WELCOME!
At the Division of Continuing Education our mission is to provide quality, innovative lifelong learning opportunities to a diverse student population by extending the educational resources of the University of Colorado at Boulder. Welcome to the Spring 2001 Continuing Education catalog!

This catalog describes credit and non-credit programs from personal enrichment courses to on-line, distance learning courses. Whether you are an existing CU student looking for an evening class, a business professional looking to advance your career, a stargazer who always wanted to take a college astronomy class, a non-traditional student looking to pursue a degree, or a real estate professional needing license renewal hours, let us help you find continuing solutions this spring.

The pages that follow contain program descriptions, course listings, registration information and campus resource information. Here are some helpful hints for using this catalog:

- [website](http://www.colorado.edu/conted) has the most up-to-date details
- Credit programs are listed in the front of the catalog
- Key policies, procedures and contact information are detailed on page 62
- Registration policies, including drop/add and payment/refund dates, differ by program—be sure to read the respective introduction page
- Parking and class building information is detailed on pages 60-61
- Tuition payment for Continuing Education courses is in addition to the main campus

For those of you who have participated in Continuing Education programs in the past, here are a few new & noteworthy updates on our programs and catalog:

CENTER FOR BUSINESS EDUCATION (CBE). The CBE extends the resources of CU’s College of Business to professional communities through executive and business education programs. Programs combine the College’s best faculty and most relevant curricula with innovative and flexible class formats. See page 33 for more information.

COMPUTER LABS. We are using two new computer labs equipped with state-of-the-art computers and software and the latest technological toys and tools. One new lab is located in our offices at 1505 University Avenue and the other is in the Humanities building. These labs are in addition to those in the University Computing Center (UCC) and the University Management System (UMS) locations.

SCHOLARSHIPS. Some state and federal funds are available to qualified students enrolled in continuing education courses. For more information, call 303-492-5148.

NEW BOULDER EVENING CLASSES. Five new courses are available in the evenings this spring including; Introduction to Environmental Studies, Photography 2, American History and Film, Survey of Western Political Thought, and American Foreign Policy. Course descriptions begin on page 10.
CONTENTS

BOULDER EVENING CREDIT CLASSES
University of Colorado credit courses offered weekdays after 5 p.m. through the departments of communication, English, mathematics, psychology, sociology, Spanish, and more.

INDEPENDENT LEARNING PROGRAMS
For people in transition, on the road, or just busy with multiple demands, an excellent solution for disciplined independent learners.

ADDITIONAL CREDIT PROGRAMS
CATECS (Center for Advanced Training in Engineering and Computer Science)
ACCESS (Available Credit Courses for Eligible Special Students) Program
High School Concurrent Program
CU-Boulder Summer Session

PERSONAL ENRICHMENT COURSES
A lively, relevant approach to the arts, languages, theatre, and writing.

CENTER FOR BUSINESS EDUCATION
Extending the resources of CU's College of Business to professional communities through executive and business education programs.

COMPUTER APPLICATIONS PROGRAM
Hands-on instruction from user-friendly instructors, to teach you the basics or take you to the power-user edge.
Certificates in Computer Applications, Network Administration, Programming and Web Site Design available.

REAL ESTATE AND APPRAISAL PROGRAM
A full curriculum of noncredit real estate and appraisal courses for professional licensure and license renewal in the state of Colorado.

SPECIAL PROGRAMS
International English Center
CU Interlocken Center

CAMPUS MAP

REGISTRATION INFORMATION
Dates, deadlines, eligibility, financial aid, tuition, refunds, residency and more.

NONCREDIT/CERTIFICATE REGISTRATION FORM

INDEX
BOULDER EVENING CREDIT CLASSES

BOULDER EVENING COURSES: CONTINUING SOLUTIONS FOR YOUR BUSY LIFE.

BOULDER EVENING CREDIT offers university courses that give you more options and more flexibility, to help you continue your education while juggling the demands of a busy life. To understand exactly how Evening Credit courses fit into your program of study, make an appointment to talk to an advisor.

- Begin your degree
- Complete your degree
- Fulfill core requirements
- Make a difficult schedule work better for you
- Pick up credits you’ve overlooked or postponed
- Try on the idea of going back to school
- Try on the idea of applying to CU

ELIGIBILITY: All you need is a high school diploma or GED. (Individuals on University of Colorado financial aid or academic suspension from the College of Engineering and Applied Science may not enroll.)

ACADEMIC ADVISING: An academic advisor is available to help you plan a degree program, decide on a major, or simply explore your options. Feel free to call 303-492-5145 for an appointment.

PRIVILEGES: As a Boulder Evening Credit student, total library services are available at no additional charge.

PASS/FAIL: Any Boulder Evening course taken for pass/fail is subject to restrictions established by your school or college.

TO DROP: To drop a credit course and ensure that you receive any tuition refund that may be due, come to the Division of Continuing Education and complete a drop voucher by the appropriate date. If you don’t officially withdraw from a course, you may receive a grade of “F” for that course.

TUITION: Tuition is determined by residency status. Resident tuition is $120 per credit hour. Some courses requiring special equipment or materials may be slightly higher. Non-residents of Colorado are assessed tuition based on the number of semester hours for which they register. Non-residents may register for up to three (3) semester hours at the rate of $220 per credit hour. Nonresidents registering for four (4) or more semester hours of Boulder Evening credit courses will be assessed a significantly higher rate that is comparable to the regular campus, non-resident rate. The Division will charge our in-state rate for Boulder Evening when a non-resident, degree student pays full-time, out of state tuition through the Boulder campus and then enrolls for additional Boulder Evening courses.

RESIDENCY: If you have lived in Colorado for the past 12 months, you may be eligible for in-state tuition rates although you may be asked for documentation. Please see the calendar on page 4 for deadline dates to petition for in-state classification.

UNDER 23? If you’re not 23 years old by the first day of classes, you are assumed to have the same legal residence as your parents. If your parents live out of state, you may petition the University of Colorado for resident status as an emancipated minor. If you believe your initial classification is incorrect, talk to the Classification Coordinator at 303-492-5148.

STUDENT FEES: Boulder Evening students have the option of paying student fees for use of campus facilities (RTD bus pass, Recreation Center, Wardenburg Health Center, and other student services). Information on cost and paying student fees may be obtained by calling 303-492-5148.

FINANCIAL AID: Degree students may qualify for all financial aid programs if eligible. Nondegree students taking courses for credit may qualify for a Stafford Loan (formerly GSL) if eligible. Applications are available in the Office of Financial Aid, Environmental Design building, Room 2, 303-492-4518.

VETERAN BENEFITS: As an eligible veteran or veteran dependent, you may enroll in evening classes and apply credit toward a degree. If you have questions about your eligibility and benefits contact Veterans Services in the Office of Financial Aid, Environmental Design building, Room 2, 303-492-7322.

TO ENROLL: We encourage you to register in advance of the first class by CU Connect, the web, mail, FAX, or in person at the Division of Continuing Education, 1505 University Avenue.

SPECIAL FACULTY-STAFF REGISTRATION: Faculty and staff of the University of Colorado at Boulder may enroll in Boulder Evening courses at half the regular tuition on a space available basis. Please bring proof of appointment (showing at least half-time employment) to registration. See page 4 for registration dates.

SURVIVAL TIP: Boulder Evening tuition is assessed in addition to any tuition paid on campus (resident or nonresident).
# BOULDER EVENING ACADEMIC CALENDAR SPRING 2001

## DECEMBER 4
Boulder Evening registration through CU Connect or the web begins 7 a.m. - midnight. Registration is also available by mail, fax, or in person at the Division of Continuing Education, 1505 University, 8 a.m.-5 p.m. Monday through Friday.

## JANUARY 15
Martin Luther King, Jr. Holiday. Division offices closed.

## JANUARY 22
Full Term and Session I classes begin. Faculty/Staff registration for Full Term and Session I classes. 50% discount. Proof of appointment required.

## JANUARY 24
Deadline to petition for in-state classification for Session I classes.

[ON THE WEB WWW.COLORADO.EDU/CONTED]
REGISTER USING CU CONNECT OR THE WEB

IN ADDITION TO REGISTERING by mail, fax (303-492-3962), or in person (1505 University Avenue), Boulder Evening students are eligible to register using CU Connect (the telephone registration system) or the Web. To be eligible to use either CU Connect or the Web, students must have a current Continuing Education term record and have no academic or financial stops which could prevent them from registering. To set up a term record, return the registration form on page 63. You will be sent an Invitation to Register through the mail verifying your eligibility along with your Personal Identification Number (PIN). Please remember to keep your PIN confidential. Use of CU Connect or the Web obligates you for any tuition charges as a result of adding any course.

CU Connect and the Web are normally available Monday through Friday 7 a.m. to midnight and Sundays from 11 a.m. to midnight. They are not available on Saturdays or on December 25 and January 1. Limited hours: December 24, 11 a.m. to 5 p.m., and December 31, 11 a.m. to 5 p.m.

WEB REGISTRATION
Eligible Boulder Evening students can register on the Web by accessing the CU home page at www.colorado.edu and choosing Personal Lookup Services or going directly to www.colorado.edu/plus and selecting the "Registration" button. You will then need to enter your student ID number and personal identification number (PIN). Then choose Continuing Education and follow the instructions on the web page from there to add or drop and request pass/fail or no credit. You will need to enter the 5 digit course call numbers to register for courses and click on the "submit" button to process each course request. To verify your course selections, click on the "Schedule" tab at the bottom of the page. When you're finished, be sure to either exit web registration or make a credit card payment by clicking the "next step" tab at the bottom.

- Click account balance
- Choose Continuing Education for credit and click submit.
- Choose credit card payment and follow the instructions from there, filling out required address information (address and zip must be filled in).
If you would like an e-mail receipt, complete the required e-mail section.
You can also conduct online course searches via web registration. The web registration course search tool allows you to search by subject, level, course number, core requirements, and by meeting time. The course search is updated on a real-time basis, so if you need a course you would like to sign up for, you immediately know whether there is still room in the course.

CU CONNECT REGISTRATION
Call CU Connect, 303-938-8110, from any touch-tone phone to register. Use the confirmed registration function codes listed below.

- the Boulder-campus code 1
- the Continuing Education code 1
- the registration application code 1
- the term code 011
- your University student number
- your personal identification number (PIN)

Fill out the information below completely. When prompted, enter the courses you've listed below. Press the star (*) or pound (#) keys as indicated. Whenever you press the # key, wait for the computer voice to respond before proceeding with the next entry. For more time between entries, press #.

OTHER CU CONNECT FUNCTIONS
To add a course, press 2*, the course call number, then #
To drop a course, press 3*, the course call number, then #
To request a course for no credit, press 1 between the course call number and #
To request a course for pass/fail, press 2 between the course call number and #
To list your courses, verify your schedule, or check your wait list position, press 5#
To search for open sections, press 7#
To place your name on a wait list, press 9#
To cancel an entry, press # before you have completed the transaction
To exit the registration application, press 8# then 1 to access the student billing application
for your account balance and/or credit card payment options; or press 2 to end the call.
VERIFYING AND ADJUSTING YOUR SCHEDULE
Once you have registered, it is important that you verify your schedule either through CU Connect or the Web. Your schedule can be adjusted through the dates listed on the calendar on page 4.

WAIT LISTS
Placing your name on a wait list does not guarantee that you will be enrolled in that course. Enrollment is determined by the total number of spaces and the demand for each particular course. Spaces may or may not become available at a future time.

You can check your position on any course wait list either on the Web at www.colorado.edu/plus or by calling CU Connect and pressing 5# (list schedule function).

If you choose to wait list for a Boulder Evening course and a space becomes available, you will automatically be enrolled in the course and additional tuition and fees will be assessed. We, therefore, encourage you to check your wait list position often to avoid paying additional tuition and fees and receiving an “F” for the course.

ACCOUNT BALANCES
The amount of tuition you owe is available both through CU Connect and the Web. Credit card payments, using VISA, MasterCard or Discover, can be made on CU Connect and the Web. You can also call our accounting office at 303-492-2212 to make a credit card payment, fax your credit card information to 303-492-3962, or visit our office at 1505 University Avenue.

COURSE RESTRICTIONS
Some Boulder Evening courses have prerequisites and enrollment restrictions. It is your responsibility to ensure that you have met the listed prerequisites and/or restrictions. If you are unsure, please call 303-492-5145 and make an appointment with our academic advisor.

GRADES
To access your grades through the Web, log on to www.colorado.edu/plus, enter your student ID number and PIN, and choose the grades option. To access your grades through CU Connect call 303-938-8110 from any touch tone phone, press 1 for the Boulder campus, 1 for Continuing Education, 2 for the grade code function and enter the term code (011 for spring) followed by your student number and PIN. To determine the term code for previous semesters, the first two digits are the year and the last digit the semester (1=Spring, 4=Summer, 7=Fall).

ADDITIONAL WEB FUNCTIONS
With your student identification number and PIN, in addition to registering, you are also able to find the following:
- degree program information (primary and secondary college, major, residency, gpa, and class standing)
- registration status (advising requirements and academic or financial stops)
- class schedule for all current and past terms enrolled and all future terms for which you have registered
- current semester billing and financial aid information
- address changes
- PIN changes
- degree audit (for certain colleges)

PROBLEMS? QUESTIONS?
If you have any type of registration stop, you will not be allowed to enroll via CU Connect or the Web. Please call our registration office at 303-492-5148 for more information on your stop.

If you have a Continuing Education term record for spring and no registration stop, please call 303-492-5148 between 8:30 a.m. and 5 p.m. Monday-Friday for further assistance. After hours, please call 303-492-5145 for a recorded message.

**SURVIVAL TIPS**

**TUITION CHARGES** for credit courses offered by the Division of Continuing Education are determined by **PROGRAM** and by the **RESIDENCY** status of the student.

**RESIDENTS OF COLORADO** are assessed tuition based on the price per semester hour and the number of semester hours for which they register. Tuition is based on the cost cited in the most recent program publication.

**NON-RESIDENTS OF COLORADO** are assessed tuition based on the price per semester hour and the number of semester hours for which they register. Non-residents may register for up to three (3) semester hours at the non-resident reduced rate cited in the most recent program publication. Non-residents registering for four (4) or more semester hours of credit courses offered by the Division of Continuing Education, regardless of program, are assessed non-resident tuition for all courses at the rate established by the Board of Regents for that term or session. The Board of Regents reserves the right to change tuition without prior notice. All tuition and refund determinations are subject to audit.

**REGISTER IN PERSON** 1505 UNIVERSITY AVENUE
ANTHROPOLOGY
Introduction to Physical Anthropology 2
ANTH 2020
3 semester hours
Continuation of ANTH 2010. Emphasizes quantitative analysis, genetics, and race. Students may not receive credit for both ANTH 2020 and 2060. Prereq.: ANTH 2010. Approved for arts and sciences core curriculum: natural science.
Sue Woods, Ph.D.
Full Term - Section 300: Call No. 30011 Mondays, 6:30-9:30 p.m. Hale 260. $360 (resident).

ARABIC
Beginning Arabic 1
ARAB 1010
5 semester hours
This is the first semester of the first year of Arabic and includes beginning grammar and conversation. The next offering of this course is tentatively scheduled for Fall 2002. Approved for arts and sciences core curriculum: foreign language.
Nadia Turk, Ph.D.
Full Term - Section 300: Call No. 30012 Mondays and Wednesdays, 5:30-8 p.m. Hellem's 271. $620 (resident).

ASTRONOMY
General Astronomy: Stars and Galaxies
ASTR 1120
3 semester hours
Principles of modern astronomy for nonscience majors, summarizing our present knowledge about the Sun, stars, neutron stars, black holes, interstellar gas, galaxies, quasars, and the structure and origins of the universe. ASTR 1110 and 1120 can be taken in either order. There will be opportunities to attend nighttime sessions at Sommers-Bausch Observatory. Some sessions will be at the Fiske Planetarium. Approved for arts and sciences core curriculum: natural science.
Joe Romig, Ph.D.
Full Term - Section 300: Call No. 30013 Mondays, 7-10 p.m. Hale 270. $360 (resident).

BIOLOGY
General Biology 2
EPOB 1220
3 semester hours
Introduces organisms, homeostasis, development, behavior, and ecology. Recommended for science majors who are not EPOB majors. Similar to EPOB 2060 and 2660. Prereq.: EPOB 1210 or equivalent. Approved for arts and sciences core curriculum: natural science.
Beth Bennett, Ph.D.
Full Term - Section 300: Call No. 30052 Tuesdays, 6:30-9:30 p.m. Muenzinger B0046. $360 (resident).

BUSINESS CORE
Accounting and Financial Analysis 1
BCOR 2000
4 semester hours
Builds a basic understanding of how information regarding a firm’s resources and obligations is conveyed to decision makers both outside and within the firm. Focuses on the form and content of corporate financial statements. Students learn the principles of revenue and expense recognition as well as the basic accounting for assets, liabilities, and equities. In addition, introduces accounting and financial statement analysis for decision makers. This course is a core requirement for all Business majors. Prereq., sophomore standing.
Dov Fischer, C.P.A.
Full Term - Section 300: Call No. 30014 Tuesdays and Thursdays, 6:30-8:30 p.m. Business 211. $480 (resident).

Business Statistics
BCOR 2010
3 semester hours
Covers descriptive statistics, basic probability theory, statistical inference, correlation and regression analysis, and time series analysis. Uses statistical features of commonly used business spreadsheet software. Students use this software to solve problems using real business data. This course is a core requirement for all Business majors. Prereq.: MATH 1050, 1060, 1070, or calculus and BCOR 1000. Instructor TBA
Full Term - Section 300: Call No. 30015 Wednesdays, 6-9 p.m. Business 353. $360 (resident).

COMMUNICATION
Public Speaking
COMM 1300
3 semester hours
Covers theory and skills of speaking in various public settings. Treats fundamental principles from rhetorical and communication theory and applies them to oral presentations.
Joel Guenther, M.A.
Full Term - Section 300: Call No. 30016 Thursdays, 6:30-9:30 p.m. Humanities 1B70. $360 (resident).
David Steiner, Ph.D.
Session II - Section 200: Call No. 30017 Tuesdays and Thursdays, 6-9 p.m. McKenna 112. $360 (resident).

Sherry Baker is taking Frank Iannella's Screenwriting class and says it's really been great. "I love writing. I have always been interested in movies—the visual and the written aspects. I had taken a class earlier and had to drop out because of a family illness. So I just decided to dive back into it." The idea of a semester-length, for-credit class doesn't phase her, she's already earned two degrees. She says, "it's a big step in terms of committing to the time but it's been great and I'm really enjoying it."
Communication and Society
COMM 2400
3 semester hours
Seeks to increase students' awareness of the ways in which gender, dialect (ethnic, regional and social class), and cultural background influence communication behavior and its consequences. Deepens understanding of communication as a social process, making students more sophisticated observers and participants in their own and other cultures. Approved for arts and sciences core curriculum: contemporary societies.
Joel Guenther, M.A.
Full Term - Section 300: Call No. 30018 Tuesdays, 6:30-9:30 p.m. Humanities 1890. $360 (resident).
Session II - Section 200: Call No. 30086 Mondays and Wednesdays, 6:30-9:30 p.m. Muenzinger E006. $360 (resident).

Principles of Macroeconomics
ECON 2020
4 semester hours
Provides an overview of the economy, examining the flows of resources and outputs and the factors determining the levels of income and prices. Explores policy problems of inflation, unemployment, and economic growth. This section requires World Wide Web access for the online recitation. May be taken before ECON 2010. Students may not receive credit for ECON 2020 and 2021 or 1000 or 1001. Approved for arts and sciences core curriculum: contemporary societies.
Rachael Small, M.B.A.
Full Term - Section 300: Call No. 30021 Thursdays, 6-9 p.m. Economics 119. $480 (resident).

ECONOMICS
Mathematical Tools for Economists I
ECON 1078
3 semester hours
Teaches mathematical skills and logical thinking for use in economics. Course is open to all majors. Topics include algebra, graphs, functions, and probability. Includes many "real-world" examples, such as investments, supply and demand, maximizing profits, and minimizing costs. Approved for arts and sciences core curriculum: quantitative reasoning and mathematical skills.
William Mertens, Ph.D.
Full Term - Section 300: Call No. 30019 Mondays, 6-9 p.m. Economics 119. $360 (resident).

