April 20, 2017

Dear CU Political Science Family,

It is with sadness that I write to our CU Political Science family about the passing away of Will H. Moore, one of the most recognized graduates of our PhD program. While I only had limited contact with Will, his contributions were always apparent through his publications, colleagues, and friends. Although now only little more than 24 hours after his death, the outpouring I see on social media from friends, colleagues, and former students paints a picture of a very gifted and unique individual. To his family and friends, his home Department sends out its heartfelt thoughts and condolences. Plans are in the making to have a brief remembrance of Will among the faculty and anyone else wishing to recognize his contributions as a scholar, teacher, colleague, and friend.

Sincerely,

A handwritten signature in black ink that reads "David S. Brown".

David S. Brown, Chair
