## Request for Qualification - IBS New Building in Grandview Soils Investigation & Material Testing

Following are clarification questions regarding the CU IBS Building Materials Testing Submittal:

1. Within the submittal requirements, under part 'D', Budget Methodology/Cost Control, I wanted to confirm with you that the selection process is qualifications-based, as such we are NOT to provide an actual estimated materials testing and observation cost total, or unit rates within the submittal at this time?

**Selection process is qualifications based. No estimated materials testing and observation cost total or unit rates are required.**

2. I am aware that Appendices A, A1, and A2 are for the University's submittal review purposes, and thus no action on our part regarding filling these appendices out is necessary; however, are Appendices A-E, (with Appendices B, C, D, and E filled out) to be included at the end of our submittal, or shall these appendices be addressed upon award of oral interview short-listing and/or contract award?

**Include appendices B, C, D, and E at the end of the submittal.**
