

The University of Colorado Population Center & Institute of Behavioral Science

BIODEMOGRAPHY

Ekeley Sciences (EKLC) ROOM: E1B20

June 11-13, 2007 – University of Colorado Boulder, Colorado

Monday June 11

- 8:00 Coffee, course materials, and orientation
- 8:20 Introduction
Jason Boardman, Institute of Behavioral Science, University of Colorado at Boulder
- 8:30 “The biodemographic perspective: an overview”
Maxine Weinstein (Center for Population and Health, Georgetown University)
- 10:00 Coffee break
- 10:15 “The biodemographic perspective: part II”
Maxine Weinstein
- 12:00 Break for lunch
- 1:15 “Behavioral genetics: theory and substance”
Michael Stallings (Institute for Behavioral Genetics, University of Colorado)
- 2:45 Coffee break
- 3:00 “Behavioral genetics: analyzing sibling data with MX”
Michael Stallings
- 5:00 End of day 1

Tuesday June 12

- 8:00 Coffee and re-orientation
- 8:15 “Biomarkers in national surveys: what is being collected and why”
Eileen Crimmins (Center on Biodemography and Population Health, USC) California
- 10:15 Coffee break
- 10:30 “Findings and future questions around biomarker collection”
Eileen Crimmins
- 12:15 Break for lunch
- 1:15 “Allostatic Load: Measurement Issues and Future Directions”
Noreen Goldman (Office of Population Research, Princeton University)
- 2:45 Coffee break
- 3:00 “Linkages among the Social Environment, Stress, and Physiological Dysregulation”
Noreen Goldman
- 5:00 End of day 2
- 5-7pm Appetizers, wine, and beer (we will announce the location at the meeting)

Wednesday June 13

- 8:00 Coffee and re-orientation
- 8:15 “The genetics of longevity: an overview”
Tom Johnson (Institute for Behavioral Genetics, University of Colorado)
- 10:15 Coffee break
- 10:30 “Genes and aging: examples from the field”
Deqing Wu (Institute for Behavioral Genetics, University of Colorado)
- 11:30 Break for lunch
- 12:30 “Statistical genetics: linkage and association in a couple of hours”
Matt McQueen (Institute for Behavioral Genetics, University of Colorado)
- 2:45 Closing Remarks
Jane Menken, (Director, Institute of Behavioral Science, University of Colorado)
