

# STATE OF COLORADO

## PUBLIC UTILITIES COMMISSION

Gregory E. Sopkin, Chairman  
Polly Page, Commissioner  
Carl Miller, Commissioner  
Doug Dean, Director

## Department of Regulatory Agencies

Tambor Williams  
Executive Director

Bill Owens  
Governor

June 3, 2005

The Colorado Public Utilities Commission (PUC) is pleased to join the partnership concerning the Policy Lab proposal. It is an excellent idea to co-develop technology and policy.

As the state agency responsible for developing telecommunications policy for the State of Colorado, we feel the partnership will be very beneficial and valuable. We understand that our involvement includes participating in discussions concerning interactions of policy and technology, participating at our discretion in particular policy lab experiments and possibly offering internships to Policy Lab students. We understand that the Silicon Flatirons Telecommunications Program will mediate the discussions. The PUC has participated in previous conferences and workshops of the Silicon Flatirons Telecommunications Program.

The Policy Lab idea excites the agency and we look forward to the opportunities Policy Lab will provide in considering collaborative innovation when technology and policy are considered together.

Sincerely,

A handwritten signature in cursive script that reads "Doug Dean".
