Shakespeare for Nonmajors

STEVE HAYES-POLLARD

“Shakespeare is really a bit like rap music. It is 500-year-old dramatic poetry intended for the stage, with its own beat, symbolic complexity, and social urgency.”

Steve Hayes-Pollard demystifies Shakespeare so students can access the author’s wisdom, humor, and humanity. The class examines a variety of plays, dissecting their meaning and translating them into everyday language. Along the way, students learn how Shakespeare experimented with formulas and devices to become better at his craft. “Shakespeare is not some lofty figure with every word a pearl. This is a person of somewhat humble origins, with lots of warts and fleabites, who had an appetite for life, and an extraordinary ability to communicate.” By understanding Shakespeare, Hayes-Pollard believes students can tap knowledge that applies to today’s world.

Eligibility

All you need is a high school diploma or GED. (Individuals with University of Colorado financial stops or on academic suspension from the College of Engineering and Applied Science may not enroll.)

For fall and spring semesters, if you are under 20 years of age as of January 15 for spring or September 15 for fall, not in high school, and not officially admitted or enrolled in a CU-Boulder degree program, you must meet criteria similar to those of freshmen entering the University. To determine your eligibility to take credit classes, you must meet (by phone or in person) with a Continuing Education academic advisor and provide copies of your high school transcript and SAT or ACT scores. Please make an appointment with an advisor as soon as possible to explore all of your options by calling 303-492-8252 or toll free 1-800-331-2801.

Adding and/or Dropping Courses

See page 4 for critical deadlines for adding and/or dropping classes. Adding and dropping can be done via PLUS at www.colorado.edu/plus or via CUConnect, the student web portal, at cuconnect.colorado.edu. You can also add or
Registration begins August 1 • See the Student Services section on page 46 for more information

**Boulder Evening**

Drop in person at Continuing Education, 1505 University Avenue. If you don’t officially withdraw from a course, you may receive a grade of “F” for that course and you may be liable for any tuition and fees.

**Tuition**

Tuition is determined by residency status.

**Resident tuition**

$187 per credit hour.

**Nonresident tuition**

Three credits or less is $449 per credit hour.

Four or more credits is $10,950.

The Division will charge the resident tuition rate for Boulder Evening when a nonresident degree student pays full out-of-state tuition on the Boulder campus and then enrolls for additional Boulder Evening courses. A full tuition schedule is available on the Web at www.colorado.edu/conted/tuition.htm.

Some courses requiring special equipment or materials may be slightly higher.

**Residency**

If you have lived in Colorado for the past 12 months, you may be eligible for in-state tuition rates although you may be asked for documentation. Please see the calendar on page 4 for deadline dates to petition for in-state classification.

If you’re not 23 years old by the first day of classes, you are assumed to have the same legal residence as your parents. If your parents live out of state, you may petition the University of Colorado for resident status as an emancipated minor. If you believe your initial classification is incorrect, talk to the Classification Coordinator at 303-492-5148.

**Final Exams and Grades**

Final exams are held the last day of the class. See the list of courses by start date beginning on page 5. Final grades will be available on CUConnect, the student web portal, at cuconnect.colorado.edu approximately 2 weeks after a class ends. If you need an official transcript showing your grade, visit the registrar’s office web site at registrar.colorado.edu/support/transcripts.htm for information.

**Faculty and Staff Discounts**

University of Colorado faculty and staff on at least a permanent, half-time appointment and retired faculty and staff may enroll in classes at a 50% tuition discount. Please provide proof of status with the University of Colorado when you register. Call 303-492-5148 for more information.

**Student Services**

See page 46 for information on advising, financial assistance and scholarships, career advising, bursar services, and more.

**Student Fees**

Students have the option of paying student fees for use of the Recreation Center, Wardenburg Health Center, etc. including an RTD bus pass. Visit the web site at www.colorado.edu/conted/accounting.htm for more information.

**Survival Tip**

Boulder Evening tuition is assessed in addition to any tuition paid on campus (resident or nonresident).

Walker Bradley

Introduction to International Relations

“This is the first course where I’ve actually looked forward to going to class. I find the subject and teacher fascinating. There’s so much that fits in with what’s going on in the world right now.

This is my first Continuing Ed class. I was enrolled in the college of engineering, but got really sick of school. My grades suffered. This class has rejuvenated my interest in learning—and improved my GPA so I can re-enter the regular campus system. In retrospect, I still would have taken this class without those benefits, just because it enriched me personally.”

Eligible Boulder Evening and Independent Learning students may register for courses on the Web using Personal Lookup Services (PLUS). To be eligible, your CU student record must be activated for the current semester.

If you have taken courses through Continuing Education during the past 12 months, call us at 303-492-5148 to have your student record activated or rolled forward.

If you have not attended during the past 12 months you will need to do one of the following to activate your record:

- Return the credit registration form located in the center of this catalog to Continuing Education at 1505 University Avenue or fax it to 303-492-3962.
- Complete the application on the Web at www.colorado.edu/conted/creditapp.htm.

Once your form has been processed, you will receive an Invitation to Register or ITR confirming your eligibility to register using PLUS along with your CU student identification number (SID) and personal identification number (PIN). Your CU SID and PIN are required to log-on to PLUS. Please keep your PIN confidential. Use of web registration (PLUS) obligates you for any tuition charges as a result of adding any course.

You can use PLUS to conduct online course searches. At the PLUS home page choose Planning Tools and then Schedule Planner to search the Continuing Education courses for the current semester or log-on using your CU SID and PIN and choose Course Status at the bottom of the page. Schedule Planner is updated nightly; Course Status is updated on a real-time basis. Some courses have prerequisites and enrollment restrictions. It is your responsibility to ensure that you have met the listed prerequisites and/or restrictions. If you are unsure, please call 303-492-8252 and make an appointment with an academic advisor.

