Commissions' Report — *One Third of the Nation's Lands*

June 2-4, 2010

We gratefully acknowledge the support of the following sponsors:

Note about the Program: The panel sessions will be conducted as follows: The “reviewer, moderator, and commentator” for the panel will briefly review that portion of the original report relevant to the subject matter of the panel, including the recommendations that were made. During the course of their commentary, the panelists, led by the moderator, will engage each other in a discussion of whether and how the report’s recommendations were followed and will critique the outcome. We hope this will offer a fruitful basis for the ultimate question of whether a new commission should be chartered.
