

Respiratory, Digestive & Cardiovascular Structures Visible on Models

Michaela Brosius – Fall 2008

Half-Head Model

Palatine tonsil
Lingual tonsil
Pharyngeal tonsil
Esophagus
Laryngopharynx
Oropharynx
Nasopharynx
Uvula
Soft palate
Hard palate
Teeth
Tongue
Frontal sinus
Sphenoid sinus
Nasal cavity
External nares
Internal nares
Auditory tube
Larynx
Epiglottis
Cricoid Cartilage (in 2 spots, one spot directly below Thyroid cartilage)
Thyroid cartilage
Vestibular fold (top red line)
Vocal fold (bottom red line)
Parotid gland (visible from external view)
Submandibular gland (visible from external view)
Parotid duct (visible from external view)

Larynx Model (large)

Epiglottis
Thyroid cartilage
Cricoid cartilage
Tracheal cartilage
Arytenoid cartilage
Corniculate cartilage
Vocal fold
Tracheal cartilage (of Trachea)

Larynx Model (small)

Cricoid cartilage (both sides)
Thyroid cartilage (both sides)
Vestibular fold (red line)
Vocal fold (white line)
Epiglottis
Tracheal cartilage (of Trachea)

Respiratory System model

Epiglottis
Thyroid cartilage
Cricoid cartilage

Trachea
Upper lobe of lung
Middle lobe
Lower lobe
Oblique fissure
Horizontal fissure
Cardiac notch
Bronchi (primary, secondary, tertiary)

Full Body Model

Parotid Duct
Parotid Gland
Submandibular Gland
All structures of stomach
Transverse Colon
Ascending Colon
Descending Colon
Tenia Coli
Vermiform Appendix
Left Colic Flexure
Right Colic Flexure
Cecum
Sigmoid Colon (in 2 spots)
Duodenum
Jejunum
All structures of Pancreas
Esophagus
Spleen
Diaphragm
Trachea
Right & Left lobe of Liver
Caudate lobe of Liver
Quadrate lobe of Liver
Gallbladder
Cystic Duct
Common Hepatic Duct
Common Bile Duct
Hepatic portal vein (on liver and above Pancreas)
Hepatic artery proper
Right & Left hepatic artery
Abdominal aorta
Celiac trunk
Left gastric artery
Common Hepatic artery
Gastroduodenal artery
Splenic artery
Superior mesenteric artery
Gonadal artery
Renal artery (on some models)
Common iliac artery
External iliac artery
Internal iliac artery (located low)
Left and Right Common carotid artery
Brachiocephalic trunk

Left and Right Subclavian artery
Ascending aorta
Descending aorta
Axillary artery
Posterior intercostal artery
Femoral artery
Radial artery
Brachial artery
Ulnar artery
Superficial palmar arch
Popliteal artery
Anterior tibial artery
Peroneal artery
Pulmonary artery
Pulmonary vein
Azygos vein
Posterior intercostal veins
Brachiocephalic vein
Subclavian vein
Superior vena cava
Common iliac vein
External iliac vein
Internal iliac vein
Femoral vein
Inferior vena cava
Renal vein (on some models)
Superior mesenteric vein
Splenic vein