Principles of Microeconomics
ECON 2010
4 semester hours
Examines basic concepts of microeconomics, or the behavior and interactions of individuals, firms, and government. Topics include determining economic problems, how consumers and businesses make decisions, how markets work and how they fail, and how government actions affect markets. This section requires World Wide Web access for the online recitation. Students may not receive credit for ECON 2010 and 2011 or 1000 or 1001. Approved for arts and sciences core curriculum: contemporary societies.
William Mertens, Ph.D.
Full Term - Section 300: Call No. 30020 Wednesdays, 6-9 p.m. Economics 2. $480 (resident).

ENGLISH
Introduction to Creative Writing
ENGL 1191
3 semester hours
Introduces techniques of fiction and poetry. Student work is scrutinized by the instructor and discussed in a workshop atmosphere by other students. May not be taken concurrently with ENGL 2021 or 2051. Not open to graduate students. May not be repeated.
George Moore, Ph.D.
Full Term - Section 301: Call No. 30024 Mondays, 6-9 p.m. Hellemes 229. $560 (resident).
Naomi Rachel, M.A.
Full Term - Section 302: Call No. 30085 Tuesdays and Thursdays, 5:30-7 p.m. Hellemes 271. $360 (resident).

Introduction to Women's Literature
ENGL 1260
3 semester hours
Introduces literature by women in England and America. Covers both poetry and fiction and varying historical periods. Acquaints students with the contribution of women writers to the English literary tradition and investigates the nature of this contribution. Same as WMST 1260. Approved for arts and sciences core curriculum: cultural and gender diversity.
Patricia Thompson, M.A.
Session II - Section 200: Call No. 30025 Mondays and Wednesdays, 6-9 p.m. Hellemes 267. $360 (resident).

Masterpieces of British Literature
ENGL 1500
3 semester hours
Introduces students to a range of major works of British literature, including at least one play by Shakespeare, a pre-twentieth-century English novel, and works by Chaucer and/or Milton. Approved for arts and sciences core curriculum: literature and the arts.
Patricia Thompson, M.A.
Session I - Section 100: Call No. 30027 Mondays and Wednesdays, 6-9 p.m. Hellemes 267. $360 (resident).

Additional writing courses are available through the Personal Enrichment program, page 32.
**ENGLISH-cont.**

**Masterpieces of American Literature**

**ENGL 1600**

3 semester hours

Enhances student understanding of the American literary and artistic heritage through an intensive study of a few centrally significant texts, emphasizing works written before the twentieth century. Approved for arts and sciences core curriculum: literature and the arts.

Joel Daehnke, Ph.D.

Full Term - Section 300: Call No. 30026 Mondays, 6-9 p.m. Ketchum 118. $360 (resident).

**Shakespeare for Nonmajors**

**ENGL 3000**

3 semester hours

Introduces students to Shakespeare’s major works—the histories, comedies, and tragedies. May include nondramatic poetry as well. Prereq., sophomore standing. Approved for arts and sciences core curriculum: literature and the arts.

George Moore, Ph.D.

Full Term - Section 300: Call No. 30028 Tuesdays, 6-9 p.m. Economics 117. $360 (resident).

Pamela Hadas, Ph.D.

Session II - Section 200: Call No. 30029 Mondays and Wednesdays, 5:30-8:30 p.m. Economics 117. $360 (resident).

**Modern and Contemporary Literature**

**ENGL 3060**

3 semester hours

Close study of significant twentieth-century poetry, drama, and prose works. Readings range from 1920s to the present. Prereq., sophomore standing. Approved for arts and sciences core curriculum: literature and the arts.

George Moore, Ph.D.

Full Term - Section 300: Call No. 30030 Wednesdays, 6:30-9:30 p.m. Hellens 229. $360 (resident).

**Jewish-American Fiction and Old World Backgrounds**

**ENGL 3677**

3 semester hours

Explores cross-cultural transitions, influences, and ethnicity in the social and literary history of Europe and America through Jewish experience, expressed in the works of such writers as Heine, Sholom Aleichem, Peretz, Babel, Singer, Malamud, Roth, and Woody Allen. Prereq., sophomore standing. Approved for arts and sciences core curriculum: cultural and gender diversity.

Joel Salzberg, Ph.D.

Full Term - Section 300: Call No. 30031 Wednesdays, 6:30-9:30 p.m. Hellens 157. $360 (resident).

**ENVIRONMENTAL STUDIES**

**Introduction to Environmental Studies**

**ENVS 1000**

3 semester hours

Surveys environmental studies, examining ecological, socioeconomic, political, aesthetic, and technological factors that influence the quality of life on Earth. Required for ENVS majors.

Eric Stone, Ph.D.

Full Term - Section 300: Call No. 30888 Wednesdays, 6:30-9:30 p.m. Benson Earth Sciences 185. $360 (resident).

**FILM STUDIES**

**Producing the Feature Film**

**FILM 3563**

3 semester hours

Designed to give students a behind-the-scenes look at the way production in the entertainment industry is structured and works, this course emphasizes the critical role the script plays in the production process. Students analyze story structure and components and production values of various feature scripts. The course will also focus on the roles, functions, and relationships of writer, producer, director, and editor; the budget process; and all phases in the production process. Screenings in conjunction with script analysis will be featured. This course is designed to be lead students into FILM 3501 which has a more hands-on approach to production.

Frank Iannella, M.A.

Session I - Section 100: Call No. 30034 Tuesdays and Thursdays, 7-10 p.m. Guggenheim 205. $360 (resident).

**Film Production Management**

**FILM 3501**

3 semester hours

This course familiarizes students with the principles of film management techniques as well as problem-solving methodologies developed specifically for the film industry. Emphasis will be placed on the technique of production boarding as the central tool in production management as well as budget and contracts information. The course is designed for students interested in media production as a career. FILM 3501 or 3563 may be used for partial fulfillment of major requirements.

Frank Iannella, M.A.

Full Term - Section 300: Call No. 30033 Wednesdays, 7-10 p.m. Guggenheim 205. $360 (resident).

**Screenwriting Workshop**

**FILM 4005**

3 semester hours

Offers a creative workshop in which students write and rewrite several short screenplays as well as a treatment for a feature-length script. Examples from produced scripts are closely analyzed, with careful attention to aesthetics, mechanics, and business practices. May be repeated for a total of 6 credit hours.

Frank Iannella, M.A.

Full Term - Section 300: Call No. 30035 Mondays, 6:30-9:30 p.m. Humanities 180. $360 (resident).
FINE ARTS

Drawing 1
FINE 1012
3 semester hours
Introductory course including pictorial design, life drawing, still life, and landscape using varied drawing techniques and media. Recommended for BFA majors instead of FINE 1002. May not be repeated.
Susanna Podboy, M.F.A.
Full Term - Section 300: Call No. 30035 Tuesdays and Thursdays, 6:30-9:30 p.m. Fine Arts N298. $370 (resident).

Photography 1
FINE 1171
3 semester hours
This course introduces techniques and concepts of photography as art and emphasizes photography as a means to formal and expressive ends. Students will master the technical aspects of black and white photography including the functions of the SLR camera, the enlarger, and the chemical process of developing and printing black and white negatives. Students must have full access to a working 35mm manual camera with a built-in working light meter. For fine arts majors. May not be repeated.
Greg Massey, M.F.A.
Full Term - Section 300: Call No. 30037 Tuesdays and Thursdays, 6:30-9:30 p.m. Fine Arts N187. $420 (resident).

Painting 1
FINE 1212
3 semester hours
This course will study the craft as well as the art of traditional oil painting as a student in Rembrandt’s workshop would have, from conception, through studies in ink and red chalk, to the final work of art. Through the analysis of the works of both old and contemporary masters, students will investigate the technical aspects of visual language - color, harmony, color temperature, light, their use, and eye movement. May not be repeated. Recommended for BFA majors instead of FINE 1202.
Joshua Fallik
Full Term - Section 300: Call No. 30038 Mondays and Wednesdays, 6:30-9:30 p.m. Fine Arts N103 $370 (resident).

History of World Art 2
FINE 1409
3 semester hours
A basic survey of major art styles from the Paleolithic period through the Renaissance, including European, Asian, Islamic, the American, and tribal arts. Emphasizes comparison of Western and non-Western visual expressions as evidence of differing cultural orientations.
Students may not receive credit for both FINE 1409 and FINE 1209. Approved for arts and sciences core curriculum: literature and the arts. Instructor TBA
Full Term - Section 300: Call No. 30039 Thursdays, 6:30-9:30 p.m. Humanities 125. $360 (resident).

Photography 2
FINE 2191
3 semester hours
Explores more sophisticated technical and conceptual skills to the creative process. Students must have full access to a working 35mm manual camera with a built-in working light meter.
May be repeated once. Prereq., FINE 1161 or 1171.
Greg Massey, M.F.A.
Full Term - Section 300: Call No. 30082 Mondays and Wednesdays, 6:30-9:30 p.m. Fine Arts N185. $420 (resident).

GEOGRAPHY

Environmental Systems 1 - Climate and Vegetation
GEOG 1001
4 semester hours
Introduces the atmospheric environment of the Earth: elements and controls of climate and their implications for hydrology, vegetation, and soils. Emphasizes distribution of physical features across the Earth’s surface and interactions between humans and their environment, especially those leading to global change on the decade to century time scale. Approved for arts and sciences core curriculum: natural science.
Steve Welker, Ph.D.
Session I - Section 100: Call No. 30040 Tuesdays and Thursdays, 6-9 p.m. Benson Earth Sciences 185. $480 (resident).

Environmental Systems 2 - Landscapes and Water
GEOG 1011
4 semester hours
Introduces landscapes and flowing water, emphasizing the formation and geographic distribution of mountains, volcanoes, valleys, and deserts, and their shaping by rivers and glaciers. Includes field trips. Approved for arts and sciences core curriculum: natural science.
Steve Welker, Ph.D.
Session I - Section 200: Call No. 30041 Tuesdays and Thursdays, 6-9 p.m. Benson Earth Sciences 185. $480 (resident).

Thomas Mathieson says that Frank Iannella's Screenwriting class is succinct and wonderful. And he particularly likes the text, which is all about how not to write a screenplay—how to avoid the classic pitfalls. Thomas has been developing ideas and pieces in journal form for years and made the decision more recently to commit his life to writing. This class is part of that process.
GEOGRAPHY-cont.

World Regional Geography
GEOG 1982
3 semester hours
Involves an intellectual journey around the globe, stopping at major regions to study the people, their environments, and how they interact. Topics include the political/economic tensions in changing Europe, conflicts in Brazilian rain forests, transitions facing African peoples, and rapid changes in China. Meets University Minimum Academic Preparation Standards (MAPS).
Betsy Forrest, M.A.
Session I - Section 100: Call No. 30042 Mondays and Wednesdays, 6-9 p.m. Guggenheim 206. $360 (resident).

Human Geographies
GEOG 1992
3 semester hours
Examines social, political, economic, and cultural processes creating the geographical worlds in which we live, and how these spatial relationships shape our everyday lives. Studies urban growth, geopolitics, agricultural development and change, economic growth and decline, population dynamics, and migration exploring both how these processes work at global scale as well as shape geographies of particular places. Meets University Minimum Academic Preparation Standards (MAPS).
Betsy Forrest, M.A.
Session II - Section 200: Call No. 30045 Mondays and Wednesdays, 6-9 p.m. Guggenheim 206. $360 (resident).

HEBREW

Beginning Hebrew 2
HEBR 1020
5 semester hours
This is the second semester of beginning Hebrew. Prereq., HEBR 1010. Beginning Hebrew 1 is tentatively scheduled for Spring 2002. Approved for arts and sciences core curriculum: foreign language.
Uri Neil, J.D.
Full Term - Section 300: Call No. 30044 Mondays, Wednesdays, and Fridays, 11 a.m.-1 p.m. Hale 235. $600 (resident).

HISTORY

Western Civilization 1: From Antiquity to the 16th Century
HIST 1010
3 semester hours
Surveys the development of Western civilization from its beginnings in the ancient Near East through the Reformation of the 16th century. Approved for arts and sciences core curriculum: historical context.
Phil Mitchell, Ph.D.
Full Term - Section 300: Call No. 30045 Tuesdays, 6:30-9:30 p.m. Engineering Center CR 200. $360 (resident).

History of the United States to 1865
HIST 1015
3 semester hours
Surveys American history from first settlement until end of the Civil War. Approved for arts and sciences core curriculum: United States context.
Merle Funk, Ph.D.
Session I - Section 100: Call No. 30046 Mondays and Wednesdays, 5:30-8:30 p.m. Economics 13. $360 (resident).

Western Civilization 2: 16th Century to the Present
HIST 1020
3 semester hours
Surveys political, economic, social, and intellectual developments in European history from the 16th century to the present. Similarities and contrasts between European states are underscored, as is Europe’s changing role in world history. Approved for arts and sciences core curriculum: historical context.
Phil Mitchell, Ph.D.
Full Term - Section 300: Call No. 30047 Tuesdays and Thursdays, 5:30-6:30 p.m. Engineering Center CR 200. $360 (resident).

History of the United States since 1865
HIST 1025
3 semester hours
Surveys social, economic, political, and cultural development of the United States from the close of the American Civil War to the present. Approved for arts and sciences core curriculum: United States context.
Merle Funk, Ph.D.
Session II - Section 200: Call No. 30083 Mondays and Wednesdays, 5:30-8:30 p.m. Economics 13. $360 (resident).
The History of England, 1660 to Present
HIST 1123
3 semester hours
Deals with the period from the seventeenth century to the present. Political, economic, social, and imperial developments that contributed to the creation of the modern industrial and democratic state are the major issues covered. Approved for arts and sciences core curriculum: historical context.
Jean McGinnis, Ph.D.
Full Term - Section 300: Call No. 30048 Thursdays, 6:30-9:30 p.m. Engineering Center CR 139. $360 (resident).

American History and Film
HIST 2866
3 semester hours
Teaches students to "read" films as historical documents, with an emphasis on the 20th century. Focuses on selected moments in U.S. history, studying the historical background and viewing and critiquing relevant films. Does not fulfill major requirements. Approved for arts and sciences core curriculum: United States context.
James Fell, Ph.D.
Full Term - Section 300: Call No. 30049 Mondays, 6:30-9:30 p.m. Humanities 125. $360 (resident).

Seminar in the American West
HIST 3317
3 semester hours
Examines the conflict between the popular perceptions of the American West and the reality of the region. In this course, students will develop critical thinking and writing skills as they discuss the "mythology" surrounding the West. Along with enhancing their knowledge and understanding of the region, students will explore the impact of the American West on the development of the nation. Approved for arts and sciences core curriculum: critical thinking.
James Fell, Ph.D.
Full Term - Section 300: Call No. 30050 Wednesdays, 6:30-9:30 p.m. Humanities 125. $360 (resident).

Critical Thinking and Writing
JOUR 1002
3 semester hours
This course reviews grammatical and organizational principles, experiments with several rhetorical modes, summarizes and analyzes media texts, and teaches techniques for writing and editing clearly and effectively. Topics will include the use of library resources and computer databases to conduct basic research. Students study personal writing, informative writing, persuasive writing, and promotional writing. This course is required for students seeking admission to the School of Journalism and Mass Communication.
Jan Whitt, Ph.D.
Session 1 - Section 100: Call No. 30052 Tuesdays and Thursdays, 6:30 p.m. Economics 205. $360 (resident).

Advertising and Society
JOUR 4453
3 semester hours
This course will examine the criticisms and contributions of advertising in society and the economy.
Richard Goode-Allen, M.A.
Full Term - Section 300: Call No. 30053 Wednesdays, 7-10 p.m. Humanities 1890. $360 (resident).

KINESIOLOGY AND APPLIED PHYSIOLOGY
Nutrition, Health and Performance
KAPH 3420
3 semester hours
Highlights basic principles of nutrition and their relationship to health. Students may not receive credit for both KAPH 3420 and PSYC 2062. Prereq.: junior standing (pre-nursing students are exempt). Approved for arts and sciences core curriculum: natural science.
Nanci Grayson, M.S., R.D., C.D.
Full Term - Section 300: Call No. 30055 Thursdays, 6-9 p.m. Clare Small 207. $360 (resident).

Andrew Kreps is a returning student who says he’s been out of the academic loop for a long time. Screenwriting seems like a challenging way to ease back to the books but Andrew says “I’m a musician and I’ve been writing for a long time—I’m not afraid of the challenge, I love it. It’s great.”
MANAGEMENT
Critical Leadership Skills
MGMT 3030
3 semester hours
Provides an opportunity to learn about and practice the skills required of all managers. These skills include leadership, negotiation, conducting performance appraisals, delegation, effective communication, interviewing and making hiring decisions, and managing employees with problem behaviors. Objectives of the course include developing self-awareness of strengths and weaknesses as a manager, gaining familiarity with theory-based skills, and developing proficiency in the use of these skills. Emphasizes experiential learning through group work, role-plays, and case analysis. Prereq.: BCOR 2150.
Patrick Vann, Ph.D.
Full Term - Section 300: Call No. 30057 Tuesdays, 6:30-9:30 p.m. Muenzinger E113. $360 (resident).

MATHEMATICS
Fundamentals and Techniques of College Algebra
MATH 1011
3 semester hours
Covers simplifying algebraic expressions, factoring linear and quadratic equations, inequalities, exponentials, logarithms, functions and graphs, complex numbers, and binomial theorem. Students may not receive credit for both MATH 1011 and 1000/1020. Prereq.: one year of high school algebra or placement exam score for MATH 1000. Approved for arts and sciences core curriculum: quantitative reasoning and mathematical skills.
Bernard Gillett, M.A.
Full Term - Section 300: Call No. 30056 Mondays and Wednesdays, 5:30-7 p.m. Engineering Center CR 155. $360 (resident).

MUSIC
American Film Musical, 1926-1954
EMUS 2862
3 semester hours
This course examines the development of filmed musicals from the beginning of sound movies through the "Golden Age of Musicals." Primary emphasis is placed on analysis and relationships of characters, songs, and incidental music used. Approved for arts and sciences core curriculum: literature and the arts.
Kevin McCarthy, Ph.D.
Full Term - Section 300: Call No. 30022 Tuesdays, 5:30-8:30 p.m. Humanities 125. $360 (resident).

PHILOSOPHY
Ethics
PHIL 1100
3 semester hours
Introductory study of major philosophies on the nature of the good for humanity, principles of evaluation, and moral choice as they apply to contemporary moral problems. Approved for arts and sciences core curriculum: ideals and values.
Lee Speer, M.A.
Full Term - Section 300: Call No. 30058 Wednesdays, 6:30-9:30 p.m. Economics 119. $360 (resident).

Philosophy and Society
PHIL 1200
3 semester hours
Introduces philosophical thought through critical analysis of our own society, its institutions, and principles. Approved for arts and sciences core curriculum: United States context or ideals and values.
David Youkey, Ph.D.
Full Term - Section 300: Call No. 30059 Thursdays, 5:30-8:30 p.m. Economics 13. $360 (resident).

POLITICAL SCIENCE
The American Political System
PSCI 1101
3 semester hours
Emphasizes interrelations among levels and branches of government, formal and informal institutions, processes, and behavior. Approved for arts and sciences core curriculum: contemporary societies or United States context.
Vincent McGuire, Ph.D.
Full Term - Section 300: Call No. 30060 Tuesdays, 6-9 p.m. Ketchum 301. $360 (resident).

Survey of Western Political Thought
PSCI 2004
3 semester hours
Studies main political philosophies and political issues of Western culture, from antiquity to 20th century. Approved for arts and sciences core curriculum: ideals and values.
Vincent McGuire, Ph.D.
Full Term - Section 300: Call No. 30061 Thursdays, 6-9 p.m. Ketchum 301. $360 (resident).

Music lessons are available through the Applied Music program, page 23.
Introduction to International Relations
PSCI 2223
3 semester hours
Introduces the field of international relations, with general survey of the theories, histories, and problems of historical and contemporary relations among state and nonstate actors. Approved for arts and sciences core curriculum: contemporary societies.
J. Collins Ross, M.A.
Full Term - Section 300: Call No. 30084 Tuesdays, 6-9 p.m. Stadium 140. $360 (resident).

