1. Please note that the Request for Qualifications (RFQ) Packet currently posted online is the
document to be used for this project. This document replaced the previous RFQ Packet.

2. Reference the attached Under Ground Utility Drawing retrieved from our CAD Department.
Please note that this drawing may not detail all underground utilities.

3. Any landscape restoration directly caused by this project is to be included in this project which
may require the need of a Landscape Architect.

4. Any and all additional code required modifications to the interior and exterior of the building that
is a direct result of the addition of the exterior stair towers including but not limited to the path of
travel, door swing revisions, etc. is to be included in this project.
