- Geology of the Boulder area: <https://bouldercolorado.gov/osmp/geology>
- Geologic History of Boulder area:
<http://bcn.boulder.co.us/basin/natural/geology/historic.html>
- Map of Geologic Hazards for Boulder County:
<http://www.bouldercounty.org/doc/landuse/bccpmapghca.pdf>

Answer the following questions:

1. What are the major geologic hazards in Boulder City and Boulder County?
2. Where should one go to get more information about the extent and importance of those hazards (city offices, county offices, etc.)?
