

WHAT?

FREE to the public, our monthly shows entertain and inform children about the wonders of science. Presented by esteemed University of Colorado Professors, our shows explore the exciting worlds of physics, chemistry, biology, astronomy, and more! All shows are interactive and exciting with live demonstrations and audience participation.

Although all ages are always welcome, the shows are geared toward children and young adults in grades 5-9. Each program lasts about an hour and includes several lively demonstration experiments. No reservations required. Come help celebrate our 35th year!

All shows are on Saturday mornings and begin at 9:30 A.M.

WHERE?

At the University of Colorado at Boulder. There is FREE PARKING ONLY in LOTS 169, 308, 396, and 436. There is also parking available for a nominal fee in the Euclid parking structure.

HOW?

Thanks to The Chancellor's Office, Gamow Foundation, CU Science Discovery, Director David Nesbitt and all others who support the Wizards show, including the Wizards in training who join us!

2011-2012 SCHEDULE:

9/24/2011: Profs. John Bohn and Debbie Jin: The Physics of Sports, Duane G1B30

10/8/2011: Prof. Michael Dubson: Boom! The Physics of Sound and Music, Duane G1B30

10/29/2011: Prof. Paul Beale: Time Flies, Duane G1B30

12/3/2011: Profs. Noel Clark and Dave Walba: Light, Polarization and Liquid Crystals, Duane G1B30

1/21/2012: Prof. Casey Hynes: Water, Water Everywhere, Cristol Chemistry 140

2/11/2012: Prof. Monika Fleshner: Immunity in Health and Disease: The Army Within! Cristol Chem 140

3/10/2012: Prof. Susan Marie Frontczak: Marie Curie, Cristol Chemistry 142

4/7/2012: Prof. Leslie Leinwand: Hope for a Broken Heart Cristol Chemistry 142

5/19/2012: Prof. Eric Cornell: Speed! Duane G1B30

6/9/2012: Prof. Andrew Hamilton: Black Holes, Fiske Planetarium