**Register Using PLUS**

To register using PLUS, go to www.colorado.edu/plus and choose the Registration Log-on button. Enter your CU student identification number (SID) and personal identification number (PIN) and submit.

At the registration menu, choose the Registration tab at the bottom of the page. Follow the instructions to add or drop and request pass/fail or no credit. You will need to enter the five-digit course call number to register and click on the Submit button to process each course request.

To access PLUS through CUConnect, the student web portal, go to cuconnect.colorado.edu and log on with your IdentiKey and password. Choose the PLUS tab and the Registration button.

Please note that once you register for a course then decide to change to pass/fail or no credit, you should come to our office at 1505 University Avenue and fill out the necessary paperwork. You can also e-mail your request to cregistration@colorado.edu. If you e-mail your request, be sure to include your name, the last 4 digits of your CU SID, and the course number and title. The only way to change your status online is to drop the course and re-enroll which may result in losing your place in the course.

If a course is closed, you may add your name to a wait list. This does not guarantee that you will be enrolled in the course. If an opening occurs, you will automatically be enrolled in the course. It is important if you choose to wait list for a course that you verify your schedule often to avoid being charged additional tuition and fees, and receiving a grade of “F” for the course.

To verify your course selections, click on the Schedule tab at the bottom of the page. If you are taking Boulder Evening courses, your schedule can be adjusted through the deadline dates listed on the academic calendar on page 4.

When you’re finished, be sure to exit web registration.

Web registration (PLUS) is normally available Monday-Friday from 7 a.m.-midnight and Sundays from 11 a.m.-midnight (including holidays). It is not available on Saturdays.

If you have any type of registration or financial stop, you may not be allowed to enroll. Please call our registration office at 303-492-5148 for more information on your stop. This information is also available on PLUS at www.colorado.edu/plus or through CUConnect, the student web portal, at cuconnect.colorado.edu. Once you are logged on, choose the Reg Status tab (Registration Status) at the bottom of the page.

**Account Balances and Tuition Payments**

Once you register for courses using PLUS, you can find out your account balance and pay your tuition by choosing Next Step then Account Balance, Submit, and Credit Card Payment. We accept Visa, MasterCard, and Discover. If you log-out before paying your tuition, you must enter through Registration Log-on to pay using a credit card. If you are unable to log-on to PLUS, you can also make credit card payments by calling our bursar/accounting office at 303-492-2216, fax your information to 303-492-3962, or visit us at 1505 University Avenue.

You can also submit payments online from your checking or savings account using the Payment Only Option, an electronic interface with your bank. More information is available at www.colorado.edu/conted/paymentonly.htm.

**Important PLUS Information**

Beginning in late Spring, 2006 PLUS will only be available through CUConnect, the student web portal, at cuconnect.colorado.edu. If you are currently enrolled through the Boulder campus or Continuing Education, your IdentiKey and password is all you will need to register for classes, order transcripts, view your current or past schedule, verify your CU grade point average, and more.

For more information, call us at 303-492-5148 or 800-331-2801.
Yeats, Woolf, Shakespeare, Shelley, Milton. Sure, you’ve heard of them, but do you know what moved them to write, or how they influenced each other? Teresa Nugent’s course puts the authors and their works in perspective.

“By reading great works of literature in relation to the historical periods in which they were written, students gain an understanding of texts as artifacts of specific moments in time, while also identifying general themes that recur throughout British literature,” explained Nugent. This course helps students learn how to analyze important works, and gives them a good excuse to curl up with *Frankenstein* on a chilly evening.

Masterpieces in British Literature

**TERESA NUGENT**

“If you enjoy reading, this course lets you sample the ‘GREATEST HITS’ in English literature from some of history’s most renowned authors.”

Teresa Nugent’s course puts the authors and their works in perspective. “By reading great works of literature in relation to the historical periods in which they were written, students gain an understanding of texts as artifacts of specific moments in time, while also identifying general themes that recur throughout British literature,” explained Nugent. **THE ULTIMATE IN FLEXIBILITY WITH CU QUALITY.**

You call the shots—by deciding when, where, and how you learn.

Independent Learning lets you start your study any time of the year. You can complete courses over the Internet or through the mail; choose from self-paced classes that you complete according to your calendar; or term-based classes that follow the semester calendar. Online classes allow rich interaction with your instructor and other students.

Think of the possibilities. You can earn extra credit toward your degree, enhance and develop your job skills, prepare for a career change, or just satisfy your curiosity—all at your own convenience.
So, it’s up to you to challenge yourself and to decide how you want to take a course. Complete course descriptions and additional information are available on our website at www.colorado.edu/cewww or call 303-492-5148.

For fall and spring semesters, if you are under 20 years of age as of January 15 for spring or September 15 for fall, not in high school, and not officially admitted or enrolled in a CU-Boulder degree program, you must meet criteria similar to those of freshmen entering the University. To determine your eligibility to take credit classes, you must meet (by phone or in person) with a Continuing Education academic advisor and provide copies of your high school transcript and SAT or ACT scores. Please make your appointment with an advisor as soon as possible to explore all of your options by calling 303-492-8252 or toll free 1-800-331-2801.

These University of Colorado credit classes are approved by the individual departments and are offered in three formats:

**Correspondence Courses by Mail**
These courses are self-paced, allowing you up to a year to finish course work (one-year extensions are also available). Students follow a printed study guide and professor-student communication is conducted by regular mail and e-mail.

**Self-paced Online Courses**
Like correspondence courses, self-paced online courses allow you up to a year to finish and can be extended for another year. All course communications are conducted online. Many of these courses involve online interaction among students and a broad range of web activities.

