CP172806 Kittredge Lacrosse Field Replacement

Addendum No. 4

1. Please see Graphics layout plan as a part of this addenda.
2. Clarification on electrical conduits: DELETE all reference to conduit for future shot clocks. The Owner will have this work done separate from the project.
3. There was a question regarding the Rugby inserts. These are just the caps to cover the existing inserts on the field. It is unknown what the model/manufacturer is. Match existing.
4. Clarification on creases. The contractor shall install new creases in the new turf replacement. This is the first set. A second set of creases, of the same turf material, is to be provided for storage. This will give the Owner the ability to replace the additional set of creases in the future on the north and south ends of the field.
5. This is not a prevailing wage project.
6. State projects are tax exempt except: The City of Boulder however does have a sales/use tax. See Notice 13-18 on the Facilities Management web site.
7. There is no requirement for a construction fence.