American Foreign Policy
PSCI 3163
3 semester hours
J. Collins Ross, M.A.
Full Term - Section 300: Call No. 30087 Thursdays, 6-9 p.m. Education 143. $360 (resident).

Politics and Literature
PSCI 4734
3 semester hours
Broadly examines political topics as they are presented in important literary works and analyzes the possibilities involved in using the literary mode to present political teachings. Prereq., junior or senior standing. Approved for arts and sciences core curriculum: critical thinking.
Loren Weinberg, Ph.D.
Session I - Section 100: Call No. 30062 Mondays and Wednesdays, 6-9 p.m. Ketchum 303. $360 (resident).

PSYCHOLOGY
General Psychology
PSYC 1001
3 semester hours
Surveys major topics in psychology: perception, development, personality, learning and memory, and biological bases of behavior.
Michael Freedman, Ph.D.
Full Term - Section 300: Call No. 30063 Wednesdays, 6:30-9:30 p.m. Hellem 141. $360 (resident).

Social Psychology
PSYC 2606
3 semester hours
Covers general psychological principles underlying social behavior. Analyzes major social psychological theories, methods, and topics, including attitudes, conformity, aggression, attraction, social perception, helping behavior, and group relations. Prereq., PSYC 1001. Similar to PSYC 4406; students may not receive credit for both 2606 and 4406. Approved for arts and sciences core curriculum: contemporary societies.
Patrick Vann, Ph.D.
Full Term - Section 300: Call No. 30064 Mondays, 6:30-9:30 p.m. Muenzinger E113. $360 (resident).

Abnormal Psychology
PSYC 4303
3 semester hours
Examines borderline disorders as extreme variations of the normal personality. Focuses on major functional and organic disorders, theories of mental disorders, and methods of psychotherapy. Not open for credit to those who have credit for PSYC 3313 or 4313. Prereq., PSYC 1001.
Patrick Vann, Ph.D.
Full Term - Section 300: Call No. 30065 Thursdays, 6:30-9:30 p.m. Muenzinger E113. $360 (resident).

QUANTITATIVE REASONING AND MATHEMATICAL SKILLS
Quantitative Reasoning and Mathematical Skills
QRMS 1010
3 semester hours
Promotes mathematical literacy among liberal arts students. Teaches basic mathematics, logic, and problem solving skills in the context of higher level mathematics, science, technology, and/or society. QRMS is not a traditional math class, but is designed to stimulate interest in and appreciation of mathematics and quantitative reasoning as valuable tools for comprehending the world in which we live. Same as MATH 1012. Approved for arts and sciences core curriculum: quantitative reasoning and mathematical skills.
Craig McBride, B.S.
Full Term - Section 300: Call No. 30066 Tuesdays, 6-9 p.m. Engineering Center CR 151. $360 (resident).

Frank Iannella teaches Screenwriting (FILM 4005-3) with an optional two-semester format, enabling interested students to complete a full feature-length screenplay. A Fellow of the American Film Institute in Los Angeles, he has sold industry credentials including experience as a story editor for Hickmar Productions at Burbank Studios and for Blue Chip Productions in London. He still keeps a hand in, through consulting and work for Jazz Alley, the Aspen Jazz Festival and a few corporate clients. He says his class has always attracted serious, interested students including (small world that it is) a handful of people with Hollywood connections.
RELIGIOUS STUDIES
American Indian Religious Traditions
RLST 2700
3 semester hours
Introduces religions of the peoples indigenous to the Americas. Concerns include ritual, mythology, and symbolism occurring throughout these many cultures in such areas as art, architecture, cosmology, shamanism, sustenance modes, trade, and history. Approved for arts and sciences core curriculum: ideals and values or cultural and gender diversity.
Instructor TBA
Full Term - Section 300: Call No. 30067 Tuesdays, 6-9 p.m. Hellems 267. $360 (resident).

SOCIOLOGY
Deviance in U.S. Society
SOCY 1004
3 semester hours
Examines deviant groups in the U.S., emphasizing existing theory and research about such issues as deviant careers, deviant lifestyles and behavior, and processes of social control. Approved for arts and sciences core curriculum: ideals and values.
Instructor TBA
Session I - Section 100: Call No. 30069 Tuesdays and Thursdays, 6-9 p.m. Duane Physics G131. $360 (resident).

Social Conflict and Social Values
SOCY 1005
3 semester hours
Explores origin, escalation, and resolution of social conflict. Focuses on major conflict theories, human values and social action, and use of simulation and negotiation exercises for learning conflict management skills. Approved for arts and sciences core curriculum: contemporary societies or ideals and values.
Instructor TBA
Session II - Section 200: Call No. 30070 Mondays and Wednesdays, 6-9 p.m. Ketchum 303. $360 (resident).

The Social Construction of Sexuality
SOCY 1006
3 semester hours
Discusses current perspectives on the social determinants of sexuality. Emphasizes sociological critique, and analyzes the interfacing of societal, psychological, and cultural influences. Interactional perspective of human sexuality is presented. Same as WMST 1006. Approved for arts and sciences core curriculum: cultural and gender diversity.
Instructor TBA
Full Term - Section 300: Call No. 30071 Mondays, 6-9 p.m. Muenzinger E0046. $360 (resident).

U.S. Race and Ethnic Relations
SOCY 1015
3 semester hours
Examines race and minority problems in U.S. society, including psychological, social, and cultural sources of prejudice and discrimination. Same as ETHN 1015. Approved for arts and sciences core curriculum: United States context. Duncan Rinehart, Ph.D.
Session I - Section 100: Call No. 30072 Tuesdays and Thursdays, 6-9 p.m. Muenzinger E123. $360 (resident).

Self in Modern Society
SOCY 3151
3 semester hours
Using a variety of eastern and western perspectives, explores how modern social institutions and culture shape our personal experiences, how personal experiences can affect the nature of those institutions and culture, and how strategies can be developed for achieving balance between the individual and society. Approved for arts and sciences core curriculum: United States context or ideals and values.
Duncan Rinehart, Ph.D.
Session II - Section 200: Call No. 30073 Tuesdays and Thursdays, 6-9 p.m. Hellems 199. $360 (resident).

Juvenile Delinquency
SOCY 4024
3 semester hours
Examines the history, incidence, and prevalence of delinquent behavior, as well as theoretical explanations regarding why children become involved in criminal activity. Approved for arts and sciences core curriculum: contemporary societies.
Herbert Covey, Ph.D.
Full Term - Section 300: Call No. 30074 Thursdays, 6-9 p.m. Humanities 135. $360 (resident).

Monte Merrick is a working Hollywood screenwriter (and CJ alum) whose credits include Memphis Belle and other major releases, and a number of network miniseries including The Miracle Worker, a project in the works for CBS. Frank Iannella likes to use guest speakers whenever possible in his Screenwriting class, to give students a real-world glimpse into the realities of the business.
SPANISH
Beginning Spanish 1
SPAN 1010
5 semester hours
Offers students a firm command of Spanish grammar. Grammar is used as a point of departure for development of oral skills. Reading and writing are stressed to a lesser degree. Attendance at the language laboratory may be mandatory. Similar to SPAN 1150. Approved for arts and sciences core curriculum: foreign language.
Isabel Rodriguez, M.A.
Full Term - Section 300: Call No. 30075 Tuesdays and Thursdays, 5:30-8 p.m. Hellemes 141. $620 (resident).

Beginning Spanish 2
SPAN 1020
5 semester hours
This course is the second semester of beginning Spanish and is a continuation of SPAN 1010. Attendance at language laboratory may be mandatory. Prereq., SPAN 1010 or placement. Approved for arts and sciences core curriculum: foreign language.
Javier Garces, B.A.
Full Term - Section 301: Call No. 30076 Mondays and Wednesdays, 6:30-9 p.m. Hellemes 185. $620 (resident).
Cassandra Gerber, M.A.
Full Term - Section 302: Call No. 30077 Tuesdays and Thursdays, 6:30-9 p.m. Hellemes 195. $620 (resident).

Second-Year Spanish 2
SPAN 2120
3 semester hours
Grammar review. Emphasizes reading, writing, and speaking skills. Attendance at the language laboratory may be mandatory. Prereq., SPAN 2110 with a grade of C- or better, or placement. Approved for arts and sciences core curriculum: foreign language.
Javier Garces, B.A.
Full Term - Section 300: Call No. 30078 Tuesdays, 6-9 p.m. Hellemes 255. $380 (resident).

SPEECH, LANGUAGE AND HEARING SCIENCES
American Sign Language 1
SLHS 2305
4 semester hours
Introduces basic sign vocabulary, grammatical structures of ASL, and the culture of deaf people. Classes are taught using ASL without the use of spoken English. Approved for arts and sciences core curriculum: foreign language.
Instructor TBA
Full Term - Section 300: Call No. 30068 Tuesdays and Thursdays, 6-8 p.m. Hellemes 247. $500 (resident).

THEATRE
Introduction to Theatre
THTR 1009
3 semester hours
Introduces the varieties of theatrical art, past and present, contributions of the various theatrical artists to the total production, and the place of theatre art in today's society. Readings, lectures, and attendance at University theatre productions. Designed for nonmajors. Approved for arts and sciences core curriculum: literature and the arts.
David Steiner, Ph.D.
Full Term - Section 300: Call No. 30079 Wednesdays, 6-9 p.m. Humanities 135. $360 (resident).

UNIVERSITY WRITING PROGRAM
Topics in Writing
UWRP 3020
3 semester hours
Each instructor assigns two or more readings on a given topic. Students choose an essay, abstract its argument, analyze it, and agree or disagree with the author. They thus learn the principal modes of academic rhetoric: description, analysis and argument. Approved for arts and sciences core curriculum: written communication.

Writing about Theatre and Drama
Suzanne Hudson, M.A.
Full Term - Section 301: Call No. 30080 Mondays and Wednesdays, 5:30-7 p.m. Clare Small 209. $360 (resident).

Environmental Issues
Anne Bliss, Ph.D.
Full Term - Section 302: Call No. 30081 Tuesdays and Thursdays, 5:30-7 p.m. Clare Small 209. $360 (resident).

Native American Topics
Catherine Kunce, Ph.D.
Full Term - Section 303: Call No. 30089 Mondays and Wednesdays, 6:30-8 p.m. Hale 236. $360 (resident).

Convosational language courses are available through the personal enrichment program, pages 30-31.
**INDEPENDENT LEARNING - IT'S UP TO YOU.**

INDEPENDENT LEARNING courses put you in control, with choices to make about when you learn and how you learn. Many of our courses are correspondence courses, with a printed study guide and student-instructor communication by US Postal Service (and increasingly, by e-mail). Some of our courses also have an online version, and growing numbers of our courses are delivered entirely via the World Wide Web, with all communication with the instructor and among fellow students conducted on the Internet.

- Self-paced courses are open for registration at any time.
- Term-based courses provide rich interaction among students.
- Learn wherever you are.

So, it's up to you to challenge yourself and to decide how you want to take a course. Complete course descriptions are available from Independent Learning Programs or on the World Wide Web—www.Colorado.EDU/cewww.

---

## Kinesiology and Applied Physiology
- **KAPH 3420 3** Nutrition, Health, and Performance Section 640
- **KAPH 3420 3** Nutrition, Health, and Performance Section 650
  - Tuition: $330

## Mathematics
- **MATH 1011 3** Fundamentals and Techniques of College Algebra Section 650
  - Tuition: $270
- **MATH 1021 2** Numerical and Analytical College Trigonometry Section 650
  - Tuition: $180
- **MATH 1071 3** Finite Mathematics for Social Science and Business Section 650
  - Tuition: $270
- **MATH 1081 3** Calculus for Social Science and Business Section 650
  - Tuition: $270
- **MATH 1300 5** Analytic Geometry and Calculus 1 Section 650
  - Tuition: $450
- **MATH 2300 5** Analytic Geometry and Calculus 2 Section 650
  - Tuition: $450

## Music
- **EMUS 1081 3** Basic Music Theory Section 650
  - Tuition: $270

## Philosophy
- **PHIL 1000 3** Introduction to Philosophy Section 650
  - Tuition: $270
- **PHIL 1100 3** Ethics Section 650
  - Tuition: $270
- **PHIL 1600 3** Philosophy and Religion Section 650
  - Tuition: $270
- **PHIL 4040 3** Twentieth-Century Philosophy Section 650
  - Tuition: $270

## Political Science
- **PSCI 1101 3** The American Political System Section 650
  - Tuition: $270
- **PSCI 2223 3** Introduction to International Relations Section 650
  - Tuition: $270

## Psychology
- **PSYC 1001 3** General Psychology Section 650
  - Tuition: $270
- **PSYC 2012 3** Biological Psychology 1 Section 640
  - Tuition: $330
- **PSYC 2012 3** Biological Psychology 1 Section 650
  - Tuition: $330
- **PSYC 2022 3** Biological Psychology 2 Section 650
  - Tuition: $270
- **PSYC 2303 3** Psychology of Adjustment Section 650
  - Tuition: $270
- **PSYC 2600 3** Social Psychology Section 650
  - Tuition: $270
- **PSYC 3101 4** Statistics and Research Methods in Psychology Section 640
  - Tuition: $440
- **PSYC 3101 4** Statistics and Research Methods in Psychology Section 650
  - Tuition: $440
- **PSYC 4303 3** Abnormal Psychology Section 650
  - Tuition: $270
- **PSYC 4450 3** Psychology of Personality Section 650
  - Tuition: $270
- **PSYC 4511 3** History of Psychology Section 650
  - Tuition: $270
- **PSYC 4683 3** Developmental Psychology Section 640
  - Tuition: $330
- **PSYC 4684 3** Developmental Psychology Section 650
  - Tuition: $330

## Sociology
- **SOCI 1001 3** Analyzing Society Section 650
  - Tuition: $270
- **SOCI 1005 3** Social Conflict and Social Values Section 650
  - Tuition: $270
- **SOCI 1016 3** Sex, Gender and Society 1 Section 650
  - Tuition: $270
- **SOCI 4014 3** Criminology Section 640
  - Tuition: $330
- **SOCI 4014 3** Criminology Section 650
  - Tuition: $330
- **SOCI 4025 3** Conflict Management in Social Systems Section 640

COMPUTER APPLICATIONS WEB-BASED NONCREDIT COURSES

The Internet-Effective Use of Your Time
CACS 130-51W Online
A 'brown-bag' series about the Web, on the Web. Topics include: Internet 'Newbie' instruction on the Internet, Electronic Mail (including mail-borne virus protection), Searching for information on the Internet, Searching for and downloading files on the Internet, Anatomy of an HTML (Web) document, Personal Computer Popular Internet Software Deja Vu All Over Again - Revisiting Information on the 'Net. Come here Watson, I Need You - Audio and Video on the 'Net, Shopping on the Web - Are You Ready for Virtual Mall Mania?, Keeping Kids Safe on the 'Net. The course is conducted entirely online. Prerequisite: CACS 100 Computer Literacy or equivalent. Must have access to WWW ready computer.
Sid Eaton
Section 51W: January 16-March 30
Tuition: $200

Excel 97 (8.0) Level II-Features Track
CAPC 334-51W Online
The focus of this track is on Outlining, Charting/Graphing, Data (base) Manipulation, Import/Export, and other features. A corollary track called the Math Track covers calculating and checking results. Topics include: review of Excel basic features (Workbook and worksheet manipulation, editing, copying, and moving cells, absolute and relative references, basic formulae, and cell and cell content formatting); charting and graphing results; summarizing and outlining information; building, sorting, and extracting information from spreadsheet databases; importing and exporting information. Note: The first week of this course is a review. Individuals who sign up for this course are expected to be comfortable with their skill in the areas covered in the review. The course is conducted entirely online. Prerequisite: CAPC 234 Excel 97 (8.0) Level I or equivalent. Must have access to WWW ready computer.
Sid Eaton
Section 51W: January 16-February 16
Tuition: $200

Excel 97 (8.0) Level II-Math Track
CAPC 334-52W Online
The focus of this track is on calculating and checking results. A corollary track called the Features Track covers Outlining, Charting/Graphing, Data (base) Manipulation, Import/Export, and other features. Topics include: review of Excel basic features (Workbook and worksheet manipulation, editing, copying, and moving cells, absolute and relative references, basic formulae, and cell and cell content formatting); using Excel functions including math, financial, date/time, logical, and lookup; working with cell reference labels and names; working with tables and arrays; basic auditing/checking your results. Note: The first week of this course is a review. Individuals who sign up for this course are expected to be comfortable with their skill in the areas covered in the review. The course is conducted entirely online. Prerequisite: CAPC 234 Excel 97 (8.0) Level I or equivalent. Must have access to WWW ready computer.
Sid Eaton
Section 52W: February 27-March 30
Tuition: $200

APPLIED MUSIC
During fall and spring semesters the College of Music and Independent Learning offer private instruction for voice and most popular instruments. Group classes are offered for beginning guitar and piano. Private lessons are by arrangement. Students must furnish instruments, except piano, 9 hours of instruction, 2 semester hours credit. Tuition: $280.
Interested students should contact the Applied Music advisor: 303-492-5737.

Additional computer courses are available through the Computer Applications program on pages 39-56.

CATECS (Center for Advanced Training in Engineering and Computer Science)

CATECS offers professionals a way to continue their education at a distance from campus:
- Graduate engineering courses delivered to your worksite via live microwave TV broadcasts with two-way audio and via videotape.
- Master's degree programs and some certificate programs are available in Aerospace Engineering, Computer Science, Electrical and Computer Engineering, Engineering Management and Telecommunications.
- Courses offered during the semester can be taken for professional development or toward a master's degree.
- Courses given in previous semesters can also be taken for credit or noncredit and are available for rent or purchase on videotape through the CATECS Tape Library.

Whether you apply courses toward a master's degree or enroll for professional development, CATECS provides the best of both worlds: convenient distance education and University of Colorado academic quality.

To find out more about the degrees/certificates offered or for a complete listing and description of CATECS Spring 2001 courses, go to the web site at www.colorado.edu/CATECS

Registration for Spring 2001 Courses: December 1-31
Late Registration: January 1-19

FOR MORE INFORMATION ABOUT CATECS
(303) 492-6331
www.colorado.edu/CATECS

ACCESS PROGRAM

Want to take a credit course at CU-Boulder during the day? Perhaps you're interested in a particular class for personal or professional development or plan to enroll in a degree program in the future. Each Fall and Spring, the ACCESS (Available Credit Courses for Eligible Special Students) program enables nondegree students to enroll in on-campus undergraduate or graduate courses.

Registration for spring semester begins Friday, January 12 and classes begin Tuesday, January 16. Call 303-492-5148 for more information or visit the ACCESS web site at www.colorado.edu/conted/access.htm

HIGH SCHOOL CONCURRENT PROGRAM

High school students interested in the challenge of university coursework may enroll in credit courses at the University of Colorado at Boulder through the High School Concurrent Program. In addition to earning college credit, students may also earn credit toward high school graduation requirements.

During the Fall and Spring semesters, high school juniors and seniors may request tuition reimbursement from their school district for the successful completion of up to two university courses each term. You must also notify your counselor of your intent to enroll at least two months prior to the beginning of the term. You may register for main campus courses through the ACCESS (Available Credit Courses for Eligible Special Students) Program or enroll in Boulder Evening credit courses. Call 303-492-5148 for an application and more information or visit the High School Concurrent web site at www.colorado.edu/conted/hsconcur.htm

SUMMER SESSION

Summer Session on the Boulder campus is special. Over 500 classes allow you to complete requirements and explore new subjects. Classes are smaller, more relaxed and more personal. You have the opportunity to take classes in a variety of formats and have time for other activities. We welcome visiting high school students, undergraduates, graduate students, and others to join us in Boulder for Summer Session.

For more information on summer session or to request a catalog call 303-492-5148 or visit the web site at www.colorado.edu/sacs/summer
PERSONAL ENRICHMENT COURSES enable you to enjoy courses tailored to your personal interests in a convenient, noncredit format. The program includes a broad range of popular offerings including foreign language study, creative writing, and fine arts classes. What's your passion? What's your pleasure?

- Bonjour! Hola! Learn a new language.
- Write that Great American Novel.
- Tap into your creative side with painting and drawing.
- Learn how to take the perfect photo.