**Term-based Online Courses**
Term-based online courses follow a fixed calendar so that all students will be on the same schedule and can regularly interact with each other online. (See page 24 for full descriptions of term-based courses.)

---

**Independent Learning also offers:**

**Applied Music**
Private and small group for-credit music instruction with the Applied Music program (see page 27)

**High School Correspondence Courses**
(see page 26)

**Individualized Instruction**
For special cases when a student needs a course that is unavailable (talk to your advisor or call 303-492-5148 for more information)

**High School Independent Learning**

The High School Independent Learning Program provides special opportunities for students to meet college entrance requirements, to accelerate graduation, or to meet high school graduation requirements. In cooperation with and approval from your high school, this program allows students to take self-paced correspondence courses for high school credit. It's up to you when and where to learn.

We offer 50 courses in the following areas: business, English, consumer and family science, mathematics, science, social studies, and study skills. You will find course listings, course descriptions, and additional information on the Web at [www.colorado.edu/ceww/www/highschool](http://www.colorado.edu/ceww/www/highschool).
ACCESS Program

Available Credit Courses for Eligible Special Students

Do you want to take a credit course at CU-Boulder during the day? Are you interested in a particular class for personal or professional development? Do you plan to enroll in a degree program in the future? The ACCESS Program enables nondegree students to enroll in Boulder main campus undergraduate or graduate courses on a first-come, first-served basis after most degree-seeking students have had an opportunity to register.

We are currently accepting applications for the Fall 2005 semester. Registration begins Friday, August 19 and classes begin Monday, August 22. Call 303-492-5148 for more information or visit the ACCESS web site at www.colorado.edu/conted/access.

College Opportunity Fund
and the ACCESS Program

The Colorado State Legislature recently established a new way to provide state tax dollar support for higher education. The state is no longer appropriating monies directly to public colleges and universities for undergraduate education, but is providing direct funding to students through the College Opportunity Fund (COF). You can obtain more detailed information about this legislation at www.cu.edu/ums/cof/faq.html.

Undergraduate in-state students are eligible to participate. Nondegree students (including students with baccalaureate degrees taking undergraduate classes) and teacher licensure students classified as undergraduates may be eligible to participate in the College Opportunity Fund for ACCESS courses.

There is a limit on the maximum number of COF hours that students may take. For more information visit cof.college-access.net/cofapp.

Students must apply for the College Opportunity Fund program through the College Access Network web site. The College Access Network (CAN) application is available at cof.college-access.net/cofapp. In addition to completing your application, when you register you must authorize CU-Boulder to apply the COF stipend before CU can credit the voucher to your tuition.

The College Access Network application needs to be completed before CU can receive information on your COF eligible hours, and before CU can credit your tuition.

Questions about COF and the ACCESS program? Visit www.cu.edu/ums/cof/faq.html or call 303-492-5148.

High School Concurrent Program

If you are a high school student interested in the challenge of university course work, you may enroll in credit courses at the University of Colorado at Boulder. In addition, you may be able to use the credit you earn toward high school graduation requirements and for college credit. Participation in the High School Concurrent Program requires written permission from your high school counselor and parent/guardian.

During the fall and spring semesters, high school juniors and seniors may enroll in the ACCESS (Available Credit Courses for Eligible Special Students) Program and request tuition reimbursement from their school district under the Postsecondary Enrollment Options. You must notify your counselor of your intent to enroll at least two months prior to the beginning of the term. Call 303-492-8252 for an application and more information or visit the web site at www.colorado.edu/conted/hsconcur.

Summer Session 2006

Summer Session at CU-Boulder includes traditional daytime courses held on the Boulder campus. Classes are smaller, more relaxed, and more personal. Different terms allow you to take classes and have time to work, travel, relax, or participate in an internship.

We welcome high school students, undergraduate students, graduate students, and others to join us in Boulder. Different terms help you plan the classes you need around your schedule. Consider taking one class in the 3-week Maymester. There are also 5-week, 8-week, 10-week, and intensive terms.

For more information on Summer Session call 303-492-5148 or visit the web site at www.colorado.edu/summersession to request a catalog.

Degree Completion Program

The Division of Continuing Education and Professional Studies has helped nontraditional students finish their undergraduate degrees for years. Completing a degree is a very unique experience for each person. Students who have a significant amount of eligible credit or who have earned an associate’s degree may be able to complete their bachelor’s degree using course work offered through Continuing Education. Interested students should call 303-492-8252 to make an appointment with an advisor or visit the web site at www.colorado.edu/conted/degreecompletion.htm.

Applied Music

During fall and spring semesters the College of Music and the Independent Learning Program offer private instruction for voice and most popular instruments. Group classes are offered for beginning guitar. Private lessons are by arrangement.

Nine hours of instruction. Two semester hours of credit that can be taken for a letter grade, pass/fail, or no credit. For more information, visit the web site at www.colorado.edu/ceww/appliedmusic.htm.

“If your passion is writing for children, this is where you gain inspiration and make your dreams happen.”

In Kerry Lee MacLean’s one-day workshop, would-be writers delve into what it takes to publish a children’s book. As the award-winning creator of the successful “Pigs Over Colorado” series, Kerry covers everything from critiquing manuscript concepts to detailing the publishing process. “You don’t have to be an accomplished illustrator or an experienced writer,” Kerry explained. “You just have to work hard.” Kerry’s pragmatic, step-by-step approach has helped many of her students become widely acclaimed authors.

DO SOMETHING JUST FOR YOU.

