple concise description of your firm. Description shall not be more than two typewritten pages. It may be supplemented by brochures. Description shall identify at a minimum:

- a. Legal business name, address, contact person name, phone number. (If a branch office or subsidiary, provide same information for head office as well as branch or subsidiary).
- b. Number of Years in business.
- c. Brief overview of staff.

ITEM II: Location:

- a. Provide a description of your office during the last five years including all business addresses used in Colorado during the last five years. See also Section D notes on joint venture and/or partnership submittals.

ITEM III: General Firm Experience:

- a. Provide a brief description of at least three projects similar in scope and complexity to the project described in Section A. Item II for a construction cost of at least \$430,000.00, and successfully completed within the last five years in the capacity as an Electrical/General Contractor.

Projects' descriptions shall include:

- (1) Functional use
 - (2) Brief description of project. Include equipment sizes and quantities in the description for transformers, cables, terminations and splices.
 - (3) Approximate construction cost
 - (4) Project owner's name, address and current phone number
 - (5) Project architect's or engineer's name and address and current phone number
 - (6) Approximate start and substantial completion dates
 - (7) Construction project manager and superintendent
- b. In addition to the descriptions required above, please provide the following. This information may be part of the projects you were asked to describe previously or may be from other projects successfully completed within the last five years.
 - (1) The contractor shall demonstrate the ability to coordinate outage impacts with the end users in a multi-building, multi-user condition similar in complexity to the project with client references.
 - (2) The contractor shall provide an actual sample "MOP" utilized and implemented on a similar project of this magnitude and complexity.

- (3) The contractor shall provide proof of the ability to man after-hours work with crews capable of performing all phases of the work required for this project.
- (4) The contractor shall provide proof of the ability to handle the material sizes and weights required for this project.

ITEM IV: Successful Project Completion:

- a. Indicate the number and dollar amounts of all delay claims, court, or arbitration judgements for and against your firm in the last five years.
- b. For all projects completed within the last 10 years, where applicable, identify separately:
 - (1) Dollar amount of liquidated damages paid and project involved.
 - (2) Dollar amount of bonus received for early completion and project involved.

ITEM V: Bonding Capacity:

Submit evidence from, or attested by, your bonding company that verifies your firm will have bonding capacity, if this project cost of approximately \$430,000.00 is added to your current and anticipated workload. Bonding will be required of the bid and if awarded the contract, 100% Performance and 100% Labor and Material Payment Bonds will be required.

ITEM VI: Financial Condition – Not used.

ITEM VII: Qualifications of Key Personnel:

Provide information on the below key personnel you propose and intend for this project. If more than one person is proposed for this project, provide information on each.

- a. Project Manager
 - (1) Resume.
 - (2) Experience: List of projects of similar size, type and systems.
 - (3) References, with current phone numbers, outside your company to verify experience.
 - (4) Will this person be available uninterrupted through the completion of the project?
- b. Project Superintendent
 - (1) Resume.
 - (2) Experience: List of projects of similar size, type and systems.
 - (3) References, with current phone numbers, outside your company to verify experience.
 - (4) Will this person be available uninterrupted through the completion of the project?

ITEM VIII: Schedule Control:

- a. Describe your firm's schedule management system.
- b. Provide samples of:
 - (1) Schedule from a previous similar project.

ITEM IX: Current Workload/Capacity to Complete this Project:

- a. List current projects, dollar volume by project, and anticipated completion dates of current projects.

- b. For projects within five years, indicate the following for the largest amount at any one time:
 - (1) Total number of projects.
 - (2) Total dollar amount of all projects.
- c. Estimate your anticipated largest dollar volume if this project is added to your current and anticipated volume. Estimate this project for this item at \$429,000.00.

ITEM X: Estimated Construction Period - Not Used:

ITEM XI: Project Management:

Describe your proposed project management system for this project.

Include the following topics:

- a. General Organization.
- b. Staffing Roles.
- c. Commitment of key personnel and resources including a description of trades provided internally to your organization.
- d. Responsibilities.
- e. Plan for management and control of subcontractors.
- f. Reporting systems to Owner and Architect:
 - (1) General communications.
 - (2) Actual progress.
 - (3) Problems resolution.
 - (4) Costs.
- g. Quality Control.
- h. Project Closeout.