Tuition and classroom information is listed at the end of each course description. Full refunds are given for withdrawals prior to the first class meeting. If you need to withdraw from a course, contact the Division of Continuing Education. Please keep in mind that non-attendance or non-payment does not constitute withdrawal.

Courses may be cancelled due to low enrollment. Please register one week prior to the first class meeting to ensure this doesn’t happen to a course you intend to take. Only pre-registered students may attend class.

FACULTY/STAFF REGISTRATION
Permanent, full-time CU-Boulder faculty and staff are eligible for a 25% discount off tuition. Proof of appointment is required to receive this discount. Call 303-492-5148 for more information.

Naomi Rachel's Creative Writing class comes in two forms: the semester length Evening Credit version (English 1191) and the eight week noncredit Personal Enrichment version (NC W 006). Both offer a workshop experience with focused assignments and a great deal of encouragement. Naomi Rachel believes that assignments narrow the field by providing focus. "Within limitation lies creativity," she says, quoting Leonardo da Vinci. She believes that writing is an act of attention and she teaches accordingly, helping students discover their own voices and explore a deeper level of personal observation. "You should write about what you care passionately about. Otherwise, why write?" Her own body of work (more than 300 publications) encompasses poetry, fiction and environmental essays. Her passion is environmental activism, working to preserve original forests. "In Colorado we have only a narrow band of trees between the plains and the alpine zone that is very important ecologically and very much at risk." With graduate degrees in both English Literature and Creative Writing, Naomi believes that writing is linked to a devotion to reading—she gives all her students a lifelong reading list. Credit students benefit from the greater depth and one-on-one coaching possible in a full semester, while noncredit students enjoy contact with highly motivated fellow students who represent a broad range of experience. Such interactions have sparked more than a few post-class discussions and the formation of several on-going writers' groups.

Instructor Sandy Lane and Jason D’Ambrosio discuss a work in progress in Water Media (NCFA 009). Sandy is a mixed media artist who shows at Edge Gallery in Denver and other regional venues. (If you missed her show at Macky last spring, you’ll have another chance later this year at the Lincoln Center in Fort Collins.) The class attracts a nice mix of students, most of whom are tackling watercolors and painting for the first time. Sandy makes it approachable and fun, teaching students “how to use this medium to work really fast, how to make a whole palette, even flesh tones, with just three basic colors and how to use watercolor as a medium for visual documentation—in a journal, for example, or as a means of creating studies for further development.” Jason D’Ambrosio is no stranger to the blank canvas. He’s been drawing most of his life. Sandy’s class gives him an opportunity to explore the use of color. He says he may combine the two media in the future but for now he’s working toward a level of basic control in watercolor.

COURSE UPDATES/CANCELLATIONS ON THE WEB WWW.COLORADO.EDU/CONTED
FINE ARTS

Fearless Basic Photography
NCFA 001
This is a how-to course for beginning photographers. Come prepared to have fun while learning how to operate your 35mm camera. We will cover lens, film, accessories, exposure, composition, and technique. You will discover how easy it is to take great photographs. Participants in the class will be given photo assignments and encouraged to engage in critiques of class work. Bring your 35mm camera (any variety) and enthusiasm for learning a new skill.
Robyn MacInnis, M.F.A. candidate at CU-Boulder, received his B.A. in Photographic Studies from Napier University in Edinburgh, Scotland. He has traveled extensively in the U.S. and Canada.
Section 500: Tuesdays, January 30–March 20, 6:30-8:30 p.m. Economics 13, 8 sessions. $160.

Creative Photography Workshop
NCFA 002
Learn about amazing new films and special effects, telephoto and wide angle lens use, filters, electronic flash, macro shots, action, professional tricks and composition. Receive an introduction to digital photography with Adobe Photoshop, and detailed darkroom instruction covering black and white printmaking and color enlargements from negatives. The course includes four 2-hour classroom periods, two 3-hour darkroom classes, and three weeks unlimited use of the black and white and color darkrooms. Access to the computer imaging equipment is based on student proficiency. The cost of the darkroom chemicals is included, but you must provide your own film and paper after the first class. Bring your own camera to the first class.
Don Oberbeck is a professional photographer who has taught for over 20 years. He also runs the Boulder Photo Center.
Section 500: Thursdays, February 1–March 29, 7:30-9:30 p.m. Economics 117. 6 sessions. $180.

Introduction to Drawing
NCFA 020
Learn to translate your observations through drawing! You will explore line, value, texture, perspective and more. Working with different materials, such as paper, pencil, graphite, ink, charcoal and house paint, you will experience the different approaches to contemporary drawing. No experience is necessary to start drawing now! Supplies will cost approximately $50. Call 303-492-5148 for a supply list.
Kimberlee Sullivan, M.F.A. in Painting and Drawing from CU-Boulder, is an Associate of the Rocky Mountain Women’s Institute and a current member of the EDGE Gallery.
Section 500: Mondays, January 29–March 19, 6:30-8:30 p.m. Fine Arts C153. 8 sessions. $160.

Figure Drawing
NCFA 005
This course explores the fundamentals of drawing the human figure. The activities are divided into eight learning units. The beginning of the course explores various tools and mark making within the realm of black and white. Students will add to their experimentation by including tools of color and applications such as color schemes, mood, effects on shading, and perspective. We will discuss all aspects of creating a successful composition throughout the course.
Sandy Lane, M.F.A. from CU-Boulder, exhibits her work internationally and is a member of the EDGE gallery. She teaches drawing, painting, print making, and computer imaging to students of all ages.
Section 500: Wednesdays, January 31–March 21, 6:30-8:30 p.m. Fine Arts N298. 8 sessions. $160.

Water Media
NCFA 009
This class is designed to introduce students to a variety of watercolor applications. Discussions focus on understanding color and developing the composition and techniques. Students explore watercolor as a medium to record visual information in their journal as well as in finished work. The class examines a variety of resources such as the still life, human figure, and photograph.
Sandy Lane, M.F.A. from CU-Boulder, exhibits her work internationally and is a member of the EDGE gallery. She teaches drawing, painting, print making, and computer imaging to students of all ages.
Section 500: Mondays, January 29–March 19, 6:30-8:30 p.m. Fine Arts C103. 8 sessions. $160.

Cheryl Whitall has been painting for about six years and has taken advantage of a number of Continuing Education classes. She says “You can learn something from every teacher—a new perspective—hints on how to do it better.” She says Sandy Lane is “a very organized teacher and I appreciate that. I may take her figure drawing class.” A teacher herself, (Spanish at Fairview High School), Cheryl adds that in Sandy’s class you don’t get caught up in judging your performance, you just feel like you’re learning.
FINE ARTS-cont.
Introduction to Oil Painting
NCFA 028
In this introductory course, students will gain an understanding of fundamental color theory and basic oil painting materials and other methods. Studio time will include work with observing and representing light, choosing and mixing color, developing interesting compositions, and creating the illusion of space. Development will be encouraged through individualized instruction and group discussions. Students will receive a materials list upon registration. Please bring all materials to the first class meeting. No previous painting experience is necessary.

Christina Craig, M.F.A. from the School of the Visual Arts in New York, is a painter who has exhibited her work nationally and India.

Section 500: Wednesdays, January 31-March 21, 6:30-8:30 p.m. Fine Arts C103. 8 sessions. $160.

Basic Sculpture
NCFA 054
Designed for students of all levels, this class covers the fundamental principles and design elements of sculpture. Students will use a variety of tools and materials for basic modeling, building and sculptural fabrication techniques. Demonstrations will include the use and application of clay, stone, plaster, metal and wood.

Barbara Cox, M.A., has taught art classes since 1971.

Section 500: Mondays, January 29-March 19, 6:30-8:30 p.m. Fine Arts C102. 8 sessions. $160.

Sculpture: Stonecarving
NCFA 011
Students will learn to conceptualize sculptural images and ideas and express them in stone. To bring out the elements of a basic sculptural form we will examine basic techniques referring to: reducing the stone block, pitching and punching, rubbing and polishing. An illustrated discussion of stone sculptures, tools and materials, and where to purchase these is included.

Barbara Cox, M.A., has taught art classes since 1971.

Section 500: Wednesdays, January 31-March 21, 6:30-8:30 p.m. Fine Arts C102. 8 sessions. $160.

FOREIGN LANGUAGES
Chinese: Beginning Conversational and Written Skills
NCFL 108
Emphasis is on practical and colloquial Chinese for business and travel. Students learn proper pronunciation and useful conversational phrases for a number of situations. Chinese characters will be introduced to reinforce language learning skills. Chinese culture will also be explored. Required text available at the CU Bookstore.

Chung Hui Kuo Cheng, M.A. Chinese, is a native speaker.

Section 500: Wednesdays, January 31-March 21, 6:30-8:30 p.m. Hellem's 255. 8 sessions. $160.

French: Beginning Conversational Skills
NCFL 100
Designed for students with little or no knowledge of French, this course covers grammar but emphasizes conversational skills. Cultural aspects of French life and practical conversation for travelers will also be covered. Text, Parlers Francais I, available at the CU Bookstore.

Nadia Turk, Ph.D., has taught both French and Arabic at CU-Boulder since 1982.

Section 500: Tuesdays, January 16-March 20, 6:30-8:30 p.m. Hellem's 211. 10 sessions. $200.

French: Advanced Beginning Conversational Skills
NCFL 200
Students should be able to use the present tense before taking this class. Increased vocabulary and speaking skills are stressed. Required text, Parlers Francais, Part II, available at the CU Bookstore.

Nadia Turk, Ph.D., has taught both French and Arabic at CU-Boulder since 1982.

Section 500: Thursdays, January 18-March 22, 6:30-8:30 p.m. Hellem's 211. 10 sessions. $200.

German: Beginning Conversational Skills
NCFL 101
Designed for students who will little or no knowledge of German, this course covers grammar but emphasizes practical conversation for travelers. In addition students will learn cultural aspects to gain insight into German life today.

Lisa Jaramillo is a graduate student in German at CU-Boulder.

Section 500: Tuesdays, January 30-March 20, 6:30-8:30 p.m. Hellem's 185. 8 sessions. $160.
PERSONAL ENRICHMENT COURSES

Italian: Beginning Conversational Skills
NCFL 102
This course examines the basics of Italian conversational grammar as well as various aspects of modern Italian culture and the Italian way of life. Participants will learn the elements of the language, view videos, and hold open discussions. Required text, Italianissimo I, available at the CU Bookstore.
James Walker, M.A., teaches Italian at CU-Boulder.
Section 501: Tuesdays, January 30-March 20, 6:30-8:30 p.m. Hellems 191. 8 sessions. $160.
Shelley Sullivan, M.A. in Italian Literature, has lived in Italy and taught in Colorado and Virginia.
Section 502: Wednesdays, January 31-March 21, 6-8 p.m. Hellems 247. 8 sessions. $160.

Italian: Conversational Skills for Advanced Beginners
NCFL 202
Review basic grammar concepts introduced in Beginning Italian as well as expand on vocabulary and expressions essential for conversational fluency in Italian. The course will continue to integrate aspects of modern Italian life and culture. Required text, Italianissimo I, available at the CU Bookstore.
Tina Pugliese has an M.A. in Foreign Languages and Cinema Study from the University of Rome, Italy.
Section 500: Tuesdays, January 30-March 20, 6:30-8:30 p.m. Hellems 211. 8 sessions. $160.

Italian: Intermediate Conversational Skills
NCFL 302
An opportunity to build vocabulary and conversational ability and address cultural and social aspects. Prerequisite: Beginning Italian or equivalent.
Tina Pugliese has an M.A. in Foreign Languages and Cinema Study from the University of Rome, Italy.
Section 500: Thursdays, February 1-March 22, 6:30-8:30 p.m. Hellems 267. 8 sessions. $160.

Japanese: Beginning Conversational and Written Skills
NCFL 104
We stress polite, practical, and colloquial Japanese in order to build a foundation of survival skills and understand how the language works. Reading simple signs and texts is introduced. Required text, Communicating in Japanese, Vol. 1, may be purchased from the instructor in class.
Section 500: Thursdays, February 1-March 15, 6-9 p.m. Hellems 255. 7 sessions. $210.

Spanish: Beginning Conversational Skills
NCFL 103
Basic but lively conversational Spanish for travelers. We stress practical vocabulary. Required text, Getting Along in Spanish, available at the CU Bookstore.
Elizabeth Medina, Ph.D., is a native of Cuba and has taught at CU-Boulder since 1977.
Section 501: Tuesdays, January 30-March 20, 7-9 p.m. Hellems 177. 8 sessions. $160.
Itza Zavala, M.A., is a native speaker from Mexico City and is working on her Ph.D. in Spanish at CU-Boulder. She has ten years of teaching experience in Mexico and the U.S.
Section 502: Wednesdays, January 31-March 21, 6:30-8:30 p.m. Hellems 251. 8 sessions. $160.

Spanish: Conversational Skills for Advanced Beginners
NCFL 203
Build vocabulary, learn the past tense, and review grammar to develop accuracy and proficiency in the use of the language. Prerequisite: Beginning Spanish or equivalent. Required text, Getting Along in Spanish, available at the CU Bookstore.
Itza Zavala, M.A., is a native speaker from Mexico City and is working on her Ph.D. in Spanish at CU-Boulder. She has ten years of teaching experience in Mexico and the U.S.
Section 500: Tuesdays, January 30-March 20, 6:30-8:30 p.m. Hellems 251. 8 sessions. $160.

Spanish: Intermediate Conversational Skills
NCFL 303
An opportunity to build vocabulary and conversational ability and address cultural and social aspects. Prerequisite: Beginning Spanish or equivalent. Required text, Pasajes Lengua, available at the CU Bookstore.
Elizabeth Medina, Ph.D., is a native of Cuba and has taught at CU-Boulder since 1977.
Section 500: Thursdays, February 1-March 22, 7-9 p.m. Hellems 245. 8 sessions. $160.

Through Sandy Lane's Water Media class, Peggy Groobman is rekindling an interest sparked when she was a teenager in China, where she learned the basics but never really had the time and opportunity to work with it. She says that the approach here is "very different from Chinese watercolor" but thoroughly enjoyable. As the mother of two young children, the class also provides a wonderful creative outlet. "Although I realize I need to learn more, it's really great. Every time after class—I'm so happy."
THEATRE
Acting Basics
NC W 017
The goal of this class: Bringing to life moments of true emotions once felt, imagined, or written, to engage your mind, body, spirit, and emotions. Relaxation exercises and voice and breathing warm-ups will be stressed. Each student will prepare a two-minute monologue that could be used for auditions after the class is completed. We will also experiment with a variety of scene exercises involving two or more performers. In a supportive and safe environment you will gain tools for expressions and refine your own natural talents. All levels of experience are welcome.
Beth Osnes, Ph.D. in Theater, is an instructor, performer and director.
Section 500: Mondays, February 12-March 19, 6:30-8:30 p.m. Economics 205. 6 sessions. $120.

WRITING
How to Write Magazine Articles...and Get Them Published
NC W 005
From sure-to-sell query letters to sure-to-happen publication, learn all the steps to successful magazine article writing and sales. We will cover what editors look for, how to write an organized yet creative article, catchy openings, interview steps, revising and editing and then marketing the finished product. The instructor also works individually with students' articles.
Nancy Rasmussen has published over 50 articles in national and local publications and has taught magazine article writing for six years.
Section 500: Tuesdays, January 30-March 6, 6:30-8:30 p.m. Hale 260. 6 sessions. $120.

Creative Writing
NC W 006
Expand your creative abilities. Explore dialog, characterization, narrative, description, viewpoint, style, basic structure and more, through series of imaginative exercises. Emphasis is on finding your individual voice. For beginners or more experienced writers.
Naomi Rachel, M.A., is a professional writer with credits in national and regional publications.
Section 500: Wednesdays, January 31-March 21, 7-9 p.m. Hellem's 263. 8 sessions. $160.

Short Story Workshop
NC W 008
Designed for both beginning and experienced writers, this course covers all aspects of writing the short story, including characterization, plot, setting, theme, and developing one's own style and voice. We use a workshop format where students bring their stories-in-progress to class to receive helpful editorial suggestions. The course also includes discussion of the marketplace and how to prepare and submit manuscripts for publication.
Robert McBrearty, M.F.A., from the Iowa Writers' Workshops, has recently published a collection of short stories, A Night at the Y.
Section 500: Tuesdays, January 30-March 6, 6:30-8:30 p.m. Guggenheim 206. 6 sessions. $120.

Poetry Workshop
NC W 042
Through individual and group exercises, this class will provide you with inspiration and support as you develop your poetic voice. The emphasis is on the process of writing as much as on the product - your work, generated both in and out of class, will provide the raw material for an ongoing exploration of what poetry is, and why (and how) people write it.
Susan Boucher has her MA in Creative Writing from the University of Colorado. She's an essayist and poet who has been teaching writing of various kinds for years both at the University of Colorado and elsewhere.
Section 500: Thursdays, February 1-March 22, 6:30-8:30 p.m. Humanities 160. 8 sessions. $160.

The Children's Book: Writing, Illustrating, and Publishing
NC W 012
Ever dreamed of writing or illustrating a children's book? Learn the entire process, from the cultivation of ideas to the published work. We'll cover manuscript development, illustration techniques, picture layouts, self-publishing and submitting manuscripts to publishing companies. We'll take an in-depth look at how straightforward it is to self-publish your own work. Feel free to bring your own work for instructor feedback.
Kerry MacLean, B.A., has written, illustrated and self-published three children's books, including the award winning Pigs Over Boulder.
Section 500: Saturday, March 10, 9 a.m.-4 p.m. Continuing Education Center, Room 140, 1505 University Ave. 1 session, $100.

Steve Allen is taking Sandy Lane's water media class. "to have some fun" and to learn more about watercolor materials. He is a free lance photographer with fine arts sensibilities who is doing some independent exploratory work in alternative photography using watercolor paper and a process that uses watercolor pigments. While it sounds innovative, he says that this technology was developed in the 1880s and was, in fact, the first permanent color photography.
THE CENTER FOR BUSINESS EDUCATION (CBE) at the University of Colorado at Boulder is a joint venture between the College of Business and the Division of Continuing Education. The Center extends the resources of CU's College of Business to professional communities through executive and business education programs. Programs combine the College's best faculty and most relevant curricula with innovative and flexible class formats.

The CBE is charged with developing and delivering non-credit courses, seminars, tutorials, and workshops in the field of business administration to local, regional, national, and international constituencies. CBE is a self-funded center within the University of Colorado at Boulder.

The Center for Business Education has been redesigning the business curriculum to best serve current and future needs. In that effort, we launched two programs in 2000 and more programs are in development.

The CU Business Intensive Certificate (CUBIC) program offers non-business undergraduate students an opportunity to learn fundamental business principles and practices in an intensive, interactive format. Students study Marketing, Management, Accounting, Finance, E-commerce, and Economics and upon completion earn a Certificate in Applied Business.

http://bus.colorado.edu/CUBIC

The Colorado Executive in Residence (CEDIR) program offers busy high level managers and executives an opportunity to refresh and renew their business skills at an intensive two-week residential program. Participants return to CU-Boulder for two weeks each summer for a total of three summers, earning a Certificate of Executive Management.

http://bus.colorado.edu/CEDIR

For more information on upcoming CBE programs, visit the web site at http://bus.colorado.edu/CBE or call 303-492-2499.
DON'T FALL BEHIND.
COMPUTER SKILLS ARE POWERFUL TOOLS FOR WORK AND PLAY.

COMPUTERS ARE BECOMING more and more important in our everyday life for research, communication, planning and record keeping, creative endeavors, or just for keeping in touch with family and friends. Learn how to do what you need to do better, faster, and more easily. We offer top-notch instruction by professionals who are experts in their fields, as well as certificate programs in Computer Applications, Network Administration, Programming and Web Site Design.

Our program can help you:
- Enhance your basic computer skills.
- Position yourself for a career change.
- Build advanced technical skills.

GENERAL COURSE INFORMATION

PREREQUISITES
Required prerequisites are listed at the end of each course description. The prerequisite(s) must be completed before you attend the course. Equivalent experience and/or course(s) from another institution may be substituted for the prerequisite(s).