Have you ever considered learning a foreign language for personal or professional development, exploring your artistic side, or expressing yourself on paper? The Personal Enrichment Program lets you pursue your dreams and still meet all the obligations of your wall-to-wall life. In a relaxed, friendly atmosphere, you’ll explore your passion and meet others who share it. So whether it’s capturing the perfect photo, experimenting with oil paints, or writing that novel rolling around in your head, don’t miss the chance to do something for yourself. Stretch your mind by signing up today.
Early Registration Discount
Register by August 26 and receive a 10% tuition discount on each course.

Tuition and classroom information are listed at the end of each course description. Full refunds are given on request prior to the second class meeting. Please keep in mind that non-attendance or non-payment does not constitute withdrawal. If you would like to withdraw from a course, contact the Continuing Education. Only preregistered students may attend class.

Foreign Language Classes
Students enrolled in Continuing Education Foreign Language classes may use the University of Colorado Anderson Language Technology Center (ALTEC). Located in Hellems Hall, the lab provides state-of-the-art audio, video, and print materials for language students. A receipt for your Continuing Education language class is all that you need to use the facility.

Figure Drawing

“This is my first time taking a class through CU Continuing Education, and I look forward to it every week! As a professional graphic designer, I’m on the computer all day. Figure drawing allows me to get my hands dirty and work outside the confines of a computer screen. For me, it’s inspiring.”
WRITING  (continued)

Creative Writing Workshop  
NC W 106

Explore ways to develop your individual voice and improve your work! If you have already taken Creative Writing classes, or have been writing on your own, you will be able to work in a supportive atmosphere. The topics covered and the imaginative assignments will relate to the work that you are doing. We will also have assigned readings relating to the issues brought up in the workshop. The required text for the course is available at the CU Bookstore.

Naomi Rachel, PhD, is a professional writer with over 300 publications in regional and national publications.

Section 300: Mondays, September 19–November 21, 7–9 pm, Education 138, 10 sessions. $220.

Fiction Workshop  
NC W 028

Whether you’ve been working on a novel or just have some short story ideas, bring in your work and get some feedback! This workshop explores techniques to help improve your work, such as better character development, dialogue, and plot. Write and critique fiction in a supportive and informative setting that includes lessons tailored to your needs. No class October 31.

Maria Hugger, MA in Creative Writing from CU-Boulder, has published in a number of magazines including Square One and Third Coast.

Section 300: Mondays, September 19–November 14 (no class October 31), 6–8 pm, Education 136, 8 sessions. $176.

Eileen Banman
Collage

“Continuing Education gives me a wonderful opportunity to explore, to take a chance, and to try something new. It’s also a way to relax and escape the news.

This class lets me tap all my artistic interests and blend them together. It’s really fun. The instructor is very encouraging and allows me explore where my mind is taking me. I’m seeing and thinking about things very differently.”
Creative Nonfiction  
**NC W 079**
Do you have an idea for a nonfiction story? Perhaps you’re looking for other writers to work with who can provide useful criticism. Maybe you just want to learn more about this genre we call creative nonfiction. Whatever the case, this class is designed to help nonfiction writers in the pursuit of their individual projects. Whether you are interested in travel writing, memoir, biography, nature writing, magazine articles, or personal essays, this class will provide a supportive environment for your work. We will conduct the class in a workshop format with some outside readings.

Jim McVey, MA in Creative Writing and PhD in English, is widely published in both fiction and nonfiction. He’s been teaching literature and creative writing courses at CU since 1986.

Section 300: Wednesdays, September 21–November 9, 6–8 pm, Ketchum 301, 8 sessions. $176.

The Writer’s Process: From Inspiration to Publication  
**NC W 121**
If you’ve always wanted to get published, this course is for you. With plenty of creative writing assignments and down-to-earth advice, you’ll learn everything from getting started and discovering your own personal style, to revising your work, surviving rejection, and feeling good about the entire writing process. Specific information will be given about successful writing techniques, writing resources, authors’ insights, query letters, proposals, agents, and marketing/critiquing your work. Enjoy this opportunity to express yourself while learning more about the art and craft of writing.

Ellen Mc遇上, BS in Journalism and MEd, has been writing for more than 20 years with Disney, MCA/Universal, Columbia Pictures, and LucasArts. She’s had several books published including novelty books for children and nonfiction for teens.

Section 300: Tuesdays, September 20–October 25, 6:30–8:30 pm, Economics 117, 6 sessions. $132.

How to Write Magazine Articles … and Get Them Published  
**NC W 005**
Got an idea for a magazine article you’ve been itching to develop? Always loved to write but just haven’t known what to do with that talent or desire? Think you could write livelier, more readable articles than what you see in magazines? From sure-to-sell query letters to sure-to-happen publication, learn all the steps to successful magazine article writing and sales. The instructor also works individually with students’ articles. No class on October 5 and 12.

Su Wright, BS, is a freelance writer who has published articles in national and local magazines and newspapers. She also worked for a local magazine as copyeditor, was editor of a weekly newspaper and feature editor for a local monthly newspaper. She is a former contributing editor and writer to Fodor Travel Guides and is under contract to write travel guidebooks.

Section 300: Wednesdays, September 14–October 26 (no class October 5 and 12), 6:30–8:30 pm, Hale 240, 5 sessions. $110.

Advanced Magazine Workshop: Outdoor Sports Magazine Writing  
**NC W 013**
Learn how to combine your interest in outdoor sports and writing by attending this one-day workshop. Join us as we cover everything from how to develop and “pitch” your article ideas to the right magazine to submit a story with a tone and style that suits your audience. Get tips on how to do research, learn how to read magazines critically, and find out what it takes to break into the outdoor sports writing business.

