Sep. 6. – Colorado State Recap:

Information above is a very preliminary accounting of police activity at the CU-CSU game. Formalized statistics should be available on Tuesday or Wednesday, and updating of this information will occur at that time.

“This game reflected the fact that we had a near-capacity crowd at the Stadium. We had a higher number of arrests and summonses issued than typical for a football game,” said Commander Tim McGraw. “Additionally, we had over a dozen transports for medical care, along with several responses by medical personnel to assist people in need attending the game.”