ITEM XII: Performance Following Pre-qualification:

Provide a separate list of building projects for which your firm has been selected for a pre-qualification process similar to this. Project list shall identify the client, project size, approximate dollar value, bid date, projected completion date, and whether you provided a qualified bid after pre-qualifications. List must include all projects for which you have been pre-qualified within the last five years.

ITEM XIII: Percentage of Local Subcontractor Involvement – Not used.

ITEM XIV: Minority Participation Involvement:

It is the general policy of the State of Colorado to be as inclusive to all member communities when spending taxpayer dollars. Fill out the attached Minority/Women Business Enterprise Participation Report.

ITEM XV: Affidavit:

Complete and sign the sample affidavit found in Section D.

SECTION C: EVALUATION CRITERIA

Listed below, corresponding to the Item numbers in Section B (Submittal Requirements), are the general criteria to be used to judge and score the submittals for pre-qualification. Other pre-established information (such as the weight established for the value of a given score and such as required minimum scores for a give item number) will be used by the pre-qualification panel, but will not be available to contractors.

ITEM I: General Introduction:

No scoring will be done with regard to this item. However, submittals which do not include the requested information will be given no further consideration.

ITEM II: Location:

- a. It is a minimum requirement to have continuously maintained a Colorado office for the last five years, preference will be given to those Contractors with home offices located in Colorado.

ITEM III: General Firm Experience:

- a. It is a minimum requirement for pre-qualification that the General Contractor's office shall have successfully completed three projects of not less than \$430,000.00 per project of similar complexity as defined in Section A-Item II. Meeting this requirement will suffice. However, scoring will occur on this item based on the number of projects in this category and based upon the extent that the projects match the minimum requirements of scope and complexity.
- b. Scoring will be based on the ability to provide information required; keeping in mind the scope and complexity of this project.

ITEM IV: Successful Project Completion:

a) & b) This item has no minimum requirement. Scoring will be based upon the extent that judgments, and the extent of damage paid or bonuses received indicate the ability to successfully complete projects. Failure to supply this information will disqualify the submittal from further consideration.

ITEM V: Bonding Capacity

It is a minimum requirement for pre-qualification that an electrical contractor provide evidence that they can bond a single project at \$430,000 and have excess bonding capacity available.

ITEM VI: Financial Condition – NOT USED.

ITEM VII: Qualification of Key Personnel:

a) & b) Scoring will be based upon the indicated ability of the key personnel, based on experience, to successfully manage and supervise the project. Failure to supply this information may disqualify the submittal from further consideration.

ITEM VIII: Schedule Control:

a) & b) This item has no minimum requirement. However, scoring will be based upon the indicated adequacy of the proposed system for this project. Failure to submit the requested information may disqualify the submittal from further consideration.

ITEM IX: Current Workload/Capacity to Complete this Project:

a, b & c) This item has no minimum requirement. However, scoring will be based upon the indicated ability to successfully add this project to current workload based on information requested. Failure to supply this information may disqualify the submittal from further consideration.

ITEM X: Estimated Construction Period - Not Used

ITEM XI: Project Management:

a thru h) It is a minimum requirement that the General Contractor have a total quality management or an established quality control program in place. Scoring will be based upon the indicated ability of the management system to successfully complete this project at a high level of quality. The failure to supply this information may disqualify the submittal from further consideration.

ITEM XII: Performance Following Pre-qualification:

Scoring will be based on the number of projects your firm has been pre-qualified for and upon the extent that your firm has completed bid submittals following pre-qualification.

ITEM XIII: Percentage of Local Subcontractor Involvement – Not used.

ITEM XIV: Minority Participation Involvement:

This item will not be scored. However, failure to supply this information may disqualify the submittal from further consideration.

ITEM XV: Affidavit:

This item will not be scored. However, failure to supply this information may disqualify the submittal from further consideration.

SECTION D: MISCELLANEOUS INFORMATION:

ITEM I: Status of Pre-Qualification:

The University of Colorado at Boulder reserves the right to reconsider the pre-qualification status of any contractor at any time in accordance with the conditions of the affidavit submittal.

ITEM II: Confidentiality:

All submitted materials will be kept confidential. The submittals will not, however, be returned.

ITEM III: Affidavit:

Complete as instructed in Section B. Item XV the appropriate sections on the following pages.

ITEM IV: Number of Submittal Copies Required:

Contractors shall submit **two** copies of the pre-qualification submittal document.