Evelyn Spence is the articles editor for Skating magazine and has been in the magazine industry for 7 years. On the side, she freelances for various outdoor publications. Joe Lindsey is a CU graduate who has been a freelance magazine writer for the last 7 years. He has written articles for a number of national outdoor sports magazines.

Section 300: Saturday, October 15, 9 am–4 pm, Continuing Education Center, 1 session. $100.

The Children’s Book: Write It, Illustrate It, Publish It!  
**NC W 012**
Ever dreamed of writing or illustrating a children’s book? Learn the entire process, from the cultivation of ideas to the published work. We’ll cover manuscript development, picture book layouts, and secrets for successfully submitting manuscripts to large publishers. We’ll also take a good look at how straightforward and profitable it can be to self-publish. Bring your own art or writing (even if it’s just on a napkin!). Don’t let shyness stop you from getting valuable advice — constructive advice—not destructive. Free five minute private consultations during breaks. This is a fun, super-creative hands-on class! All are welcome to join us for lunch at La Iguana.

Kerry Lee MacLean, BA, has written, illustrated and successfully self-published 6 books, including two award-winners, Pigs Over Denver and Pigs Over Boulder. Her latest book, Piggy Wisdom, has been acquired by Orchard Books.

Section 300: Saturday, November 12, 9 am–4 pm, Continuing Education Center, 1 session. $100.

Committed to communities across the state of Colorado

Using a portion of the revenue generated through its credit and noncredit courses, Continuing Education partners with CU-Boulder’s Chancellor and Provost to fund the CU-Boulder Outreach Committee. The committee awards funding to faculty projects designed specifically for external audiences that highlight faculty research, creative work, and teaching. Projects feature a wide variety of disciplines, including everything from history, dance, philosophy, and Shakespeare to physics, geology, and engineering.

These activities reach audiences of all ages in communities across Colorado. One of these projects features the work of Professor Joe Ryan from the College of Engineering and Applied Science. Professor Ryan and his environmental engineering students have partnered with a community group in Crested Butte and in Jamestown to provide research and water analysis in the preparation of community-driven proposals for remediation of an abandoned mine in the watersheds of these towns. The team carries out a detailed characterization of the effects of the mines on water quality.

In both cases, the streams flow through the center of town and are a primary water source for the entire community. Project goals also include development of a new interdisciplinary course for CU-Boulder students that addresses issues such as this that are facing communities in the West, and creation of a K-12 module for young learners statewide to get involved in this research and solutions.

For additional information on the CU-Boulder Outreach Program and a complete list of recent awards, visit the web site at www.colorado.edu/conted/outreach.

Joe Ryan
Professor, Civil, Environmental, and Architectural Engineering; Director, Environmental Engineering Program

“Residents of Jamestown essentially live on the waste of mines abandoned over a hundred years ago. These environmental hazards continue to leach metals into surrounding streams that feed the area’s drinking water supply. Outreach funds critical research to assess metal input and its effects on the watershed. Equipped with this information, residents have a voice in dealing with the EPA and the state of Colorado. The community can make knowledgeable recommendations concerning cleanup and future use of the watershed.”
We’ve moved!
The Computer Applications Program has moved and is now part of the Center for Advanced Engineering and Technology Education (CAETE) in the College of Engineering. CAETE is a partnership between the College of Engineering and Applied Science and the Division of Continuing Education and Professional Studies. This move allows the program to work more closely with the College of Engineering to provide the most up-to-date engineering, computer, and technology-related courses.

We are working to expand our curriculum by developing new partnerships with domestic and international business communities, customized on and off-campus training programs and various new certificate programs with IT industry leaders. Since the courses offered via this program are no longer exclusively related to computer applications, we also felt that a new name was needed to encompass the expanded offerings available within the program. To this end, the Computer Applications Program has been renamed Short Courses and Certificate Programs (SCCP).

Through our new curriculum, you can learn to master popular applications or boost your career by building technical skills or by earning various IT certificates. Courses feature hands-on, online, and/or lecture-based instruction from respected IT industry leaders and engineering faculty. These courses are relevant, current, and applicable because our instructors work in their fields and bring real-world experience to the classroom. All short courses are noncredit and do not apply toward a degree program. See page 43 for course listing and schedules.

Due to the new direction of the program and changing market conditions, we have made the difficult decision to discontinue our Programming, Graphics and Web Certificate programs. We will continue to offer all courses required to complete the Web and Graphics Certificate programs through the spring 2006 term. If you intend to complete one or more of the Web and Graphics certificates, please plan accordingly to ensure that you can complete all certificate requirements by spring 2006. Courses for the Programming Certificate will be offered on a request only basis (until spring 2006). Please contact us immediately if you are working to complete a Programming Certificate.

The energy you dedicate to enhancing your education is well worth the investment. CU Professional Studies can make you a better leader and a more valuable employee with targeted courses created for working professionals.

At CU, you can receive university credit, earn an advanced degree, and gain professional certificates. We cater to engineers polishing skills, executives seeking cutting-edge knowledge, software designers adding programming sets, non-native English speakers practicing language proficiency, managers selecting employee programs, and other professionals bent on concentrated learning. Use your time and resources wisely by tapping into CU Professional Studies today.
University Credits and Degrees

**Traditional undergraduate and graduate courses**
CU helps you to earn credits toward a degree or professional certification. Night classes are offered year-round through the Boulder Evening program (see page 2). You can complete course work on your own terms through the Independent Learning program (see page 18) which offers courses online or by mail. And the ACCESS program (see page 27) lets you attend traditional daytime courses.

**Center for Advanced Engineering and Technology Education (CAETE)**
Earn a master’s degree in telecommunications, engineering management, aerospace engineering, computer science, or electrical and computer engineering by completing your course work through our distance-learning technology.