GRADING POLICY
All courses are non-credit, but (S)satisfactory or (U)unsatisfactory grades will be issued by the instructor at the end of the course. Grades are determined by the student's class attendance (at least 75% of class attendance is needed in order to receive an S grade) and/or other factors such as the student's understanding of course material, homework assignments, and quizzes.

If you are working toward a certificate in Computer Applications, Programming, Network Administration, or Web Site Design, you must receive a satisfactory grade in all the courses that apply toward your certificate. If you receive an unsatisfactory grade and wish to obtain a certificate, you must take the course over again and obtain a satisfactory grade.

TEXTBOOKS
Certain courses require or recommend textbooks. This will be indicated in the course descriptions. All textbooks are available at the University Bookstore in the University Memorial Center (UMC), room number 10.

OTHER MISCELLANEOUS INFORMATION

ENROLLMENT LIMITS
Enrollment is limited by the number of computers or seats available in each classroom. Only registered students are allowed into class.

CLASSROOM LOCATIONS
Classroom locations are indicated at the end of the course descriptions. The majority of courses offered through the Computer Applications Program are held at the following locations:
- University Computing Center (UCC) on 36th Street
- University Management Systems (UMS) building on 4780 Pearl East Circle (east of Foothills Parkway on Pearl)
- Division of Continuing Education (CEDI) on 1505 University Avenue
- Humanities (HUMN) building on the main CU campus. Refer to the map on pages 60-61 for other course locations.

DROP DEADLINES AND REFUND POLICY
Once you enroll, it is your responsibility to attend the course or drop from it in a timely manner. To receive a refund, you must drop the course before it begins. Once the course begins, no refunds will be issued as we will not be able to replace your seat in class.

FACULTY/STAFF DISCOUNTS
Permanent full-time CU-Boulder faculty and staff are eligible for a 25% tuition discount. A copy of your current employment record is required to receive this discount. Call 303-442-5148 for more information.

NOTES
The S symbol next to some course titles signifies it is a lecture-based only course. All other courses are hands-on or part lecture and part hands-on. Please note that most hands-on courses will take place in a PC lab, unless otherwise specified.

If you have any other questions, please call the Division of Continuing Education at 303-442-5148, or outside the Denver Metro area, 1-800-331-2801. Visit our web site at www.colorado.edu/conted/computer.htm.
CERTIFICATE PROGRAMS

The Computer Applications Program offers four certificate programs: Computer Applications, Network Administration, Web Site Design and Programming. These certificates are designed for beginners, as well as those with intermediate skills in these fields. The courses required for each certificate offer a mix of in-depth theoretical knowledge and real-world experience. Upon completion of the certificate, you should have a good understanding of the basic skills and concepts in the specific field you have chosen. The certificates are not designed to be completed within one semester, but must be completed within three years.

All courses listed under each certificate program must be taken for successful completion of the certificate. If you feel a course within the certificate requirements is too basic, you may replace this course with another course within the Computer Applications Program. Prerequisites are also required and must be completed before you can attend a course. Equivalent experience and coursework from another institution may be used to substitute for the prerequisite.

You must receive a satisfactory grade in all the courses that apply toward your certificate. If you receive an unsatisfactory grade, you must take the course over again and obtain a satisfactory grade.

Once you have completed all the requirements for your certificate, please send a written request for your certificate. Send the request via email to cccas@colorado.edu or to the Computer Applications Registrar, University of Colorado at Boulder, Division of Continuing Education, Campus Box 178, Boulder, CO 80309-0178.

CERTIFICATE IN COMPUTER APPLICATIONS

For this certificate, you must complete the five required core courses, one programming course and four electives.

A. FIVE REQUIRED CORE COURSES
CACS 100 Computer Literacy
CACS 201 Concepts of Computer Information Technology
CACS 202 Computer Applications Overview
CACS 204 Computer Systems Overview
CACS 220 Introduction to Networks

B. ONE PROGRAMMING COURSE
Programming courses offered include Visual Basic, C++ and Java.
(See pages 46-51 for course listings.)

C. FOUR ELECTIVE COURSES
Any computer applications course not listed or taken as a requirement above qualifies as an elective. You may want to focus on a specific area of emphasis (i.e. computer graphics, databases, spreadsheets, etc.) to be more proficient in a type of application. (See pages 51-56 for course listings.)

CERTIFICATE IN NETWORK ADMINISTRATION

For this certificate, you must complete the required courses in one of the two tracks (Windows/Intel or UNIX), the operating systems course, the required administrative course, an elective administrative course, a programming course and a database course.

A. CHOOSE ONE OF THE FOLLOWING TRACKS

1. Windows/Intel Track (both courses in this track are required)
   CACS 220 Introduction to Networks
   CACS 321 Network Administration

2. UNIX Track (both courses in this track are required)
   CACS 211 Introduction to UNIX
   CACS 311 Intermediate UNIX

B. OPERATING SYSTEMS (both courses are required)
   CACS 305 Computer Architecture
   CACS 323 Network Operating Systems

C. REQUIRED ADMINISTRATION COURSE
   CACS 424 Wide Area Networking Topics

D. OTHER ADMINISTRATION COURSES (select one)
   CACS 304 Introduction to Windows NT 4.0 Administration
   CACS 404 Intermediate Windows NT 4.0 Administration
   CACS 414 NetWare Administration
   CACS 415 UNIX System Administration

E. PROGRAMMING COURSE
   Choose one programming course. (See pages 46-51 for course listings.)

F. DATABASE COURSE
   Choose one database course. (See pages 53-54 for course listings.)

CERTIFICATE IN WEB SITE DESIGN

This certificate is all hands-on. To ensure you get the most out of the course and can actively participate, please make sure you complete the prerequisites first. The courses are short and fast-paced, with minimal review of materials from the prerequisites.

For this certificate, you must complete the six required core courses, one multimedia course, one graphics course, one elective course and the capstone Web Site Design Project course.

A. REQUIRED CORE COURSES
All five courses listed below are required and must be taken in sequence. You must complete the first course in the sequence before taking the second and so on.
1st CACS 331 Internet Applications
2nd CACS 332 Introduction to HTML
3rd CACS 432 Intermediate HTML
4th CACS 532 Advanced HTML
5th CACS 336 Introduction to JavaScript

B. OTHER REQUIRED CORE COURSE
(Reminder: Prerequisite(s) must be completed first.)
CACS 334 Design Techniques for Web Sites

C. REQUIRED MULTIMEDIA ELECTIVE
Choose any one of the following courses. (Reminder: Prerequisite(s) must be completed first.)
CAMC 291 Macromedia Director (6) Level I
CAMC 293 Multimedia Solutions
CACS 434 Using Macromedia DreamWeaver to Create Web Sites*
CACS 260 Motion Graphics Using Flash*

*Note: CACS 434 and CACS 260 cannot be used to fulfill the Multimedia Elective if you are already taking either of these courses to fulfill the Web Course Elective.
D. REQUIRED GRAPHICS ELECTIVE
Choose any one of the following courses. (Reminder: Prerequisite(s) must be completed first.)
- CAPC 282 PhotoShop for Windows, Level I
- CAPC 382 PhotoShop for Windows, Level II
- CAPC 283 Illustrator for Windows, Level I
- CAMC 282 PhotoShop for Macintosh, Level I
- CAMC 382 PhotoShop for Macintosh, Level II
- CAMC 283 Illustrator for Macintosh, Level I

E. WEB COURSE ELECTIVE
Choose any one of the following courses.
(Reminder: Prerequisite(s) must be completed first.)
- CACS 237 Doing Business on the Internet
- CACS 533 Advanced HTML 4.0 Update
- CACS 233 Web Site Design with FrontPage 2000
- CACS 436 JavaScript Language
- CACS 434 Using Macromedia DreamWeaver to Create Web Sites*
- CACS 260 Motion Graphics Using Flash*

*Note: CACS 434 and CACS 260 cannot be used to fulfill the Web Course Elective if you are already taking either of these courses to fulfill the Multimedia Elective.

F. REQUIRED CAPSTONE COURSE
All the required courses listed in A-E above must be successfully completed before you can enroll in this course.
- CACS 660 Web Site Design Project

CERTIFICATE IN PROGRAMMING
For this certificate, you must complete the required introductory courses in Option 1 or 2, the required courses in one of the two tracks (C++ or Java) and one elective Topics course.

A. REQUIRED INTRODUCTORY COURSES
(Choose option 1 or 2)

Option 1: For absolute beginners (all courses are required)
- CACS 240 Introduction to Programming
- CACS 241 Introduction to Hands-on C++
- CACS 341 Intermediate Hands-on C++

Option 2: For those who have had some programming experience (all courses are required)
- CACS 242 Introduction to Application Programming
- CACS 342 Intermediate Application Programming

B. CHOOSE ONE OF TWO TRACKS

1. C++ Track (all courses required)
- CACS 244 Intro to Object-Oriented Programming in C++
- CACS 344 Intermediate/Advanced C++ Programming
- CACS 444 C++ Gotchas
- CACS 341 Intermediate Hands-on C++ or CACS 342 Intermediate Application Programming
- Two Design Topics Courses

2. Java Track (all courses required)
- CACS 247 Introduction to Object-Oriented Programming Using Java
- CACS 347 Java for Object-Oriented Experienced Programmers
- CACS 447 Advanced Java Programming Language Topics
- CACS 448 Advanced Java Library
- One Java Topics Course
- One Design Topics Course

C. Choose one elective Topics course not already taken for the track requirements

TOPICS COURSES

Java Topics
- CACS 248 Java Servlets
- CACS 348 GUI Programming in Java
- CACS 360 Developing Web Applications in Java
- CACS 450 Network-Embedded Java Programming

Design Topics
- CACS 345 Object-Oriented Design Patterns
- CACS 445 Object-Oriented Analysis and Design

Visual Basic Topics
- CACS 245 Introduction to Hands-on Visual Basic Programming
- CACS 350 Intermediate Hands-on Visual Basic Programming

Database Design Topics
- CACS 357 Database Design Concepts
- CACS 358 Relational Database Concepts and SQL Programming

Bob Schmidt teaches Intermediate and Intro to Windows NT Administration. As an owner of a Denver area technology firm, “Kauai Technologies,” he provides a real-world, big-picture view of all aspects of Windows NT both current and future. He enjoys teaching at CU for the great interaction with students in a small classroom setting. The classes really help people build on skills to manage and support small to very large Windows NT PC and server environments.
THE COMPUTER SYSTEM

UNDERSTANDING COMPUTERS

Computer Literacy

CACS 100

Take the mystery out of basic computer jargon and learn start-up skills that will open the door to new opportunities. Learn concepts and terminology that will make successive computer courses easier to understand. An introductory lecture will prepare you for five hands-on labs: three on the Macintosh system and two on the personal computer (PC), or two on the Macintosh system and three on the PC. After the course, spreadsheet, word processing, database and communication applications will be familiar concepts to you.

Beth Sigren, B.S.

Section 501: Tuesdays, January 23, 6-8 p.m. plus lab sections. Please indicate lab preference (50A or 50B) at registration: Lab Section 50A: Tuesdays, January 30-February 27, 6-8 p.m. Lab Section 50B: Tuesdays, January 30-February 27, 8-10 p.m. This section has three Macintosh labs and two PC labs. First session, January 23, will be held in Humanities 186. January 30-February 13 sessions will be held in Humanities 1B35. February 20-27 sessions will be held in Humanities 1B45.

Pat Melton, B.A.

Section 502: Mondays, February 12, 6-8 p.m. plus lab sections. Please indicate lab preference (50C or 50D) at registration: Lab Section 50C: Mondays, February 19-March 19, 6-8 p.m. Lab Section 50D: Mondays, February 19-March 19, 8-10 p.m. This section has two Macintosh labs and three PC labs. First session, February 12, will be held in Humanities 135. February 19-26 sessions will be held in Humanities 1B35. March 5-19 sessions will be held in Humanities 1B45.

All Sections: 6 sessions. $160.

Concepts of Computer Information Technology

CACS 201

Examine the evolution of computers and their current role at the heart of today's technology. Look at the Information Age including the Internet, Intranet and Extranet; the technologies that are changing the way we work and live; critical technology issues and decisions; and how to identify the best career opportunities in this exciting field. Prerequisite: CACS 100 Computer Literacy or equivalent.

Lorraine Revelle, B.A.

Section 500: Thursdays, January 25-March 1, 6-9 p.m. 6 sessions. Muenzinger E417. $250.

NETWORKS

Introduction to Networks

CACS 220

Networked computer systems are becoming more and more prevalent in today's business environment. Making informed choices depends on understanding the basic concepts, grasping the "lingo" and accurately evaluating various configurations. This course also presents an overview of current network systems available on both DOS-based and Macintosh-based systems from small to medium sized businesses. Prerequisite: CAPC 203 Windows 95 Level I or equivalent.

Nate Ahrens, B.A.

Section 501: Thursdays, January 25-February 15, 6-9 p.m.

Section 502: Tuesdays, February 27-March 20, 6-9 p.m.

All Sections: 4 sessions. University Computing Center 127. $240.

Computer Architecture

CACS 305

This course introduces the fundamentals of computer architecture, providing an overview of the structure and operation of digital computers. It describes how individual components such as CPU's, memory, hard drives, video cards, network interface cards, and other peripherals interact with each other on various platforms. The class will explore several underlying technologies that are common to most computers, and especially to PC's. It will take a generic approach to describing how these systems work rather than examining the details of specific implementations. Prerequisite: CACS 204 Computer Systems Overview or equivalent.

Dave Bodnar, M.S.

Section 501: Tuesdays, February 20-March 13, 6-9 p.m.

Section 502: Wednesdays, April 4-25, 6-9 p.m.

NETWORKS-cont.

Network Administration
CACS 321
Lecture and lab. The lecture portion provides information about network management skills including setting up user groups and access privileges, maintaining security, backup strategies, as well as sharing printers and other network resources. In lab, students learn troubleshooting techniques, and how to solve and prevent network problems. Prerequisite: CACS 323 Network Operating Systems or equivalent.
Shayn Smith, Ph.D., CNE
Section 500: Mondays and Thursdays, April 16-26, 6-9 p.m. 4 sessions. Mondays in University Computing Center 123 and Thursdays in University Computing Center 127. $210.

Network Operating Systems
CACS 323
This course deals with the major server operating systems. The lecture portion of the course compares and contrasts the components, functionality, and architecture of the Windows, UNIX, and Macintosh network operating systems. In lab, students learn about installing and configuring the operating systems and how to use them in fully functional network servers. Prerequisite: CACS 303 Computer Operating Systems or equivalent. Required text: Using Networks, Derrler.
Instructor: TBA
Section 500: Mondays and Thursdays, April 2-12, 6-9 p.m. 4 sessions. Mondays in University Computing Center 123 and Thursdays in University Computing Center 127. $210.

Introduction to Windows NT 4.0 Administration
CACS 404
Bob Schmidt, M.A.
Section 500: Tuesdays, February 27-March 20, 6-9 p.m. 4 sessions. Continuing Education Center (CEDU), Room 1840 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date). $420.

Intermediate Windows NT 4.0 Administration
CACS 404
Expand on the topics covered in the introduction course by learning what it takes to adapt them to a larger scale multi-server environment using Domains and Trusts. Also examine the Internet Information Server, Remote Access Service, and other network components. Prerequisite: CACS 304 Introduction to Windows NT 4.0 Administration or equivalent. Required text: Inside Windows NT Server 4, 2nd edition, Heywood.
Bob Schmidt, M.A.
Section 500: Wednesdays, April 4-25, 6-9 p.m. 4 sessions. Continuing Education Center (CEDU), Room 1840 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date). $420.

UNIX System Administration
CACS 415
This hands-on course examines in-depth the fundamental aspects of managing users, installing and troubleshooting software and hardware, and effective backup and security schemes. Advanced topics include an overview of network management as well as suggestions for effective system monitoring schemes, particular setup strategies and other “tricks of the trade.” Prerequisites: CACS 211 Introduction to UNIX or equivalent and users level knowledge of file ownerships, directories, permissions, basic commands and editors.
Lynn Schaper, B.A.
Section 500: Mondays and Wednesdays, February 19-March 5, 6-9 p.m. 5 sessions. University Computing Center 127. $460.

Wide Area Networking Topics
CACS 424
This course presents an overview of Wide Area Network technologies that are commonly used at the University of Colorado at Boulder as well as other businesses. The course will cover WAN standards, such as PPP, SLIP, frame relay and V.34 modem protocols with hands-on configuration of systems for access to CU-Boulder modern pools and Internet service providers. Windows 95 and Macintosh configurations will be discussed. Prerequisite: CACS 323 Network Operating Systems or equivalent.
P. Welding, B.S.
Section 500: Tuesdays, April 17-May 1, 6-9 p.m. 3 sessions. University Computing Center 123. $200.

Lecture only; no labs
OPERATING SYSTEMS

Computer Operating Systems
CACS 303
This course deals with the major workstation operating systems. The lecture portion of the course compares and contrasts the components, functionality, and architecture of the Windows, UNIX, and Macintosh workstation operating systems. In lab, students learn about installing and configuring the operating systems and how to use them in fully functional workstations.
Instructor: TBA
Section 500: Thursdays, March 1-22, 6-9 p.m. 4 sessions. March 1 and 15 in University Computing Center 123 and March 8 and 22 in University Computing Center 127. $210.

Hands-On UNIX
CACS 312
Learn the basics of the UNIX operating system for programming, Internet connectivity, and other daily tasks. The course covers UNIX fundamentals such as the file and directory structure, essential commands, editors and shells. Advanced topics include customization of the user environment, basic shell programming and an overview of the different versions of UNIX available on the market today. Prerequisite: CACS 100 Computer Literacy or equivalent.
Bill Norton, B.A.
Section 500: Tuesdays, January 23-February 20, 6-9 p.m. 5 sessions. University Management Systems 001. $360.

Introduction to UNIX
CACS 211
This is a course for anyone who needs to use UNIX, program in its environment, manage users, or obtain sufficient knowledge to evaluate it. Fundamentals are covered, including few advanced topics history, the importance of different versions, files, directories, permissions, essential commands, editors, the Bourne and C shells, I/O redirection, pipes, command substitution, environment variables, powerful features of the C shell and a look inside the UNIX kernel. Prerequisite: CACS 100 Computer Literacy or equivalent.
Craig McBride, M.B.A.
Section 500: Mondays and Thursdays, January 22-February 12, 6-9 p.m. 7 sessions. University Computing Center 123. $390.

Intermediate UNIX
CACS 311
Create your own tools or do system administration. Advanced use of commands are covered, including creating and executing shell programs, start-up files, variables, parameters, simple and multiple case branching, loops, signal handling, testing file attributes, plus some ingenious little-known features. Prerequisite: CACS 211 Introduction to UNIX or equivalent.
Craig McBride, M.B.A.
Section 500: Mondays and Wednesdays, March 7-21, 6-9 p.m. 5 sessions. University Computing Center 123. $460.

THE INTERNET

Internet Fundamentals
CACS 230
Learn what today’s information SuperHighway, the Internet, offers. Topics include an overview of its history and technology, access providers and ways to join the Internet. Basic applications such as electronic mail, USENET news, finding and accessing information and the World Wide Web will be covered. Lecture includes information on both PC and Macintosh platforms. Prerequisite: CACS 100 Computer Literacy or equivalent.
Lorraine Revelle, B.A.
Section 501: Monday and Wednesday, January 22 and 24, 6-9 p.m. 2 sessions.
Beth Sigren, B.S.
Section 502: Saturday, January 27, 9 a.m.-4 p.m. 1 session.
All Sections: Humanities 1B45. $150.

Linda Neale is taking the Network Administration class because she is working on the certificate program. "I am a network administrator for a small company and I want to learn more about NT administration." She says the class is good. "It's a hands-on class and that's what I was looking for. I'm very pleased."
**THE INTERNET-cont.**

The Internet—Effective Use of Your Time Online

**CACS 130**

A "brown-bag" series about the Web, on the Web. Topics include: Internet "Newbie" instruction on the Internet, Electronic Mail (including mailborne virus protection), Searching for information on the Internet, Searching for and downloading files on the Internet, Anatomy of an HTML (Web) document, Personal Computer Popular Internet Software, *Déjà Vu All Over Again—Revisiting Information on the 'Net, Come here Watson, I Need You: Audio and Video on the 'Net, Shopping on the Web: Are You Ready for Virtual Mall Mania?, Keeping Kids Safe on the 'Net.* The course is conducted entirely online. **Prerequisite:** CACS 100 Computer Literacy or equivalent. Must have access to WWW ready computer. This course cannot be used as an elective for the Web Site Design Certificate.

