Personal Fitness Training Program Physician's Release

Please note this information will be kept confidential.

Dear Doctor:

Your patient _____ wishes to start a personalized training program through the CU Recreation Personal Fitness Training Program. Exercise recommendations provided by the trainer will start easy and become progressively more intense depending on the client's goal and fitness level. Qualified staff will administer all fitness assessments and exercise.

If you know of any medical or other reasons why participation in the program by the client would be unwise, please indicate so on this form.

Report of Physician

_____ I know of no reason why the applicant may not participate.

_____ I believe the client can participate, but I urge caution because:

*My patient is taking medications that will affect heart rate response to exercise. The effects are indicated below:

Type of medication _____

Effect _____

Restrictions for exercise _____

_____ The client should not engage in the following activities:

_____ I recommend that the client NOT participate.

Physician Signature: _____

Date: ____/____/____

Personal Training Policies and Procedures

Thank you for purchasing a personal training session(s). Please be aware of the following policies:

- You must call your personal trainer at least 24 hours in advance to cancel or change a session. Any cancellation less than 24 hours will be charged as session used.
- There will be no refund given on unused sessions.
- Unused sessions cannot be transferred to another person.
- Training sessions expire 1 year from date of purchase.
- Please arrive to each training session in proper workout attire as specified by Rec Center policies.
- If your fitness assessment shows the presence of risk factors for various cardiovascular, pulmonary, and metabolic diseases that require special attention, you will be required to provide a physician's release prior to participation in purchased sessions.

Please sign acknowledging these policies and procedures.

Thank you, we appreciate your business!

Pre-Fitness Assessment Instructions

1. Refrain from consuming food, alcohol, or caffeine or using tobacco products within 3 hours of testing.
2. Clothing should permit freedom of movement and include walking or running shoes, shorts, and a loose fitting t-shirt. No tight spandex clothing; yoga pants, etc.
3. Continue your medication regimen as normal so that the exercise responses will be consistent with responses expected during exercise training.
4. Drink ample fluids over the 24-hour period preceding the fitness assessment to ensure normal hydration before testing.
5. Avoid significant exertion or exercise on the day of the assessment; you should be well rested for the assessment.
6. Get adequate amounts of sleep (6-8 hours) the night before the test.
7. Please notify the trainer if you have recently been ill. The test may need to be rescheduled.

If you have any additional questions regarding the fitness assessment, please contact the

FitWell office at (303) 492-5258.

PAR-Q & YOU

YES	NO	
<input type="checkbox"/>	<input type="checkbox"/>	1. Has your doctor ever said that you have a heart condition <u>and</u> that you should only do physical activity recommended by a doctor?
<input type="checkbox"/>	<input type="checkbox"/>	2. Do you feel pain in your chest when you do physical activity?
<input type="checkbox"/>	<input type="checkbox"/>	3. In the past month, have you had chest pain when you were not doing physical activity?
<input type="checkbox"/>	<input type="checkbox"/>	4. Do you lose your balance because of dizziness or do you ever lose consciousness?
<input type="checkbox"/>	<input type="checkbox"/>	5. Do you have a bone or joint problem (for example, back, knee or hip) that could be made worse by a change in your physical activity?
<input type="checkbox"/>	<input type="checkbox"/>	6. Is your doctor currently prescribing drugs (for example, water pills) for your blood pressure or heart condition?
<input type="checkbox"/>	<input type="checkbox"/>	7. Do you know of <u>any other reason</u> why you should not do physical activity?

**If
you
answered**

YES to one or more questions

Talk with your doctor by phone or in person BEFORE you start becoming much more physically active or BEFORE you have a fitness appraisal. Tell your doctor about the PAR-Q and which questions you answered YES.

- You may be able to do any activity you want — as long as you start slowly and build up gradually. Or, you may need to restrict your activities to those which are safe for you. Talk with your doctor about the kinds of activities you wish to participate in and follow his/her advice.
- Find out which community programs are safe and helpful for you.

NO to all questions

If you answered NO honestly to all PAR-Q questions, you can be reasonably sure that you can:

- start becoming much more physically active – begin slowly and build up gradually. This is the safest and easiest way to go.
- take part in a fitness appraisal – this is an excellent way to determine your basic fitness so that you can plan the best way for you to live actively. It is also highly recommended that you have your blood pressure evaluated. If your reading is over 144/94, talk with your doctor before you start becoming much more physically active.

DELAY BECOMING MUCH MORE ACTIVE:

- if you are not feeling well because of a temporary illness such as a cold or a fever – wait until you feel better; or
- if you are or may be pregnant – talk to your doctor before you start becoming more active.

PLEASE NOTE: If your health changes so that you then answer YES to any of the above questions, tell your fitness or health professional.

Ask whether you should change your physical activity plan.

Informed Use of the PAR-Q: The Canadian Society for Exercise Physiology, Health Canada, and their agents assume no liability for persons who undertake physical activity, and if in doubt after completing this questionnaire, consult your doctor prior to physical activity.

No changes permitted. You are encouraged to photocopy the PAR-Q but only if you use the entire form.

NOTE: If the PAR-Q is being given to a person before he or she participates in a physical activity program or a fitness appraisal, this section may be used for legal or administrative purposes.

"I have read, understood and completed this questionnaire. Any questions I had were answered to my full satisfaction."
