**RE: Henderson Museum Exterior Stair Tower  
PR004804**

The Henderson Museum Stair Tower project is a controlled maintenance project to upgrade the 28,355 sq. ft. Henderson Museum building to meet current life safety codes and specifically to provide exterior stair towers to the building and incorporate and coordinate this system with the concurrent Henderson Building Fire Suppression project.

On Monday, August 10, 2009, the Screening Committee for this project interviewed five (5) firms and selected the following (3) three firms in order of preference to be sent to the Chancellor for approval:

- 1. Semple Brown Design, PC**
2. AR 7 Architects
3. Slater Paull Architects, Inc.