Sid Eaton

Section 51W: January 16–March 30. $200.

---

Doing Business on the Internet

**CACS 237**

"E-commerce": Learn the fundamentals for promoting and marketing your business online. Topics include conceptualizing, planning, organizing and implementing a web-based "storefront" distributed on the Internet. Case studies will be reviewed that demonstrate various strategies for successful management of security, payment, search listings, and software concerns as applied to marketing your product or service on the Web. **Prerequisite:** CACS 230 Internet Fundamentals or equivalent.

Instructor: TBA

Section 501: Wednesdays, February 7–28 (skip February 14), 6–9 p.m.

Section 502: Wednesdays, March 7–21, 6–9 p.m.

All Sections: 3 sessions. Humanities 1B45. $190.

---

Internet Applications

**CACS 331**

There is more to the Internet than web sites! In this class, you will access and search FTP sites, transfer files to a host computer using FTP and log on to a host computer with telnet. Learn more about your web browser: how to set preferences, download and install plug-ins, organize bookmarks and copy images. Also, sign up for free web space and build your own web page using free software. **Prerequisite:** CACS 230 Internet Fundamentals or equivalent.

Ginny Figlar, M.A.

Section 501: Thursdays, January 25–February 8, 6–9 p.m. 3 sessions. University Management Systems 001.

Beth Sigren, B.S.

Section 502: Saturdays, February 3 and 10, 9 a.m.-2:30 p.m. 2 sessions. University Management Systems 001.

Rachelle Johnson

Section 503: Mondays, February 5–19, 6–9 p.m. 3 sessions. Humanities 1B45.

Chris Mattson, B.S.

Section 504: Wednesdays, February 7–28 (skip February 14), 6–9 p.m. 3 sessions. University Management Systems 001.

Section 505: Saturdays, February 17 and 24, 9 a.m.-2:30 p.m. 2 sessions. University Computing Center 127.

All Sections: $190.

---

**Web based academic credit courses are available through the Independent Learning program, pages 20-23.**

---

Intro to Windows NT is one of 12 classes Lorraine Revelle is taking this semester. She's working on three certificate programs—Network Administration, Web Design and Computer Applications. Her goal is to expand her credentials for better job opportunities—specifically, to help her be a more effective teacher. (She is currently teaching Intro to Windows for us.) Lorraine and her husband have recently returned from 2-1/2 years living in Panama—her husband was involved in the closure of US operations there. So Lorraine is enjoying the process of gearing up for a new life and career here.
COMPUTER APPLICATIONS

Introduction to Hypertext Mark-up Language (HTML): Formatting, Links, Lists and Tables
CACS 332
Learn how to create web pages and web sites. Topics include formatting tags, essential head tags, lists, links, images and tables. Coding techniques and tips for web site design are also covered. Prerequisites: CAPC 203 Windows 95 Level I and CACS 331 Internet Applications or equivalent. Proficiency with PCs and the Windows 95 operating system is necessary.
Karis Vail Schmidt, B.A.
Section 501: Wednesdays, January 31-February 28 (skip February 21), 9 a.m.-12 p.m. 4 sessions.
Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date).
Beth Sigren, B.S.
Section 502: Saturdays, March 3-17, 1-5 p.m. 3 sessions. Humanities 1B45.
Ginny Figlar, M.A.
Section 503: Wednesdays, March 7-April 4 (skip March 28), 6-9 p.m. 4 sessions. University Computing Center 127.
Karis Vail Schmidt, B.A.
Section 504: Mondays, March 12-April 9 (skip March 26), 6-9 p.m. 4 sessions. Humanities 1B35. This course will be taught in a Mac lab.
Section 505: Tuesdays, March 13-April 10 (skip March 27), 9 a.m.-12 p.m. 4 sessions. University Computing Center 127.
Section 506: Tuesdays, March 13-April 10 (skip March 27), 1-4 p.m. 4 sessions. University Computing Center 127.
All Sections: $235.

Intermediate Hypertext Mark-up Language (HTML): Meta Tags, Referencing and Frames
CACS 432
This course builds on the skills learned in CACS 332 Introduction to HTML. Learn to code more meta tags: absolute, relative and base references; and frames. Also learn about client pull and server push concepts. Prerequisite: CACS 332 Introduction to Hypertext Mark-up Language (HTML) or equivalent. You must be proficient with PCs and the Windows 95 operating system and able to implement all the skills covered in the Introduction HTML course with minimal assistance.
Karis Vail Schmidt, B.A.
Section 501: Tuesdays, April 17-May 1, 9 a.m.-12 p.m. University Computing Center 127.
Beth Sigren, B.S.
Section 502: Tuesdays, April 17-May 1, 6-9 p.m. Humanities 1B35.
Susan Walanski, B.A.
Section 503: Wednesdays, April 18-May 2, 6-9 p.m. University Management Systems 001.
Joyce Evans, B.A.
Section 504: Thursdays, April 19-May 3, 6-9 p.m. University Management Systems 001.
Karis Vail Schmidt, B.A.
Section 505: Mondays, April 23-May 7, 6-9 p.m. University Computing Center 127.
Susan Walanski, B.A.
Section 506: Mondays, April 23-May 7, 6-9 p.m. Humanities 1B45.
All Sections: 3 sessions. $195.

Advanced Hypertext Mark-up Language (HTML)
CACS 532
This course builds on the skills learned in the Introduction and Intermediate HTML courses. Examine the "big picture" of web site design, creation and advertising. Learn to code forms, styles and style sheets. Prerequisite: CACS 432 Intermediate Hypertext Mark-up Language (HTML) or equivalent. You must be proficient with PCs and the Windows operating system and able to implement all skills covered in the Introduction and Intermediate HTML courses to successfully complete this course.
Instructor: TBA
Section 501: Tuesdays, January 23-February 13, 6-9 p.m. Humanities 1B45.
Joyce Evans, B.A.
Section 502: Saturdays, January 27-February 17, 9 a.m.-12 p.m. Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date).
Section 503: Saturdays, January 27-February 17, 1-4 p.m. Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date).
Beth Sigren, B.S.
Section 504: Wednesdays, February 28-March 21, 6-9 p.m. Humanities 1B35. This course will be held in a Mac Lab.
Karis Vail Schmidt, B.A.
Section 505: Saturdays, March 3-24, 9 a.m.-12 p.m. University Computing Center 127.
Joyce Evans, B.A.
Section 506: Wednesdays, March 14-April 11 (skip March 28), 6-9 p.m. University Management Systems 001.
All Sections: 4 sessions. $235.

REGISTER BY PHONE 303 492 8668
THE INTERNET-cont.
Advanced Hypertext Mark-up Language
(HTML) (4.0) Update
CACS 533
Learn about the new version of HTML: HTML 4.0. This fast-paced class covers new and revised HTML tags, attributes, and values as specified by the W3C. This class builds on the skills learned in all levels of the HTML courses. Prerequisite: CACS 532 Advanced Hypertext Mark-up Language (HTML) or equivalent. Students must be proficient with PCs and the Windows 95 operating system and able to implement the skills covered in all levels of the HTML courses with minimal assistance. Beth Sigren, B.S. Section 500: Saturdays, February 17 and 24, 1-4 p.m. 2 sessions. Humanities 1B45. $160.

Design Techniques for Web Sites
CACS 334
Learn basic design principles and apply them to web page design. Targeting audience, defining your goal and flow-charting will also be discussed. Using Adobe Photoshop, discover ways to create enticing graphics for your pages that are interesting and also manageable. Other topics include today's technological realities, typography and color theory. Prerequisite: CACS 331 Internet Applications or equivalent. Beth Sigren, B.S. Section 501: Saturday, April 28, 9 a.m.-4 p.m. 1 session. Humanities 1B45. All Sections: $160.

Using Macromedia DreamWeaver to Create Web Sites
CACS 434
This professional level HTML editor is a sophisticated tool for creating web sites. Its powerful site management tools will be covered as well as discussion of layout techniques using tables and frames. Creating rollovers, image swaps, image maps, and much more will also be covered. If you haven't seen DreamWeaver in action, this class is a must. Prerequisite: CACS 432 Intermediate HTML or equivalent. Jeff Braunstein, M.S. Section 501: Mondays, January 22-February 12, 6-9 p.m. 4 sessions. Humanities 1B35. This course will be held in a Mac lab. Tim Meehan Section 502: Saturdays, January 27-February 10, 9 a.m.-1 p.m. 3 sessions. University Computing Center 127. Jeff Braunstein, M.S. Section 503: Mondays, February 19-March 12, 6-9 p.m. 4 sessions. Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date). Tim Meehan Section 504: Mondays, April 16-May 7, 9 a.m.-12 p.m. 4 sessions. Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date). All Sections: $265.

Web Site Design with FrontPage 2000
CACS 235
Learn to develop a web presence with Microsoft's popular web authoring and management tool. This class will take you from beginning to end, while covering the basics (including hyperlinks, navigation, image maps, text and graphic use, lists and tables) and moving to more sophisticated techniques (including creating interactive forms, frames, discussion boards, rollover buttons and utilizing the many wizards that FrontPage offers). The course will also cover in depth the powerful management tools available for easily maintaining and managing your site. Prerequisites: CAPC 203 Windows 95/CAPC 205 Windows 98 and CACS 230 Internet Fundamentals or equivalent. Karis Vail Schmidt, B.A. Section 501: Mondays, February 19-March 12, 9 a.m.-12 p.m. Section 502: Wednesdays, April 11-May 2, 6-9 p.m. All Sections: 4 sessions. University Computing Center 127. $260.
Motion Graphics Using Flash
CACS 260
Learn how to create dynamic, interactive “shockwave” movies for multimedia and web applications. Techniques that will be covered include drawing objects, creating symbols, creating motion tweens, and simple interactivity. Homework projects will be assigned and due at the beginning of class. Prerequisite: CMC 293 Multimedia Solutions or equivalent.
Mary McGivern, B.A.
Section 501: Tuesdays, February 6-13, 9 a.m.-4 p.m. 4 sessions.
Section 502: Wednesdays, April 4-25, 9 a.m.-12 p.m. 4 sessions.
Section 503: Wednesdays, April 25-1, 1-4 p.m. 4 sessions.
All Sections: University Computing Center 127. $265.

Introduction to JavaScript
CACS 336
Learn how to apply JavaScript to enhance web pages. Topics include an overview of JavaScript and how to include basic JavaScript, such as rollovers, scrolling status bars, cycling banners, the current date and opening new browser windows into a web page. Hands-on exercises will be used to make your web pages up-to-date and impressive. Prerequisite: CACS 532 Advanced HTML or equivalent.
Susan Walanski, B.A.
Section 501: Thursdays, February 8-22, 6-9 p.m. Humanities 1B45.
Section 502: Thursdays, March 1-15, 6-9 p.m. Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date).
Instructor: TBA
Section 503: Saturdays, March 3-17, 9 a.m.-12 p.m. University Management Systems 001.
Section 504: Saturdays, March 3-17, 1-4 p.m. University Management Systems 001.
All Sections: 3 sessions. $200.

JavaScript Language
CACS 436
This course will cover programming techniques such as controlling program flow, looping structures, defining and manipulating functions and the various uses of JavaScript’s object properties and methods. However, this course is not intended to teach general programming concepts; therefore, students should be familiar with general programming concepts such as variables, statements, parameter passing and the idea of modularized code (i.e. functions/subroutines/methods). This hands-on course will have a lot of in-class exercises using JavaScript in practical applications such as verifying different types of form field data, browser detection, reading, writing and deleting cookies, creating new pages dynamically and writing user defined functions for pre-loading images. Prerequisites: CACS 240 Introduction to Programming and CACS 336 Introduction to JavaScript or equivalent.
Joyce Evans, B.A.
Section 501: Saturdays, February 24-March 10, 9 a.m.-4 p.m. 3 sessions. Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date).
Instructor: TBA
Section 502: Tuesdays, April 3-May 8, 6-9 p.m. 6 sessions. Humanities 1B45.
Section 503: Saturdays, April 28-May 12, 9 a.m.-4 p.m. 3 sessions. University Management Systems 001.
All Sections: $280.

Web Site Design Project
CACS 600
Required capstone course for the Certificate in Web Site Design. With minimal assistance and supervision, students will create a web site to demonstrate their complete understanding of web site design. This fast-paced class builds upon the skills learned in the courses required for the Certificate. Particular attention is given to images, tables, forms, frames, style sheets and JavaScript scripts. Homework is regularly assigned and must be completed as directed for successful completion of this course and the Certificate. Prerequisite: Students must have satisfactorily completed all the required courses for the Web Site Design Certificate. CACS 533 Advanced HTML 4.0 Update is highly recommended.
Beth Sigren, B.S.
Section 501: Saturdays, February 17-March 17, 9 a.m.-12 p.m.
Section 502: Wednesdays, April 11-May 9, 6-9 p.m.
All Sections: 5 sessions. Humanities 1B45. $275.

People who take Continuing Education classes lead busy lives. Nan Burmeister, for example. We spoke to Nan by phone on a Saturday morning at the end of a week taken up with final preparation for her company's annual meeting on the following Monday—an event hosting some 40 clients. While we spoke, she was preparing food for 50 guests for an engagement party that evening for (very) good friends. When she's not making baklava and Swedish meatballs, Nan is a manager for Wagers and Associates. She's taking Intro to Windows NT "because one of my responsibilities is to be a back-up administrator for our network. And because it might be helpful for client support."
PROGRAMMING

Introduction to Programming CACS 240

This is an excellent first course for students with minimal or no programming background who want to take Hands-On C++. Using an object-oriented approach, students will learn the logic patterns needed for structured programming in any language. Students will work with if statements, loops and modularized code and learn to write top-down elegant code. Prerequisite: CACP 203 Windows 95 Level I or equivalent. Required text: Karel ++, Pattis.
Cherry Stover, M.S.
Section 501: Mondays, January 24 and February 7 and Tuesdays, January 30 and February 13, 6:30 a.m.-4 p.m. 4 sessions. University Computing Center 123.
Section 502: Thursdays, January 25 and February 8, 6:30 p.m. Saturdays, January 27 and February 10, 9 a.m.-4 p.m. and Mondays, January 29 and February 12, 6:30 p.m. 6 sessions. Helmers 263.
All Sections: $420.

Introduction to Hands-On C++
CACS 241

A gentle introduction to C++ programming for those who have some background in object-oriented structured programming. This partially self-paced course covers basic I/O, conditionals, loops and an introduction to functions and pointers. Those who are relatively new to programming should have some facility writing simple C++ code by the end of this class. Those with a strong programming background should have the coding of simple C++ programs "wired" and find the pursuit of the more arcane aspects of this language a simpler task. Prerequisite: CACS 240 Introduction to Programming or equivalent. Required text: C++ How to Program, Deitel & Deitel.
Cherry Stover, M.S.
Section 501: Mondays, March 14 and April 4 and Tuesdays, March 20 and April 10 (skip week of March 26), 9 a.m.-4 p.m. 4 sessions.
Section 502: Thursdays, March 15 and April 4, 6:30 p.m. Saturdays, March 17 and April 7, 9 a.m.-4 p.m. and Mondays, March 19 and April 9, 6:30 p.m. (skip week of March 26). 6 sessions.
All Sections: Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date). $420.

Intermediate Hands-On C++
CACS 341

This course will cover pointers, arrays, strings, structures and file handling. It is hands-on and partially self-paced. Students should be able to write a C program with functions before taking this class. Prerequisite: CACS 241 Introduction to Hands-On C++ or equivalent. Required text: C++ How to Program, Deitel & Deitel.
Susan Ramirez, B.S.
Section 500: Saturdays, April 21-May 5, 9 a.m.-4 p.m. 3 sessions. Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date). $420.

Introduction to Application Programming
CACS 242

A more intensive first programming course covering the techniques used in designing common algorithms to solve practical problems. Topics include flow of control, functions with parameter passing, data structures, abstract data types, objects, classes, arrays and file I/O. The course combines a lecture and self-paced laboratory format with hands-on programming using Turbo C++. No programming experience is required. Prerequisite: CACP 203 Windows 95 Level I or equivalent. Recommended text: Problem Solving With C++, Savitch.
Tom Harrold, Ed.D.
Section 500: Mondays and Thursdays, January 22-February 15, 6:30 p.m. 8 sessions. Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date). $420.

Intermediate Application Programming
CACS 342

Using more advanced programming concepts, students learn to analyze problems encountered and solutions to building larger, more real-world type programs, including criteria for selecting data structures to fit their applications. Object-oriented design is emphasized. Topics include pointers, dynamic data structures (linked lists, queues, stacks, binary trees), recursion, and A/I. Course combines a self-paced laboratory format of hands-on, C++ programming with an in-lab lecture. Prerequisite: CACS 242 Introduction to Application Programming or equivalent. Recommended text: Problem Solving With C++, Savitch.
Tom Harrold, Ed.D.
Section 500: Tuesdays, February 27-April 10 (skip March 27), 6:30 p.m. 6 sessions. University Management Systems 001. $395.

Lecture only; no labs
Algorithm Design in C and C++
CACS 355
This course focuses on the application of C and C++ in the design of practical solutions to real-world problems. Topics include sorting and searching, internal data representation, bit manipulation, arrays and pointers, random number generation, and an introduction to computer graphics, all within the context of specific program examples. Although rules of C/C++ language syntax are discussed and reinforced, primary emphasis is placed on developing the student's ability to analyze a problem inductively before approaching the computer. Prerequisite: CACS 342 Intermediate Application Programming or CACS 341 Intermediate Hands-On C++ or equivalent.
Students should also have access to a computer with a text editor, C/C++ compiler and linker (or IDE), plus knowledge of at least high-school level algebra.
David Corbin, M.S.
Section 500: Mondays, March 5-April 30 (skip March 26), 6-9 p.m. 8 sessions. Continuing Education Center (CEDU), Room 140. $475.

Introduction to Hands-On Visual Basic Programming
CACS 245
Visual Basic is a programming language that allows both beginning and experienced programmers to create custom Windows software without having to write out lines of code. The code is automatically generated as the standard Windows elements are inserted into the program by pointing and clicking with the mouse. The "Visual" (graphical) nature of this software makes it possible to create custom Windows programs relatively quickly and easily. Prerequisite: CAPC 303 Windows 95 Level I or equivalent.
David Nelson, B.S.
Section 500: Mondays, March 12-April 16 (skip March 26), 6-9 p.m. 5 sessions. University Computing Center 127. $380.

Intermediate Hands-On Visual Basic Programming
CACS 350
Explore topics designed to expose an intermediate programmer to a wide range of Visual Basic features. All major elements of the language are covered and concepts of an object-oriented, event-driven application are introduced. Implement a graphical interface that includes pull-down and pop up menus; use a wide range of the Visual Basic language elements; code effective event procedures; interact with mouse events; and use a variety of standard and custom Visual Basic controls. Understand the range of applications that are possible. Prerequisite: CACS 245 Introduction to Hands-On Visual Basic Programming or equivalent.
Steve Kamiński, M.S.E.E.
Section 500: Saturdays, April 28-May 12, 9 a.m.-4 p.m. 3 sessions. University Computing Center 127. $395.

Introduction to Object-Oriented Programming in C++
CACS 244
C++ is an extension of the C language that supports object-oriented (O-O) programming. This course will focus on the essential concepts underlying O-O programming (data abstraction, inheritance, polymorphism) and will show how these are supported in C++ (classes and objects, member functions, virtual functions). Features of C++ that are not directly related to O-O programming (constants, function overloading, default arguments and inline functions) will also be covered. Prerequisite: proficiency in C programming is required. Programmers should be comfortable with structures, pointers, arrays, dynamic memory allocation, string handling and the C preprocessor. Familiarity with object-oriented programming is not a prerequisite. Recommended text: The C++ Programming Language, 3rd Edition, Stroustrup. P. Jensen, M.S.
Section 500: Mondays, January 22-February 19, 6-9 p.m. 5 sessions. Humanities 370. $420.