Short Courses and Certificates

**Center for Advanced Engineering and Technology Education (CAETE)**
Check out our short courses and certificate programs in computer, engineering, technology, and management—all designed for today’s professionals. Choose from traditional and online options, evening and weekend schedules, on-campus and worksite locations.

**Executive Development Programs (EDP)**
Hone your professional edge through our certificates in leadership, negotiation, executive development, technology management, and finance. These targeted programs are offered in partnership with the Leeds School of Business (see page 44).

Language Programs

**International English Center**
If you’re a non-native English speaker, you can improve your language proficiency via the English as a Second Language (ESL) and the Global Business Communications programs (see page 45).

**Foreign Language Courses**
Would you like to add a foreign language to your resume? You can learn everything from Japanese to Spanish. Conversational, not-for-credit classes are available through the Personal Enrichment program (see page 28), while the Boulder Evening program features language courses that earn college credit (see page 2). For daytime options, find out more about our ACCESS or Summer Session programs (see page 27).

Custom Training

If your business requires employees to learn specific skills, we can design a workshop or series of classes to address nearly any topic by drawing on CU’s vast intellectual resources. This customized training is available through the Executive Development Programs (EDP) and the Center for Advanced Engineering and Technology Education (CAETE).

Michele Falivene: “50 for Colorado has a nice twist on a lot of other leadership programs. It provides a true mechanism to go out and physically take participants to the economic engines. The course also affords an opportunity to interact and network with experts in those arenas. Building relationships while visiting different economic arenas provides an appreciation for what others do and how we all contribute to the health and welfare of the business that’s conducted in our state.”
University Credits, Degrees, and Certificates
- Earn a master’s degree in aerospace engineering, computer science, electrical and computer engineering, engineering management, or telecommunications from CU-Boulder’s College of Engineering and Applied Science.
- Earn a graduate certificate in embedded systems, engineering management, project management, power electronics, R&D, software engineering, computer and network security, or wireless networks and technologies.

Academic Excellence
CU-Boulder is one of the leading research universities in the United States. The College of Engineering and Applied Science at CU-Boulder is known for its outstanding faculty, strong industry partnerships, and dedication to excellence in both teaching and research, thus making it one of the best institutions of higher education in the country for meeting the challenges of the 21st century.
- Graduate programs at the College of Engineering and Applied Science are ranked 19th among public engineering schools (U.S. News and World Report, April 2005).
- Among the 170 distinguished faculty in the College of Engineering and Applied Science are 18 NSF National or Presidential Young Investigators, 20 NSF CAREER Award winners, and three NSF Presidential Early Career Award winners or faculty fellows. Telecommunications faculty member, Frank Barnes, received the National Academy’s highest award, the Bernard M. Gordon Prize, for innovation in engineering and technology education.
- Eighteen research centers offer additional opportunities to students for interdisciplinary study and support. National laboratories and numerous industrial firms involve the college’s students and faculty in many joint research projects.

The Professional Advantage
Through CAETE, you can earn a graduate degree or certificate and participate in professional development classes directly from your workplace or home. Courses are taught by tenured and tenure-track faculty at the university or by adjunct faculty who, as industry professionals, bring real-world experience into the classroom.
- The convenience of distance learning allows you to pursue your professional development from anywhere. Courses are delivered via the Internet and CD-ROM.
- Contact with world-class faculty gives you exposure to cutting-edge research and practical expertise.
- Access to an extensive library of courses provides the flexibility for you to take a class that may not be offered during the regular semester. Companies can also rent or purchase courses for in-house training. Whether you apply courses toward a degree program or enroll for professional development, CAETE provides the best of both worlds — learning convenience and University of Colorado academic quality.

“I started a full-time job, got married, and bought a house all while taking the last two classes for my master’s degree. The flexibility of taking distance learning classes through CAETE was exactly what I needed to keep my goals on track.”

Leeds Executive Development Programs is an executive education provider with a national presence. We focus on excellence and customer service that meets the needs of busy executives. With a full staff and access to some of the best faculty in the world, we design quality programs that prepare tomorrow’s business leaders.

The Six Questions of Leadership
In association with the NorthStone Group, Executive Development offers this two-day course, which introduces the six questions of leadership that form the core of effective leadership. Using extensive, proprietary research by NorthStone Group Partner Adam J. Goodman, PhD, participants will assess how well their organization has answered these essential questions. Tuition is $1,250 and includes all materials, and breakfast and lunch on class days. Class runs Sept. 15–16, 2005.

Finance and Accounting for Non-Financial Executives
This three-day seminar teaches how financial data is generated and reported, as well as how it is used for decision making, analysis, and valuation. Participants will learn how to find the “real meat” in balance sheets and financial statements, the difference between direct and fixed costs, and the best tests for evaluating liquidity, solvency, and leveragability, among other things. Tuition is $1,950 and includes all materials, and lunch on class days. Class runs Sept. 19–21, 2005 and March 27–29, 2006.

Corporate Governance
With the new focus on board liability and oversight challenges faced by boards of directors, serving on an international corporate board is more challenging than ever. This program will provide board members with the tools and framework to help them succeed and represent the stakeholders. This program offers a research-based, comprehensive approach to corporate governance from which even experienced directors can benefit. Class runs Sept. 22–23, 2005.

Technology Leadership Program
Go from being today’s technology expert to being tomorrow’s business visionary. The Technology Leadership Program combines leadership and management training with a strategic and practical understanding of the business fundamentals that impact today’s global companies. Expand your technical expertise to include management, finance, and globalization trends influencing today’s businesses. Conclude with a capstone program—long project specific to issues within your company. Class includes 13 full-day sessions from Oct. 2005 to May 2006.

