

Accreditation-AAUDE

Institutions report their accrediting agency to IPEDS -- but not the year, and not a URL where others can find what you did or are planning to do.

Here we took agency from IPEDS, and year from what some of you told Cathy Lebo last year for the assessment meeting, and from some other sources.

Please complete and correct as necessary.

We may end up posting these like (or even on) the "institutional URLs" page. Consider this like any query - your responses may be public.

thanks!
