**RE: Kittredge West & Kittredge Central Design Build Selection  
Step III – Technical Proposal Finalists**

On Tuesday, June 28, 2011, the Screening Committee for this project interviewed six (6) teams and selected the following three teams to proceed to the Technical (Design)/Cost proposal as the next phase of the Design / Build selection process:

- JE Dunn with AR7 & AM Stern Architects
- Kiewit with 4240 & KSQ Architects
- Whiting-Turner with Aller, Lingle, Massey & Mackey Mitchell Architects

These three firms will proceed to the final portion of the Design/Build selection process.

The quality of the teams submitted made this selection a challenge for the Selection Committee. We appreciate your interest, effort, and time spent on this project.

Sincerely,

*Thomas Goodhew*