Business Performance Excellence (BPE)
BPE is achieved when an organization generates its maximum level of potential profitability given its human, financial, capital, and other resources. BPE incorporates a number of revolutionary new tools, as well as tried and true techniques, integrated into a model designed to avoid these errors. The model requires you to identify and track fewer critical metrics. At the same time, it achieves consistency of purpose and direction throughout the organization, allowing you to deploy the appropriate resources to achieve your long-term vision, mission, and to deliver on your value proposition. The two-day class runs Oct. 24 and 26, 2005.

Humanizing the Negotiation Process
In association with the NorthStone Group, this two-day course is designed for mid-level managers who want to improve their ability to negotiate. By gaining an understanding of the elements of negotiation, participants will also be able to recognize when they are being “negotiated upon” by others and will be better prepared to engage in the negotiation. Tuition is $1,250 and includes all materials, and breakfast and lunch on class days. Class runs Nov. 17–18, 2005.

50 for Colorado
This program is the perfect venue for leaders and emerging leaders throughout Colorado to experience the state’s economy and to build a network with others who share a concern about the state’s future. Each month, participants learn about a different segment of the Colorado economy, from defense to farming to tourism and everything in between. Applications are accepted through October for the following year’s program. Tuition for the Class of 2006 is $3,400 and includes meals on class days, accommodations for three overnight trips, and two networking events with 50 for Colorado alumni. The program runs Jan. 2006 through Oct. 2006.

CU Business Intensive Certificate (CUBIC)
CUBIC teaches basic business principles to non-business majors and recent graduates. Taught by world-class faculty from the Leeds School of Business, students will participate in a rigorous interactive learning experience. CUBIC focuses on accounting, finance, management, marketing, economics, and personal finance. Upon successful completion, participants earn a Certificate in Applied Business. Tuition is $1,300 and includes 14 days of instruction, class materials, professional development activities, and lunch and snacks on class days. The 2006 class runs May 15–June 2.

Colorado Executive Development in Residence Program (CEDIR)
CEDIR gives experienced business professionals a critical overview of fundamental business concepts. Participants will gain a solid foundation in fundamental business skills, enhance their functional knowledge of business, receive exposure to the latest management ideas, and learn to be more productive employees. The course spans three years, but is broken down into two-week summer sessions each year. Upon completion, participants earn a Certificate in Executive Management. Tuition is $5,500 per session and includes all course materials, meals on class days, and a graduation dinner. Class runs July 17–28, 2006.

Custom Business Programs
In today’s world, companies need a strong leadership team. At the Leeds School, we work with companies to create or enhance employee development programs. At either our site, yours, or in a retreat setting, you can be sure that every detail has been attended to and that your executives will receive the best education possible.

To view all Executive Development offerings, please visit our web site at [leeds.colorado.edu/executive](http://leeds.colorado.edu/executive), contact us by e-mail at [execdev@colorado.edu](mailto:execdev@colorado.edu), or call 303-735-0541.
The International English Center (IEC) offers five English as a Second Language (ESL) programs for international students, community residents, or interested visitors from other countries.

**ENGLISH AS A SECOND LANGUAGE FOR DEGREE STUDENTS (ESLG)**
The International English Center offers non-intensive credit and noncredit speaking and writing courses designed to be taken concurrently by graduate and undergraduate degree students who need further work in the language; nondegree students may enroll with appropriate level of English proficiency. An English Placement Test is given at the beginning of the fall and spring semesters and recommendations are made based on student results. For information on the courses offered, please visit the web site at www.colorado.edu/iec/new/ESLG.html.

**EVENING COURSES**
Six-week evening classes in English as a Second Language are offered five times a year to students with at least a high school education. $355 (materials included).

- **Beginning Level**
  - **NCIE 6100**
  - For students who have a limited vocabulary, speak in simple sentences, and understand some of what is said.

- **Intermediate Level**
  - **NCIE 6200**
  - For students who have more than basic vocabulary, can communicate, understand much of what is said, and read a variety of materials, but experience some difficulty in writing.

- **Advanced Level**
  - **NCIE 6300**
  - For students who have an extended vocabulary, communicate effectively, read a variety of materials with little difficulty, and write effectively with little guidance, but have a desire to polish their skills.

**ONLINE WRITING INSTRUCTION FOR ESL GRADUATE STUDENTS**
Online noncredit writing modules are offered for students who have completed an undergraduate degree and who need to improve their writing for their course work, thesis, or dissertation. In addition to the graduate student modules, there are specialized Engineering Management modules. Students may choose the modules that best suit their needs. Students work through the online course and receive comment and evaluation from the online instructor through two or three assignments. Each module must be completed within 60 days. Tuition is $77 for Modules 1 and 2 and $154 for Modules 3 and 4.

**Effective Writing for ESL Graduate Students**
Module 1 — Graduate Writing; Description, Summary, and Abstract
NCIE 7100-143

Module 2 — Graduate Writing; Persuasion, Analysis, and Argument
NCIE 7100-144

Module 3 — Graduate Writing; Prospectus/Proposal

You’ve got questions. 
We’ve got answers.

For most of our students, life is complicated. Let our staff help you sort through your options—and simplify your decision making. Tap our expertise to identify a course of study, find financial aid, navigate the CU system, prepare for a career, and more. This is what we do, day after day, and we’re good at it.

Getting Started

Academic Advising

Our academic advisors are experienced at helping students evaluate the university options that are right for them. They can help you sort through the possibilities and choose the best course of action—whether it’s for academic credit or noncredit. Call 303-492-8252 to set up an appointment. You will find helpful hints for preparing for your appointment on the Web at www.colorado.edu/conted/advising.htm.

