Addendum #3 – 4/24/12

CP152828  CAMP-TB55-PRACTICE FOOTBALL FIELD-REPLACE TURF

1. The field was measured at the Pre-Qual. Submittal Meeting and the field area is 69,500 s.f.
2. D/B Contractors shall maintain all electrical boxes at the perimeter edges of the field. There are approximately 24 boxes.
3. D/B Contractor shall place a Construction Fence along the entire east side of the synthetic turf field to separate from the grass practice fields during construction.
4. Clarification note: There is no work specified to be done with the existing drainage system.
5. Additional information will be provided for field markings, logos etc. (see previous addendum #2)

END
