

Geog 4712

Fall 2009

Week 1 concepts and questions

(use the space after each term for cryptic definition and examples)

Other examples of applications of “who gets what where when and how?” (definition of political geography)

“genocide”

Ethnic cleansing

Places-territories (Bosnia-Herzegovina, Croatia, Drina river, multi-ethnic BiH, Republika Srpska, Muslim-Croat federation, Dayton lines, IEHL) - have very general locational information

Annex 7 of the Dayton Peace accords

Ethno-territorialist fantasy versus multi-ethnic territories

Iconic landscapes/buildings (e.g. *Stari Most (Old Bridge)* in Mostar)

Q:

Has the international effort to reverse ethnic cleansing in BiH through the returns process been successful?

What factors explain the relative distribution of domicides on Figure 1?

What lessons, if any, can be gleaned from the Dayton accords experience in BiH for other wars?