Software Project Planning
CACS 249
Software projects are more than designing and writing code. Successful software projects are those that coordinate the activities of developers, marketers, quality assurance engineers, technical writers and other team members to solve complete real-world problems. This course will cover successful software project planning, including requirements analysis, project scheduling, risk management, quality assurance, testing, and team coordination. A variety of approaches will be discussed, including iterative, RAD, spiral, and waterfall methodologies, with an in-depth look at an object-oriented, iterative approach. The class will introduce the use of light-weight software planning tools, particularly Microsoft Project. Prerequisite: Knowledge of C++ or Java Programming or equivalent. Required text: Software Project Survival Guide, McConnell. R. Wolnievcz, Ph.D.
Section 500: Mondays, January 22-February 19, 6-9 p.m. 5 sessions. Stadium 140. $420.

C++ Gotchas
CACS 444

Production C++ programming is complicated by numerous features of the language that behave or interact in unexpected ways - "the Gotchas". Gotchas appear in all parts of the language. They affect the correctness, efficiency and portability of C++ software and may cost programmers additional development time to track down obscure bugs. A modest investment in understanding the Gotchas will repay itself many times over. This one-day lecture class presents a collection of over 50 Gotchas (and techniques for avoiding them) from different parts of the language, including constructors and destructors, function and operator overloading, scope, access control, arrays, const, references, inheritance and virtual functions, type-safe linkage, operators new and delete, initialization, multiple inheritance, virtual base classes and templates. Prerequisite: CACS 344 Intermediate/Advanced C++ Programming or equivalent.

R. Wolniewicz, Ph.D. and P. Jensen, M.S.
Section 500: Saturday, April 28, 9 a.m.-4 p.m. 1 session. University Computing Center 123. $160.

Object-Oriented Design Patterns
CACS 345

Designers of object-oriented software have compiled many common architectural solutions to common problems, known as "design patterns". A pattern captures a recurring micro-architecture described in terms of how objects interact to perform a computation. Learning these patterns helps programmers evaluate, communicate, review and implement software designs more effectively. The patterns form a catalog of reusable architectural mechanisms (not a body of reusable source code). This one-day lecture class will explain the design pattern concepts, terminology and benefits and will present a number of fundamental patterns. Prerequisite: familiarity with object-oriented programming or an introduction to object-oriented programming class such as CACS 244 Introduction to Object-Oriented Programming in C++ or CACS 247 Introduction to Object-Oriented Programming Using Java. Recommended text: Object-Oriented Design Patterns, Gamma, et al.

David Rodenbaugh, B.A.
Section 500: Saturday, March 17, 9 a.m.-4 p.m. 1 session. University Computing Center 123. $160.

Object-Oriented Analysis and Design
CACS 445

This workshop combines lecture and student participation to give you a firm grounding in the fundamental precepts of object-oriented analysis and design. This course will be useful for anyone wondering "how to find the objects". Upon completion, you will have an excellent foundation to get the most out of C++ and Java or other object-oriented languages. Class size limited to 15 students. Prerequisite: CACS 244 Introduction to Object-Oriented Programming in C++ or CACS 247 Introduction to Object-Oriented Programming Using Java or equivalent. Students should be comfortable programming with objects.

Greg Holling, B.S.
Section 500: Saturdays, February 24 and March 3, 9 a.m.-5 p.m. 2 sessions. University Computing Center 123. $465.

© Lecture only; no labs
Introduction to Object-Oriented Programming Using Java
CACS 247
This course introduces object-oriented programming to programmers familiar with procedural programming but not object-oriented concepts. Focus is on the essential concepts underlying O-O programming (data abstraction, inheritance and polymorphism) and how these are supported in Java (classes and objects, methods, dynamic method binding). We study the Java util package's data structures and collection classes. We also introduce GUI and applet programming. The format is lecture with lab assignments to be completed between classes. Prerequisite: CACS 342 Intermediate Application Programming or intermediate level experience with any procedural programming language. Basic programming concepts will not be covered. Recommended text: Just Java, Peter van der Linden.
Carol J. Meier, M.S.
Section 500: Mondays, January 22-March 5, 6-9 p.m. 7 sessions. Humanities 1B80. $470.

Java for Object-Oriented Experienced Programmers
CACS 347
This in-depth look at the Java programming language begins with an overview of the Java language then rapidly covers the basics and progresses to inheritance, packages and interfaces and exceptions. Details of the type system, compilation model and the dynamic character of the execution model are emphasized. Students will acquire production Java programming skills. Use of standard Java library packages is illustrated throughout the course. Programming exercises are provided for pursuit between classes. Prerequisite: CACS 247 Introduction to Object-Oriented Programming Using Java or experience with object-oriented programming, including inheritance and polymorphism is required. Those with no object-oriented programming experience should start with CACS 247. Recommended text: The Java Programming Language, Arnold & Gosling.
Dave Rodenbaugh, B.A.
Section 500: Mondays, March 12-May 7 (skip March 26), 6-9 p.m. 8 sessions. Humanities 1B80. $475.

Anna Rivas is taking Application Programming because “I've been interested in moving into programming and I was interested in several languages. This course is short but thorough. I like the hands-on lab aspect—it's not just lecture, I'm actually writing code as I learn. It's a lot to pack into a short period of time but I don't feel it's overwhelming. For me, it's an opportunity to dip my toes in the water, to get a peek at the C++ world without making a semester-length commitment. I like that.”

Advanced Java Programming Language Topics
CACS 447
This course examines Java language features in depth. It presents the basic, coarse granularity and thread lifecycle model with specific emphasis on portability: class thread and related material. This is followed by the fine-grain thread synchronization model for concurrent programming: the synchronized keyword. An inner class is nested within another class; this nesting creates a tight coupling which reduces the usual housekeeping needed for a "helper" class. Reflection lets Java code "observe itself" discovering and manipulating its classes, fields, methods and constructors entirely at run-time. The mechanism enables many powerful dynamic programming techniques. The course will also look at how Java supports serialization for object persistence and object distribution. Prerequisite: CACS 347 Java for Object-Oriented Experienced Programmers or equivalent.
Tom Cargill, Ph.D.
Section 500: Mondays, February 19-March 19, 6-9 p.m. 5 sessions. Humanities 135. $420.

Advanced Java Library Topics
CACS 448
This course examines some Java libraries in more depth. The complexity of the java.io package is turned by understanding its symmetry and use of the (GOF) Decorator design pattern. The java.net section covers both client and server stream and datagram communication using Internet protocols. Other topics will include some of the following: Remote Method Invocation, CORBA, the java.sql package for relational database access based on JDBC, Java native interfaces to allow Java to front-end code in existing C-linkable languages and JINI. Prerequisite: CACS 347 Java for Object-Oriented Experienced Programmers or equivalent.
George Watson
Section 500: Mondays, April 2-30, 6-9 p.m. 5 sessions. Humanities 335. $420.
GUI Programming in Java
CACS 348
This course covers GUI programming for stand-alone applications and applets on web pages, using Swing and the Java Foundation Classes. Fundamental topics include: the SWT, components, events, graphics, images and layout management. Swing topics include: model-view-controller, standard dialogs, menus, toolbars, splitter panes, tabbed panes, and text components, trees, and tables. This is an intermediate level Java course that requires a solid working knowledge of interfaces.
Prerequisite: CACS 347 Java for Object-Oriented Experienced Programmers or equivalent.
Geoff Thompson, M.S.
Section 500: Tuesdays, January 23-March 13, 6-9 p.m. 8 sessions. Humanities 180. $475.

Developing Web Applications in Java
CACS 360
Web applications are a form of client/server program which use a browser to view HTML generated dynamically by a web server interacting with a server-side application. Web applications are the core component of web-based e-commerce and business-to-business transactions. Java is a perfect fit because it enables web applications that are platform and web server independent. Topics include: HTTP, servlet fundamentals and advanced topics, JavaServer Pages using JavaBeans, architectural choices, JDBC and Enterprise JavaBeans. Prerequisites: CACS 347 Java for Object-Oriented Experienced Programmers and familiarity with HTML or equivalent.
Geoff Thompson, M.S., and Greg Holling, B.S.
Section 500: Mondays, January 22-March 12, 6-9 p.m. 8 sessions. Humanities 270. $475.

Java Servlets
CACS 248
Servlets are an extension to the Java Platform that allow Java programs to be run on the server side of a web application. They are a powerful tool for developing dynamic web applications. This course will cover the fundamentals of Java Servlets, including server-side scripting, event handling, and using the Java Servlet API. Prerequisite: CACS 347 Java for Object-Oriented Experienced Programmers or equivalent.
Geoff Thompson, M.S.
Section 500: Tuesdays, January 23-March 13, 6-9 p.m. 8 sessions. Humanities 180. $475.

Perl for Programmers
CACS 250
Perl has become the standard for CGI (Common Gateway Interface) programming on the Web. However, its use may be beyond the scope of this course. This course will cover the basics of Perl, including regular expressions, control structures, and file manipulation. Prerequisite: CACS 347 Java for Object-Oriented Experienced Programmers or equivalent.
Joyce Evans, B.A.
Section 501: Mondays and Thursdays, February 12-26, 6-9 p.m. 5 sessions. University Management Systems 001.
Lynn Schaper, B.A.
Section 502: Tuesdays, April 3-May 1, 6-9 p.m. 5 sessions. University Computing Center 127.
All Sections: $420.

Lecture only; no labs
Extensible Mark-up Language (XML)  CAC 350
Extensible Mark-up Language (XML) is a W3C standard for encoding and self-describing data. It is designed to ease the interchange of diverse types of data across a variety of platforms and applications, including the WWW. This course presents a detailed introduction to XML and its related alphabet soup: DTD (for specifying document types), XSL (for stylesheets), Xlink (for links) and Xpointer (for pointers), DOM (for object tree construction) and SAX (for event-based parsing). The presentation will be technical, suitable for application programmers. Prerequisite: Knowledge of programming (preferably in Java) or CACS 247 Introduction to Object-Oriented Programming Using Java or equivalent. Detailed knowledge of SGML and HTML are not required.
Brian DeCamp, B.S.
Section 500: Tuesdays and Thursdays, April 10-19, 6-9 p.m. 4 sessions. Humanities 1B80. $395.

THE PC AND MACINTOSH SYSTEMS
(All courses on the PC and Macintosh platforms will be listed together in this section.)

Windows 98 Level I  CACP 205
If you are entirely new to the Windows environment, this class will help you explore the many features of this friendly user interface. Learn how to locate, access and organize files, associate files with programs, and open, close and switch between applications. Other features examined include multitasking, properties, plug and play and multimedia. Prerequisite: CACS 10 Computer Literacy or equivalent.
Lisa Kelly, B.A.
Section 500: Tuesdays, February 6 and 13, 6-9 p.m. 2 sessions. Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date). $145.

OFFICE PACKAGES
Word Processing

Word 97 Level I  CACP 213
Learn to create a simple document. Printing, selecting, moving, copying and deleting text, changing fonts and point size and the bold, italics and underline features will be covered. Other topics include inserting special characters, creating bulleted and numbered paragraphs, changing margins, setting tabs, using spell check and the help system. Explore the integrated features including extended filenames, desktop shortcuts and enhanced auto correct. Prerequisite: CAPC 203 Windows 95 Level I or equivalent.
Lisa Kelly, B.A.
Section 500: Thursdays, January 25 and February 1, 9 a.m.-2:30 p.m. 2 sessions. Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date). $180.

Jimmy Do is taking the Dreamweaver class “for work. I build web sites and I’m also trying to get the web site certificate through Continuing Education.” He says the class is excellent, in fact, he likes all of the computer applications classes he’s taken so far.
OFFICE PACKAGES-cont

Word 2000 Level II
CAPC 314
Learn to create a simple document. Printing, selecting, moving, copying and deleting text, changing fonts and point size and the bold, italics and underline features will be covered. Other topics include inserting special characters, creating bulleted and numbered paragraphs, changing margins, setting tabs, using spell check and the help system. Explore the integrated features including extended filenames, desktop shortcuts and enhanced auto correct. Prerequisite: CAPC 203 Windows 95 Level I or equivalent.
Chris Mattson, B.S.
Section 501: Thursdays, February 8 and 15, 9 a.m.-2:30 p.m. University Computing Center 127.
Issy Kilbride
Section 502: Tuesdays, February 20 and 27, 9 a.m.-2:30 p.m. University Computing Center 127.
All Sections: 2 sessions. $180.

Excel 2000 Level I
CAPC 235
Learn basic spreadsheet design and construction, file management, formulas, functions, worksheet editing, formatting and printing. Explore the integrated features of this version including extended filenames, easier number formatting, and enhanced drag and drop. Prerequisite: CAPC 203 Windows 95 Level I or equivalent.
Issy Kilbride
Section 500: Wednesday, March 7, 9 a.m.-4 p.m. 1 session. Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date). $145.

Excel 97 Level II
CAPC 334
Use the search and replace function, the date function, hiding columns and protecting cells using absolute referencing and ranges. Explore the wealth of graphic features! Learn about integrated features such as desktop shortcuts, linking and templates for data tracking, expense tracking and financial planning. Prerequisite: CAPC 234 Excel 97 Level I or equivalent.
Lisa Kelly, B.A.
Section 500: Tuesday, March 13, 9 a.m.-4 p.m. 1 session. Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date). $145.

Excel 2000 Level II
CAPC 335
Use the search and replace function, the date function, hiding columns and protecting cells using absolute referencing and ranges. Explore the wealth of graphic features! Learn about integrated features such as desktop shortcuts, linking and templates for data tracking, expense tracking and financial planning. Prerequisite: CAPC 235 Excel 2000 Level I or equivalent.
Chris Mattson, B.S.
Section 500: Thursday, March 22, 9 a.m.-4 p.m. 1 session. Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date). $145.

Excel 2000 Level III
CAPC 435
Use the database capabilities of sort, filter, advanced filter and subtotals. Use Pivot tables and learn to write and edit macros to automate repetitive tasks. As time allows, popular functions such as IF, LOOKUP, ROUND and others will be covered. Prerequisite: CAPC 335 Excel 2000 Level II or equivalent.
Chris Mattson, B.S.
Section 500: Monday, April 9, 9 a.m.-4 p.m. 1 session. Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date). $145.
Excel 97 Level II-Features Track Online
CAPC 334
The focus of this track is on Outlining, Charting/Graphing, Data (base) Manipulation, Import/Export, and other features. A corollary track called the Math Track covers calculating and checking results. Topics include: review of Excel basic features (Workbook and worksheet manipulation, editing, copying, and moving cells, absolute and relative references, basic formulae, and cell and cell content formatting); charting and graphing results summarizing and outlining information; building, sorting, and extracting information from spreadsheet databases; importing and exporting information. Note: The first week of this course is a review. Individuals who sign up for this course are expected to be comfortable with their skill in the areas covered in the review. The course is conducted entirely online. Prerequisite: CAPC 234 Excel 97 Level I or equivalent. Must have access to WWW ready computer.
Sid Eaton
Section 51W: January 16-February 16. $200.

Excel 97 Level II-Math Track Online
CAPC 334
The focus of this track is on calculating and checking results. A corollary track called the Features Track covers Outlining, Charting/Graphing, Data (base) Manipulation, Import/Export, and other features. Topics include: review of Excel basic features (Workbook and worksheet manipulation, editing, copying, and moving cells, absolute and relative references, basic formulae, and cell and cell content formatting); using Excel functions including math, financial, date/time, logical, and lookup; working with cell reference labels and names; working with tables and arrays; basic auditing/checking your results. Note: The first week of this course is a review. Individuals who sign up for this course are expected to be comfortable with their skill in the areas covered in the review. The course is conducted entirely online. Prerequisite: CAPC 234 Excel 97 Level I or equivalent. Must have access to WWW ready computer.
Sid Eaton
Section 52W: February 27-March 30. $200.

Presentations
PowerPoint 97
CAPC 221
Learn to create, edit and print exciting presentations using built-in features and tips/tricks in minutes! Enhance various slides with ClipArt drawings and user created polygons. Create bar or pie graphs to represent your numeric data and bullet and text charts with snazzy fonts and other attributes. Create sleek organizational charts and work with different color schemes. Prerequisite: CAPC 215 Word 97 Level I or equivalent.
Chris Mattson, B.S.
Section 506: Wednesday, March 7 and 14, 9 a.m.-2:30 p.m. 2 sessions. University Computing Center 127. $180.

DATABASES
Access 97 Level I
CAPC 255
Create and edit databases, manipulate data elements and create summary reports in a few easy-to-learn steps. Build on the principles of good data management and design to enter, organize, access and report virtually unlimited amounts of information. Explore the tips and tricks along with integrated features including object naming, desktop shortcuts, intelligent tables, Queries and improved form and report wizards. Prerequisite: CAPC 203 Windows 95 Level I or equivalent.
Issy Kilbride
Section 501: Mondays, February 5 and 12, 9 a.m.-4 p.m. 2 sessions. University Computing Center 127. $210.

Access 2000 Level I
CAPC 256
Create and edit databases, manipulate data elements and create summary reports in a few easy-to-learn steps. Build on the principles of good data management and design to enter, organize, access and report virtually unlimited amounts of information. Explore the tips and tricks along with integrated features including object naming, desktop shortcuts, intelligent tables, Queries and improved form and report wizards. Prerequisite: CAPC 203 Windows 95 Level I or equivalent.
Chris Mattson, B.S.
Section 500: Wednesdays, February 21 and 28, 9 a.m.-4 p.m. 2 sessions. University Computing Center 127. $210.

Access 97 Level II
CAPC 355
Use your basic skills and concepts to begin to explore more advanced features of Access including action queries and table relationship types, security and rules. The course will introduce the student to the concepts of application development including drop down list, sub-form, command buttons, macros, properties and calculated form and report controls. Prerequisite: CAPC 255 Access 97 Level I or equivalent.
Chris Mattson, B.S.
Section 500: Tuesday, March 6, 9 a.m.-4 p.m. 1 session. Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date). $160.

Steve Van Schouwen is a systems specialist for HBO Constructors in Longmont. He is taking Intermediate Applications programming as part of the requirements for the Programming certificate, a project he's tackled because it will "increase my skill set and allow me to get into new areas." He says the program is great and the labs are excellent: "They've got the latest equipment, the latest compilers." He especially likes the fact that you can complete all of the requirements through evening classes, a real convenience factor for busy people.
COMPUTER APPLICATIONS

DATABASES-cont

Access 2000 Level II
CAPC 356
Use your basic skills and concepts to begin to explore more advanced features of Access including action queries and table relationship types, security and rules. The course will introduce the student to the concepts of application development including drop down list, sub-form, command buttons, macros, properties and calculated form and report controls. Prerequisite: CAPC 256 Access 2000 Level I or equivalent.

Chris Mattson, B.S.
Section 500: Monday, April 2, 9 a.m.-4 p.m.
1 session. University Management Systems 001. $160.

Database Design Concepts
CAPC 357
Learn insights into the processes of planning a database. The class introduces the concepts of "Normalization" and the first three normal forms. Emphasis is placed on the design and use of a flat, unnormalized table converted to related tables of data into a balanced system that can be used for data input and maintenance. Access for Windows will be the application software for lab exercises. Prerequisite: CAPC 255 Access 97 Level I or equivalent and a good working knowledge of the Windows 95 interface. A basic understanding of Excel for Windows is recommended.

Chris Mattson, B.S.
Section 500: Mondays, March 12 and 19, 9 a.m.-4 p.m. 2 sessions. University Management Systems 001. $210.

Relational Database Concepts and SQL Programming
CAPC 358
This course provides an introduction to relational databases and the Structured Query Language (SQL). These topics will be explored using a simulated college registration database. Students in the course will assume the role of data analysts asked to provide college administrators with management information. Considerable attention will be placed on the construction, testing, debugging, and simplification of SQL programs. The course also examines selected topics in the design and development of relational databases, as background for a better understanding of why SQL functions the way that it does. Important notes: 1) This course emphasizes database use rather than database administration; 2) The course utilizes Oracle SQL and SQL*Plus. Prerequisite: CAPC 255 Access 97 Level I or previous experience with databases.

Gary Lewis, Ed.D.
Section 500: Mondays and Thursdays, March 5- April 9 (skip March 26 and 29), 6-8 p.m.
9 sessions. University Management Systems 001. $265.