For fall and spring semesters, if you are under 20 years of age as of January 15 for spring or September 15 for fall, not in high school, and not officially admitted or enrolled in a CU-Boulder degree program, you must meet criteria similar to those of freshmen entering the University. To determine your eligibility to take credit classes, you must meet (by phone or in person) with a Continuing Education academic advisor and provide copies of your high school transcript and SAT or ACT scores.

Financial Assistance

Our financial aid advisor can help you determine if there are funds available to help you meet your educational goals. Call 303-492-8252 to make an appointment or visit the web site at www.colorado.edu/finaid/continuinged.html.

Students over the age of 25 are also eligible to apply for a Nontraditional Student Scholarship. Awards are for up to 80% of the cost of taking a credit or noncredit course. Complete information, deadline dates, and an application form are available by calling 303-492-5148 or on the Web at www.colorado.edu/conted/scholarships.htm.

Career Services

Our career counselor is available for comprehensive career counseling including career exploration and planning, job search assistance, and other career-related guidance. Your first consultation is free. Additional resources, such as skills analysis and interest surveys, are available for a fee. To schedule an appointment, call 303-492-8252. For more information, visit the web site at www.colorado.edu/conted/careerservices.htm.

Enrolling

When you’re ready, you can register through the mail, by telephone, in person, or online. Choose the method that’s best for you.

1. Registration forms are located in the center of this catalog. Fill out the appropriate form and fax it to 303-492-3962, bring it to our office at 1505 University Avenue, or use the postage-paid envelope provided. Our office hours are 7:30 to 4:30 Monday-Friday through Friday, August 12. Beginning Monday, August 15 our hours will be 8 to 5 Monday-Friday. The University is closed Monday, September 5, and Thursday and Friday, November 24 and 25.

2. You can register over the telephone for Personal Enrichment courses by calling our registration office at 303-492-5148 and charging the tuition to your VISA, MasterCard, or Discover.

3. You can use our online registration forms for credit courses. For Boulder Evening or Independent Learning, submit the credit application on our web site, www.colorado.edu/conted/creditapp.htm.

No matter how you register, you will receive confirmation of the course you are enrolled in along with course meeting times and location through the mail.
Registration begins August 1

Paying
Continuing Education offers a full service bursar/accounting office. You can pay your tuition by check, cash, credit card (VISA, MasterCard, or Discover), or online from your checking or savings account at www.colorado.edu/conted/paymentonly.htm.

For your convenience, you can use your credit card (VISA, MasterCard, or Discover) to pay for your credit course through PLUS at www.colorado.edu/plus, by phone at 303-492-2216, or by fax at 303-492-3762. You can also visit our office at 1505 University Avenue. Our office hours are 7:30 to 4:30 Monday–Friday through August 12. Beginning Monday, August 15 our hours will be 8 to 5 Monday–Friday. The University is closed Monday, September 5, and Thursday and Friday, November 24 and 25.

If you need confirmation of enrollment and payment of tuition for employer reimbursement, please contact us at 303-492-2212 or by e-mail at cebursar@colorado.edu.

Additional Information
Course Updates
Occasionally information printed in this catalog changes. We encourage you to verify your course information such as course locations, cancellations, etc. before traveling to campus for your class. You will find the most up-to-date information on our web site at www.colorado.edu/conted.

We try to notify enrolled students of course changes by e-mail and telephone. We therefore encourage you to let us know if any changes occur to your contact information.

Student Privacy
You may elect to have directory information withheld about yourself. Please call or visit our office to receive the required form.

Accessing Campus Services
As a Continuing Education student, you may be eligible to use the campus libraries and computer labs at no cost. To gain access to these campus services, please obtain a “no fees paid” sticker (available at the Continuing Education cashier’s desk) and bring the sticker and a photo ID with you when you plan to use the libraries or computer labs. You can also purchase a student ID, the Buff OneCard, for $20 by presenting a copy of your student schedule and photo ID. Visit the web site at buffonecard.colorado.edu for location and hours.

Severe Weather
Classes are held when scheduled. Continuing Education may cancel classes because of severe weather or if the Chancellor closes the campus. If you are concerned about traveling to your class, please call 303-735-5000 for a list of cancellations. Boulder campus closings are announced on local radio and television stations.

Books and Supplies
Required course materials are available at the CU Bookstore in the basement of the University Memorial Center on campus. Call 303-492-6411 or visit their web site at www.cubookstore.com.

FAQs
How much will my course cost?
Costs vary depending on the course. For Personal Enrichment, you will find the cost at the end of each course listing. For Boulder Evening, tuition is different for Colorado residents and nonresidents. Information on tuition and residency can be found on page 3 or on the Web at www.colorado.edu/conted/tuition.htm.

Continuing Education tuition is charged separate from and in addition to other CU tuition. All tuition and refund determinations are subject to audit.

Where do I get a record of my classes?
If you need a record of your academic credit courses, request a transcript through PLUS at www.colorado.edu/plus or CUConnect at cuconnect.colorado.edu. You can also visit the CU Registrar’s web site at registrar.colorado.edu/support/transcripts.htm for other options.

For a record of your noncredit courses, call our registration office at 303-492-5148.

Where is my class?
Is there parking nearby?
Course locations are listed at the end of each course description. Many campus parking lots offer $2.00 parking after 5 pm and on Saturdays. Some are free during evenings and weekends. The Campus Map on gives both building and parking lot locations. To skip parking altogether, take the RTD bus to campus.

What if my plans change and I have to drop my class?
Please let us know. Depending on when you drop a course, you may receive a full refund. Refer to each program description for refund policies after a course begins.

Call us at 303-492-5148 or 800-331-2801 (TTY 303-492-8905) if you need any help or for additional information visit our web site at www.colorado.edu/conted.