DESKTOP PUBLISHING

QuarkXPress for Windows 95 Level I
CAPC 273
Create page layouts quickly and easily, manipulate graphics and text in basic page composition functions that are easy to understand and use. The class addresses issues of typography, graphic image file formats and camera-ready production. Prerequisite: CAPC 213 Word 97 Level I or equivalent.

Tim Meehan
Section 500: Tuesdays, April 17 and 24, 9 a.m.-5 p.m. 2 sessions. Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date). $240.

COMPUTER GRAPHICS

Windows Computer Art
CAPC 280
This course is an overview of the various Windows based graphics programs. This course will cover drawing programs in Windows and Microsoft Works. It will include an overview of illustration applications such as Adobe Illustrator and CorelDRAW! Prerequisite: CAPC 203 Windows 95 Level I or equivalent.

Jerry Reynolds, M.S.E.E.
Section 500: Tuesdays, January 23 and 30, 6-9 p.m. 2 sessions. Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date). $155.

Macintosh Computer Art
CAMC 280
Spray cans, paint brushes and buckets of paint appear and disappear. And no mess to clean up when you’re done! Discover electronic graphic design with object-oriented and bit-mapped design capabilities. With training in scanning and laser printing plus instruction in aesthetics of electronic imagery, you’ll be ready to make your own camera-ready images. Prerequisite: students must have a basic working understanding of the Macintosh system.

Barry Ratliff, M.F.A.
Section 500: Thursdays, February 1 and 8, 6-9 p.m. 2 sessions. Humanities 1B35. $155.

REGSTER BY MAIL USING THE POSTAGE PAID ENVELOPEn
Photoshop for Windows 98 Level I
CAPC 282
Learn to use the premier photographic editing application. Learn basic scanning techniques and how best to capture your photos. The basic skills of photo editing are taught in this course. Special attention will be given to web site requirements.
Prerequisite: CAPC 280 Windows Computer Art or equivalent.
Jerry Reynolds, M.S.E.E.
Section 501: Mondays, February 12 and 19, 9 a.m.-4 p.m. Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date).
Section 502: Monday and Thursday, February 26 and March 1, 9 a.m.-4 p.m. Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date).
Thomas White
Section 503: Saturdays, February 17 and 24, 9 a.m.-4 p.m. University Management Systems 001.
All Sections: 2 sessions. $210.

Photoshop for Windows 98 Level II
CAPC 382
Learn advanced photo editing techniques. Sharpen your skills on scanning and image editing. Edit your photos and drawings to achieve professional quality work. Learn pre-press techniques and production techniques. Learn requirements for your own applications. Prerequisite: CAPC 282 Photoshop for Windows 98 Level I or equivalent.
Jerry Reynolds, M.S.E.E.
Section 500: Mondays, March 12 and 19, 9 a.m.-4 p.m. 2 sessions. Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date). $210.

Photoshop for Macintosh Level I
CAMC 283
Learn to use "standard photographic manipulation" of electronic images and how to create special effects using filters, paint tools, masking and image overlay. In addition, investigate output options such as color proofs and separations.
Prerequisite: CAMC 280 Macintosh Computer Art or equivalent. Recommended text: Adobe Photoshop 5.0 Classroom in a Book.
Tim Meehan
Section 501: Tuesdays, February 20-March 20 (skip March 13), 6:30 p.m. 4 sessions.
Section 502: Wednesdays, April 2-5, 6-9 p.m. 4 sessions.

Photoshop for Macintosh Level II
CAMC 382
Expand your knowledge of this application by gaining a greater understanding of its use from a production point of view. Learn pre-press techniques and quality control that can help avoid costly mistakes and time consuming duplication.
Prerequisite: CAMC 282 Photoshop for Macintosh Level I or equivalent. Recommended text: Official Adobe Photoshop 5.0 Studio Techniques, Willmore.
Tim Meehan
Section 500: Saturdays, April 7 and 14, 9 a.m.-4 p.m. 2 sessions. Humanities 1B35. $210.

Illustrator for Windows 98 Level I
CAPC 283
Create and edit lines and shapes, combine them into full color illustrations and add stunning text effects. Work can be printed as proofs or separations, or uploaded for web applications. Learn how to take photos from Adobe Photoshop and integrate them into illustrations using Adobe Illustrator. Prerequisite: CAPC 280 Windows Computer Art or equivalent.
Jerry Reynolds, M.S.E.E.
Section 500: Thursdays, April 5 and 12, 9 a.m.-4 p.m. 2 sessions. Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date). $210.

Jennifer Mueller is a technical writer who does developer documentation for Vidim Systems in Boulder, a company that provides consulting services in the digital television industry. She's taking a few classes in the Programming certificate sequence "to bring my career to the next level and have a better understanding of what it is that I'm doing." She says the first two classes have been "really helpful—every day I learn something I can use the next day at work." Next up? Two Java classes.
COMPUTER GRAPHICS
- cont.
Illustrator for Macintosh Level I
CAMC 283
Create and edit lines and shapes, combine them into full color illustrations and add stunning text effects. Work can be printed as proofs or separations on paper or film, exported as EPS documents to page layout programs or taken directly into Adobe Photoshop. Prerequisite: CAMC 280 Macintosh Computer Art or equivalent. Recommended text: Adobe Illustrator for Macintosh Classroom in a Book, Adobe Press. Rick Hoyt, B.S.
Section 500: Saturdays, March 3 and 10, 9 a.m.-4 p.m. 2 sessions. Humanities 1B35. $210.

MULTIMEDIA
These courses are taught on the Macintosh; however, the applications are consistent on both the PC and Macintosh platforms. Also see Using Macromedia DreamWeaver to Create Web Sites CAGS 434 on page 44 and Motion Graphics Using Flash CAGS 260 on page 45.
Macromedia Director Level I
CAMC 291
Learn the production of interactive multimedia presentations, including animation, still graphics, voice and sound and text and video. A host of other graphics and sound software will be used. Emphasis will be on high quality presentations and finished productions that will run on both Macintosh and PC platforms. Prerequisite: CAMC 280 Basic Macintosh Computer Art or CAPC 280 Windows Computer Art or equivalent. Tim Meehan
Section 500: Saturdays, February 17 and 24, 9 a.m.-4 p.m. 2 sessions. Humanities 1B35. $240.

Multimedia Solutions
CAMC 293
This class introduces the types of equipment and technical considerations used in multimedia productions for CD-ROM and web delivery. The class will explore and be motivated by viewing world-class productions. There will be hands-on experience with graphic animation authoring software. Prerequisite: CAMC 280 Macintosh Computer Art or CAPC 280 Windows Computer Art or equivalent. You must have some proficiency in using a Macintosh since this course will be taught in a Macintosh lab.
William Busch
Section 501: Thursdays, February 15-March 15 (skip March 8), 6-9 p.m.
Section 502: Tuesdays and Thursdays, April 3-12, 6-9 p.m.

COMPUTER AIDED DESIGN
AutoCAD 2000 Level I
CAPC 261
Focus on the 2D drafting features of AutoCAD with an emphasis on setting up new drawings including units, limits, scaling, layers, basic drawing construction and editing techniques and the production of hardcopy. You will also learn how to use template drawings and blocks to complete new projects with much less effort! Prerequisite: CAPC 203 Windows 95 Level I or equivalent. Some understanding of drafting concepts/techniques is helpful. Required text: AutoCAD 2000, No Experience Required, David Frey.
David Kingsley
Section 500: Wednesdays, January 24-March 7 (skip February 14), 6-9 p.m. 6 sessions. Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date). $370.

AutoCAD 2000 Level II
CAPC 361
Topics include semiautomatic dimensioning, dimensioning variables, isoplanar grids, prototype drawings, highly useful but less known commands, compatibility with other software, external references, symbol libraries, crosshatching, attributes, and advanced file management. Prerequisite: CAPC 261 AutoCAD 2000 Level I or equivalent. Required text: AutoCAD 2000, No Experience Required, David Frey.
Michael George, BEng BArch
Section 500: Mondays and Thursdays, April 16-May 3, 6-9 p.m. 6 sessions. Continuing Education Center (CEDU), Room 1B40 (if you require ADA accommodation, you must contact Continuing Education at least two weeks prior to the start date). $370.

Jonathan Root moved from Boston to Boulder with a career change (and skiing) on his mind. A chemist with a Masters degree in Ceramic Science, Jonathan has been programming "for years." He is taking some of the courses toward the Programming Certificate "to brush up, to learn C, and to show that I'm serious about this computer stuff." He may take the Java classes next. His objective is to tune up and expand his skills enough to find work in computer applications and continue to get more training on the job. He's impressed with the classes so far and impressed with the CU computer labs. He says, "I've taken some computer classes at Northeastern--and these are better." Taking classes, he adds, is a good way to meet people and get anchored in a new community.
REAL ESTATE AND APPRAISAL PROGRAM

ARE YOU CONSIDERING A CAREER IN REAL ESTATE?

SEEKING ADVANCEMENT in your current real estate-related occupation? Interested in learning about the real estate and appraisal industry? If so, check us out. Our courses are open to everyone.

KEY PROGRAM FEATURES:
 a fully accredited curriculum of over 40 courses including all of the required pre-license and license renewal courses for the Colorado real estate and appraisal professions,
 a top-notch faculty who work in the profession and who practice what they teach,
 a statewide mandate to serve the entire state of Colorado,
 a "no fear" registration policy which guarantees you a full refund if you are unable to attend the course you signed up for,
 a system of early registration ("early bird") discounts which saves you between 5-20% off the regular course fee.

REAL ESTATE LICENSE REQUIREMENTS
Colorado real estate license law requires that a candidate successfully complete a total of 168 classroom hours, pass the real estate broker's examination, and submit the appropriate licensing application to the Colorado Real Estate Commission. The six courses which fulfill the classroom requirements — NCRE 007 (48 hours), NCRE 020 (48 hours), NCRE 022 (8 hours), NCRE 029 (24 hours), NCRE 032 (32 hours), and NCRE 034 (8 hours) — are described below.

For more information about these requirements, the state exam, and/or the application process, call the Colorado Real Estate Commission at 303-894-2166.

CURRENT BROKERS:
We also offer license upgrade and license renewal courses.

COURSES

NCRE 007 Real Estate Law and Practice
Designed to teach you the practice of real estate and prepare you for the uniform portion of the real estate broker’s examination, this comprehensive survey of the real estate field is also useful to anyone who desires a basic knowledge of real estate. Topics include real property interests, government controls, deeds, contracts, finance and appraisal, as well as fundamental concepts and vocabulary. 48 hours

NCRE 020 Colorado Contracts and Regulations
This practical course introduces you to Colorado’s license law, regulations, and standard contracts, and prepares you for the state portion of the real estate broker’s examination. We will analyze the standard listing contract, sales contracts, the extension agreement, and the counterproposal. Our approach emphasizes thoroughly understanding each clause of a contract and properly completing each type of agreement. 48 hours

NCRE 022 Record Keeping and Trust Accounts
In this one-day, 8-hour course you will learn the proper record keeping procedures required by the Real Estate Commission to maintain and account for funds belonging to others. Topics include legal requirements, special areas of concern, and termination of the brokerage relationship. 8 hours

More courses on next page
NCRE 029 Real Estate Closings
You will learn to properly close a real estate transaction, including understanding your responsibilities as a broker, accounting for all funds received and disbursed, and becoming familiar with all related legal documents. You will be introduced to the 6-column worksheet and will work through at least eight sample closings. 24 hours

NCRE 032 Practical Applications
After learning about real estate principles, regulations, policies, and procedures, this is the course where you learn the realities of working in the profession. It gives you “how to” information on such topics as entering the field, developing your market, establishing a brokerage relationship, showing a property, preparing and presenting an offer, and closing a transaction. 32 hours

NCRE 034 Current Legal Issues
In this one-day, 8-hour course, you will participate in a workshop where you will be applying selected, current real estate statutes and regulations, and discussing important legal issues, developments, and practices. 8 hours

NEW COURSE!
NCRE 099 Exam Preparation
This two-day course will prepare new and current licensees to successfully pass the Colorado portion of the state exam. The state exam is required in obtaining or upgrading a real estate license and may be used in lieu of continuing education credits for license renewal. This course will not provide continuing education credits for license renewal.

APPROVAL LICENSE REQUIREMENTS
Colorado has four classes of appraisers: Registered, Licensed, Certified Residential and Certified General. A Registered Appraiser is an apprentice-level appraiser who may do mortgage work under the direct supervision of a licensed or certified appraiser (who must approve and sign the work). Candidates must successfully complete at least 75 hours of appraisal education and training, including 15 hours of ethics and standards of practice, pass the Level A licensing exam, and submit a licensing application. The three courses which fulfill the classroom requirements are NCRE 200 (48 hours), NCRE 202 (16 hours), and NCRE 204 (32 hours).

Please contact the Colorado Board of Real Estate Appraisers at 303-894-2166 for additional information and clarification.

CURRENT APPRAISERS:
We also offer license upgrade and license renewal courses.

COURSES
NCRE 200 Registered Appraiser: Basic Appraisal Principles and Procedures
This course is the first of our three-course series designed to meet the basic educational requirements for the Registered Appraiser. It covers 48 hours of appraisal fundamentals and prepares the applicant for the state exam. 48 hours

NCRE 202 Standards and Ethics
This course is designed to meet the 15-hour requirement of standards and ethics for the state and federal law, and is the second of our three-course Registered Appraiser series. Using the case method, students will study the 10 Uniform Standards of Professional Appraisal Practice as promulgated by the Appraisal Foundation. 16 hours

NCRE 204 Basic Appraisal Applications: Residential Case Study
This is the third of our three courses leading to the Registered Appraiser license. It requires you to work through the complete appraisal process for a residential property that is currently on the market, and includes a field trip to the property you will be appraising. Topics to be covered (and practiced) include, but are not limited to, inspection techniques, measuring, sales confirmations, comparable analysis, using the three approaches to value, and preparing narrative addenda. 32 hours

REQUEST A REAL ESTATE AND APPRAISAL CATALOG.
For additional information, course dates, locations, registration, or to be added to our mailing list, contact us at one of the following numbers:
Metro Denver/Boulder 303-492-5148

SPECIALIZED PROGRAMS MEET THE NEEDS OF INTERNATIONAL STUDENTS AND MEMBERS OF THE AREA'S HIGH-TECH BUSINESS COMMUNITY.

INTERNATIONAL ENGLISH CENTER
In addition to its intensive, full-time program for international students, the International English Center (IEC) provides evening classes in English as a second language for community residents or interested visitors from other countries. Meeting on Mondays and Wednesdays at a cost of $280 (text included) for seven weeks, the classes are offered at three different proficiency levels - beginning, intermediate and advanced. Courses in practical writing and pronunciation are offered on Tuesdays and Thursdays for $280 for seven weeks. For registration information, visit the IEC at 1030 13th Street or call 303-492-5547.
Web: www.colorado.edu/iec
Email: ieccu@colorado.edu

INTERLOCKEN CENTER
The University of Colorado's Interlocken Center is where the university meets the high-tech pavement, offering world-class faculty, real-world expertise, and premier research facilities to organizations and business professionals. The CU Interlocken Center helps you access the knowledge you need to advance your career. Make the most of your limited schedule with convenient Interlocken classrooms, real-time netcast sessions, on-line study discussion rooms, and results-based curricula.

The Interlocken Center is located at 555 Eldorado Boulevard, Suite 100. Call 303-735-3276 to receive a schedule of courses or visit the web site at www.cu.edu/Interlocken

THE 2001 ALLARD CAPITAL CONFERENCE
- MAY 16-19

Attend the fourth annual Allard Capital Conference in Washington, D.C., a unique opportunity for Colorado citizens to interact with key policy makers, sponsored by U.S. Senator Wayne Allard and the University of Colorado. Past featured speakers include Alan Greenspan, Chairman of the Federal Reserve Board; Supreme Court Justice Antonin Scalia; George Tenet, Director of the Central Intelligence Agency; Arthur Levitt, Chairman of the Securities and Exchange Commission; Alan Hamman, Architect of the U.S. Capitol; and a bi-partisan group of U.S. Senators. Come away from the conference with a better understanding of how our government works and how to affect public policy makers. Participants are responsible for their own airfare and accommodations plus a non-refundable conference fee. Invitations to apply will be mailed in January. Participant selection will be made in March. For more information, call Continuing Education at 303-492-2202.

During any special event, Continuing Education students shall present their registration receipt to obtain parking at no extra charge (Parking Regulation III-D-6a).

Continuing Education students may also purchase parking permits from Parking Services for an additional fee.

University meters are enforced between 7:00 a.m. and 5:00 p.m. seven days a week, including Saturdays and Sundays.

Based on map produced by Student Affairs Communications.
BEGINNING DECEMBER 4, YOU CAN...

1. REGISTER BY MAIL. A postage-paid envelope is located in this catalog. Registration forms are on page 63 for credit, page 64 for noncredit and certificate courses.

2. FAX YOUR REGISTRATION. Fast and easy. Day or night to 303-492-3962. Send page 63 for credit courses. Send page 64 for noncredit and certificate courses.

3. IN PERSON. Come to the Continuing Education Office, 1505 University Avenue, between 8 a.m. and 5:30 p.m. Monday through Thursday (8 a.m. to 5 p.m. Fridays).

4. BY PHONE FOR NONCREDIT AND CERTIFICATE COURSES USING VISA, MASTERCARD, AND DISCOVER. Complete the registration form (page 64) and have your credit card information handy. Then call 303-492-8668 or 800-331-2801 (TTY 303-492-8905).

5. USE CU CONNECT OR THE WEB FOR BOULDER EVENING COURSES. See page 5 for more information.

Costs vary. Tuition is listed at the end of each course description. You may pay by MasterCard, VISA, Discover, cash, or check.

CREDIT PROGRAMS: You can earn academic credit at every level, high school through graduate school. Credit programs include:
- Boulder Evening Credit Classes
- Independent Learning Programs
- ACCESS and High School Concurrent Programs
- Center for Advanced Training in Engineering and Computer Science (CATECS)
- Summer Session

LEARNING FOR LEARNING’S SAKE: PERSONAL ENRICHMENT COURSES: The broad range of noncredit courses offered at convenient evening hours, means no tests, no grades, and no prerequisites. Yet noncredit courses, encompassing both personal and professional interests, are taught by highly qualified instructors. Enjoy non-competitive learning with others who share your interests.

PROFESSIONAL ENHANCEMENT: CERTIFICATE PROGRAMS: To polish skills or acquire new ones, enhance a career or explore another field, Continuing Education offers a full spectrum of programs.
- Computer Applications
- Network Administration
- Programming
- Web Site Design

PROFESSIONAL DEVELOPMENT PROGRAMS: For working professionals to build skills and enhance your understanding of business today.
- Center for Business Education
- Real Estate and Appraisal Program
- International English Center

WHERE ARE COURSES GIVEN? Course locations are given at the end of most course descriptions. Many campus parking lots offer $1.25 parking after 5 p.m. and on Saturdays. Some are free evenings and weekends. The Campus Map gives both building and parking lot locations. To skip parking altogether, take the RTD bus to campus.

CHANGE YOUR MIND? Please let us know. If you withdraw before a course begins, you may receive a full refund. Refer to each program description for refund policies after a course starts.

STUDENT PRIVACY: You may elect to have directory information withheld about yourself which includes requesting transcripts over the phone. To do this, please visit our office or call to receive the form.

SEVERE WEATHER: Classes are held when scheduled. The Chancellor closes the campus only because of extreme weather conditions. Closings are announced on local radio stations. Or call 303-735-5000 for course closing information.

BOOKS AND SUPPLIES: Required for courses are available at the CU Bookstore in the basement of the University Memorial Center on campus. Call us at 303-492-5148 or 1-800-331-2801 if you need help or additional information.

The Department of Equal Opportunity is responsible for educational and employment opportunity, implementation of affirmative action programs, and coordination of Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1973, the Vietnam Era Veteran's Readjustment Act of 1974, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990. For further information about these provisions, or about issues of equity, discrimination, or fairness, write Garnett K. Tatum, Director, Department of Equal Opportunity, Willard Hall, Room 209, Campus Box 144, University of Colorado at Boulder, Boulder, CO 80309-0144, or call 303-492-6766.
